Title:- ST BEDES SOCIAL CLUB, SILLOTH STREET, CARLISLE
APPLICATION TO REVIEW A PREMISES LICENCE BY
CUMBRIA POLICE

Report of:- DIRECTOR OF LEGAL & DEMOCRATIC SERVICES

Report reference:- LDS 42 /09

Summary:-

On 24th February 2009 the Licensing Sub Committee considered an application by Cumbria Police to review St Bede's Club Premises Licence. The decision of the sub committee was to suspend the premises licence for a period of three months and Mr Swailes was to be removed as Designated Premises Supervisor. The sub committee also added further conditions to the premises licence upon re-instatement. The committee of St Bede's Club appealed against the decision.

Following agreement between Cumbria Constabulary and the committee of St Bedes Club, the Magistrates Court remitted the matter back to the Licensing sub-committee to review its decision on the application of both parties.

Recommendation:-

It is recommended the Committee reconsiders the review application in accordance with one of the options set out in paragraph 7 of this report.

Note: in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers:- The Application, written comments from Cumbria Constabulary a copy of which is attached to this report.

To the Chairman and Members of the Licensing Sub Committee on 12th May 2009

1 Review application Licensing sub-committee 24th February 2009

On 24th February 2009, a licensing subcommittee considered a review application in relation to St Bedes Club. After considering the evidence the committee made a resolution in accordance with the minutes **(Appendix 3)**.

2 The appeal at Carlisle Magistrates Court

St Bedes Club appealed against the decision of the licensing sub-committee. On 21st April 2009 the appeal hearing by St Bedes Club was listed at Carlisle Magistrates Court. The decision made was to remit the case to the licensing authority for reconsideration **(Appendix 1)**.

Prior to the appeal hearing an agreement had been reached between the Police and St Bede's Club regarding the future running of the club. **(Appendix 2)**.

3 Developments Prior to the Appeal Hearing at Magistrates Court

Following discussions between Mrs Hillary Holland (solicitor) representing St Bedes Social Club and Cumbria Police regarding the future running of the premises the following issues were agreed:

- Mr Swailes has now been replaced as Designated Premises Supervisor by Diane Spoore
- Miss Spoore has now taken over a lease of the property and Mr Swailes has no input whatsoever as to the running of the premises
- No alcohol shall be supplied after 1130pm on any day in any part of the premises.
- An area outside the patio doors leading into the car park may be set aside for the consumption of alcohol outside subject to the following conditions:-
 - Only plastic glasses to be used in this area
 - A maximum of four tables can be provided in this area
 - There must be a suitable screen around this area at least six feet in height to prevent smokers and others congregating around the exterior of this area to minimise noise disruption.
 - This outside area is to be closed at 1700hrs every day and not used after that time.
 - Subject to the permitted use of this area no customers shall be permitted to take drinks in open canisters outside the premises.

The following conditions imposed by the Sub Committee on 24th February 09 remain unchanged:

- At any time when a private function is being held at the club at least two SIA accredited door supervisors will be employed at the premises both during the function and when customers are leaving the club.

- The CCTV system shall be extended to cover the car park area and front entrance area.
- A designated smoking area shall be located in the South West corner of the car park, clearly marked and identified adjacent to the rear wall.
- The tables and chairs near to the entrance shall be removed.
- No customers shall be permitted to take drinks in open canisters outside the premises, including in the smoking area.
- Take full part in the Pubwatch scheme including being a full member with radio.

7. The Licensing authority must, having regard to the application and any relevant representations, take such steps it considers necessary for the promotion of the licensing objectives. These steps are:
 - (a) to modify the conditions of the licence;
 - (b) to exclude a licensable activity from the scope of the licence;
 - (c) to remove the designated supervisor;
 - (d) to suspend the licence for a period not exceeding 3 months;
 - (e) to revoke the licence
 - (f) Issue an informal warning to the Licence holder and/or to recommend improvement within a particular time

8. POLICY FRAMEWORK

8.1 It is a corporate objective to promote a healthy and safe Carlisle. The determination of an application to review a premises licence in accordance with the Act and its statement of licensing policy, fulfils that objective.

8.2 Paragraph 5.2.1 of the Carlisle City Council statement of licensing policy states 'The authority will view seriously applications for the review of any premises licence where it involves:

- Persistent failure to comply with licence conditions
- Actions or omissions by the licensee (or his staff) which undermine the licensing objectives, particularly where they endanger public safety, expose children to harm or cause public nuisance'.

8.3 Paragraph 5.2.2 goes on to say that the authority will also view particularly seriously, any applications for review where the police have frequently been called to attend incidents of disorder at the premises and there have been frequent sales of alcohol to under age, or persons already intoxicated.

8.4 Guidance is offered to licensing authorities under Section 182 of the Act, by the Secretary of State in relation to the review of premises licences. In particular, the guidance refers to the options available to the authority (see 1.6 of the report), paragraph 5.110 of the guidance states ' In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than a necessary and proportionate response. For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual. Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems which impact upon the licensing objectives'.

8.5 Paragraph 5.111 of the guidance relates to modification of the premises licence stating 'Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Accordingly temporary changes or suspension of the licence for up to three months may be imposed.

This could impact on the business holding the licence financially and would only be expected to be pursued as a necessary means of promoting the licensing objectives. Accordingly, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may

result from a licensing authority's decision is necessary and proportionate to the promotion of the licensing objectives in the circumstances that gave rise to the application for a review'.

9. THE LEGAL POSITION

- 9.1 The licensing authority must determine the application in accordance with Section 52 of the Act, which outlines the circumstances whereby a hearing is required and the options available to the committee when determining the application.
- 9.2 An appeal may be made to the magistrates' court against the decision of the authority by the responsible authority, interested party or premises licence holder, within 21 days from the date of being notified.
- 9.3 Section 52(11) provides that a determination under this section does not have effect until the end of the period given for appealing against the decision, or if the decision is appealed against, until the appeal is disposed of.

10. THE FINANCIAL IMPLICATIONS

None

11. RISK MANAGEMENT IMPLICATIONS

- 11.1 By determining the application in accordance with the relevant sections of the Act, the statement of licensing policy and guidance offered by the secretary of state, the licensing authority is ensuring that the all of the licensing objectives are considered fully.

12. REASON FOR DECISION/RECOMMENDATION

- 12.1 Prior to the appeal hearing date an agreement had been reached between the Police and St Bede's Club regarding the future running of the club **(Appendix 1)**
- 12.2 The decision made at Carlisle Magistrates Court was to remit the case to the licensing authority to review its decision on the application of both parties.
- 12.3 The application will be determined in accordance with the relevant sections of the Act, the statement of licensing policy and guidance offered by the secretary of state

13. RECOMMENDATION:

It is recommended the Committee reconsiders the application in accordance with the options set out in paragraph 7 above.

LICENSING SUB-COMMITTEE 2

TUESDAY 24 FEBRUARY 2009 AT 2.00PM

PRESENT: Councillors Boaden, Mrs Farmer and Morton.

ALSO PRESENT: Councillor Bell was present at the start of the meeting as the substitute Member.

LSC2.01/09 APPOINTMENT OF CHAIRMAN FOR THE MEETING

RESOLVED – That Councillor Morton be appointed as Chairman of Licensing Sub-Committee 2 for this meeting. Councillor Morton thereupon took the Chair.

LSC2.02/09 APPLICATION TO REVIEW A PREMISES LICENCE BY CUMBRIA POLICE – ST BEDES SOCIAL CLUB, SILLOTH STREET, CARLISLE

The Licensing Officer submitted report LDS.22/09 regarding an application for the review of a premises licence in accordance with Section 51 of the Licensing Act 2003 in respect of premises known as St Bedes Social Club, Silloth Street, Carlisle.

In addition to the Council's Licensing Officers, Principal Solicitor and Trainee Committee Clerk, the following people attended the meeting to take part in proceedings:

Personal Licence Holder:

Hillary Holland, Cartmell Shepherd Solicitors
Raymond Swailes, St Bedes Social Club
Dianne Spoor, St Bedes Social Club

Applicant

Inspector Anthony Quinn, Cumbria Constabulary
Sergeant Richard Higgin, Cumbria Constabulary
PC Andrew Minnion, Cumbria Constabulary

The Principal Solicitor outlined the procedure for the meeting.

The Licensing Officer reported that an application had been received from Cumbria Constabulary under Section 51 of the Licensing Act 2003, for a review of the premises licence relating to St Bede's Social Club, Silloth Street, Carlisle.

The review application related to evidence of increased crime and disorder and Public Nuisance as well as concerns for residents' welfare and public safety.

Following the advertising of the review two further representations had been received from residents living in the immediate vicinity of the area.

The Club's solicitor, Mrs Holland, had forwarded letters of support from neighbours in Silloth Street as well as copies of notices and log sheets used within the premises. Mrs Holland had also requested that the Sub Committee consider some further letters of support that she had brought to the meeting. There being no objection from the Applicant, the Sub Committee agreed to take the letters into consideration.

The Licensing Officer then outlined the premises history which included an application to extend the hours of licensable activities which had been considered and refused by the Licensing Sub Committee in 2007.

The Licensing Officer reported the relevant sections of the Council's Licensing Policy Framework which had a bearing on the application and should be taken into consideration when making a decision. He also outlined the relevant National Guidance and reminded Members that the application must be considered, with regard given to the representations made and the evidence given before them.

Inspector Quinn, on behalf of the applicant, then addressed the Sub-Committee. Inspector Quinn asked the Sub Committee if a DVD could be played, the DVD showed an interview with Mr Swailes which had taken place during an unannounced licensed premises check on 8 November 2008.

The Sub Committee and Mrs Holland had no objections to the DVD being played. All parties viewed the DVD recording in its entirety. The recording showed that Mr Swailes had not complied with four conditions as follows:

- CCTV was in use but there was only seven days worth of footage available and not 28 days as required
- There were no door supervisors on duty and the door supervisor who had previously been in post had not been SIA accredited
- Polycarbonate glasses were not in use
- An external door was open while the regulated entertainment was taking place

Inspector Quinn then highlighted the following:

- There had been concerns regarding disorder in Silloth Street and as a result the Premises Licence had additional conditions added to it in April 2007;
- There had been problems with violent crime and public disorder;
- In 2008 a number of residents complained about noise, disorder, broken glasses and litter;

- The Police logs for the Premises which had been submitted to the Sub Committee showed violent crimes, litter, drug use and underage drinking;
- Local Officers had received complaints and as a result two officers conducted an unannounced licensed premises check at St Bedes Club on 8 November 2008. The premises check showed that Mr Swailes had not been complying with all of the conditions that had been added to his licence in April 2007.
- Police had made a further visit to the premises on 11 January 2009 and there had again been no door supervisors on duty;
- The Police wanted the Premises Licence to be revoked
- Although the Police believed that Mr Swailes should be removed as the Designated Premises Supervisor (DPS), there was some concern that because Mr Swailes owned the premises he would influence any future DPS;
- The Police submitted a list of additional conditions, that they felt should be added to the Premises Licence if the Sub Committee was not minded to revoke it, for consideration by the Sub Committee

The DVD had showed that Mr Swailes had believed that the conditions that had been attached to his Licence in April 2007 were only for a period of 6 months and after that time he did not have to follow the conditions. The Chairman asked the Licensing Officer to clarify the situation.

The Licensing Officer stated that the conditions had been voluntary as a result of discussions between Mr Swailes, the Police and local residents. The conditions were attached to the Premises Licence and it had been agreed that they would be reviewed after six months by the Police. If the Police agreed to the conditions being removed Mr Swailes would have to apply for a variation to the premises licence to have them removed. Mr Swailes had not made such an application and, in fact, the Police had carried out a review and decided that the conditions should remain.

In response to a Member's question Inspector Quinn stated that it was understood that there would be an application made for a new DPS at the premises who may be a current member of staff, Police were unsure of Mr Swailes influence over the prospective DPS.

In response to a further question Mrs Holland stated that although Mr Swailes owned the premises and was the DPS, it was St Bedes Social Club and there was a Committee responsible for the premises. Mr Swailes was on the Committee but intended to retire from it.

Mrs Holland, on behalf of St Bede's Social Club, then addressed the Sub-Committee highlighting the following:

- Mr Swailes had not complied with all of the additional conditions but he had genuinely misunderstood the conditions and believed that they were only a requirement for six months;

- There was CCTV in the premises and footage was available as far back as October. Mr Swailes had been unable to work the CCTV properly at the time of the licensed premises check but now understood how to operate the system;
- The Police had not issued any warnings or prosecuted Mr Swailes over the conditions;
- Mr Swailes had left a message with the Police to check if the conditions were only for six months because he was confident they had been removed but they had not returned his call and he had not followed the call up;
- Mr Swailes realised that the conditions had not been changed when the application for review was made and at that point he quickly took steps to comply with the conditions. There was now an accredited SIA door supervisor on duty every Saturday and for every function, the CCTV was working properly and polycarbonate glasses were in use;
- The Police had produced a comparison table of visits to other social club premises but , whereas some of the comparator clubs held only a Club Premises Certificate, St Bedes Social Club held a premises licence, which allowed members of the members to go into the premises. It was felt that the comparison should have been made with other public house premises instead;
- The written complaints from residents appeared to be the result of Police visiting residents;
- Mr Swailes had received written letters of support as a result of a newspaper article regarding the Sub Committee meeting;
- The DVD showed that there was noise inside the premises but when officers left the premises there was no noise discernable;
- The premises provided a good facility for the local community which included a venue for the residents association, a football team and bingo;
- Mr Swailes believed he had a good relationship with the Police and hoped that would continue in the future;
- Mr Swailes bought the premises four years ago and residents did highlight that the premises had become busier. This was because Mr Swailes needed to run a profitable business and he had therefore developed the functions trade which had allowed the premises to grow;
- Mr Swailes had carried out a full management review of the premises which included:
 - hiring Ms Spoor to manage the premises
 - hiring two accredited SIA door supervisors to work on Saturdays and during functions
 - creation of a record of door supervisors start and finish times
 - creation of an incident and refusal register
 - written door supervisor policy
 - proposed installation of male toilets in the function room to prevent guests going through the bar
 - Separate access to a smoking area for the function room

- Guests in the function room were not allowed to take glasses outside and non smokers would not be allowed to congregate outside in the smoking area
- Smokers would not be allowed outside after 11.30pm
- The door that had been opened whilst the Police were in the premises would have a sign placed next to it asking patrons to close the door behind them and a closing mechanism could be considered;
- When there was an 18th birthday party a £200 deposit was taken, all guests had to produce proof of age and guests were searched to prevent them bringing their own drink onto the premises;
- All guests were asked to stay inside the foyer of the premises whilst they were waiting for taxis
- Ms Spoor would take a lease of the premises from Mr Swailes for 2 years and would take over the full running of the premises and wanted to show both the Committee and the Police that the review of the premises licence had been taken very seriously

Ms Spoor addressed the sub committee and stated that she had been the bar manager at the premises since January and had introduced a lot of changes which included no longer hosting 18th birthday parties, although the two bookings for the next month would be honoured. She stated that she had been in the pub trade for 15 years and had 11 years experience as a manager. She had her own pub in Dearham for two years and had previously worked for Wetherspoons. She intended to introduce a food business at the Premises and commented that the functions she had run since her employment at the Club had gone well.

Mrs Holland then answered questions and responded to comments from Sub-Committee Members in relation to the following:

- Although Mr Swailes had understood that the conditions had been removed after six months he kept a door supervisor as he felt it was good practice to have one;
- The premises licence allowed for members of the public to use the function room which held approximately 150;
- The majority of complaints were made when functions were on;
- The concerns of residents had been taken very seriously but there had also been a lot of letters in support of the premises from residents;
- When Ms Spoor took over the lease the business would be hers and Mr Swailes would not be involved in the business
- The Police logs had been taken very seriously. In the past there had been no proper control over people entering and leaving the premises and this would change with the new management of the premises and Police co-operation would be fundamental to this
- Mr Swailes was naive to have believed that the conditions had been removed after six months but as soon as he found out he had been wrong he immediately took steps to put everything in place. He had contacted the Police but made a mistake by not chasing the matter up.

Inspector Quinn clarified that Mr Swailes had left a message for Sergeant Higgin and Sergeant Higgin had contact Mr Swailes and told him in no uncertain terms that the conditions were still valid. He also commented that he did not see how the proposed management changes would affect the levels of nuisance and disorder.

Mrs Holland responded that with good management such incidents should be rare.

At 3.25pm, all parties, with the exception of the Sub-Committee Members, the Principal Solicitor and the Trainee Committee Clerk withdrew from the meeting whilst the Sub-Committee gave detailed consideration to the matter.

The parties returned at 4.05pm to hear the Sub-Committee's decision which was as follows:-

This matter concerned an application by Cumbria Constabulary to review the Premises Licence at St Bede's Social Club, Silloth Street, Carlisle.

The sub committee has considered the application and taken into account the evidence before it. In particular it has listened to the submissions made by:

1. Inspector Quinn on behalf of Cumbria Constabulary
2. Hillary Holland on behalf of St Bedes Social Club
3. Diane Spoor

The Sub Committee has also considered written evidence in the form of statements from police officers and local residents and character references provided on behalf of Raymond Swailes and has taken account of this evidence.

After careful consideration the Sub Committee has unanimously decided to suspend the Premises Licence and remove Raymond Lee Swailes as designated premises supervisor and gives the following reasons:

1. The Sub Committee has had regard to the Licensing Policy, in particular paragraphs 5.2.1 and 5.2.2, as well as the s182 Guidance. It takes seriously any actions or omissions by the Licensee or its staff which undermine the licensing objectives. It further views seriously any applications for review where the police have been called to attend to incidents of disorder at the Premises.
2. The Sub Committee is satisfied that there is a clear connection between the Premises and public nuisance, public safety and crime and disorder, both within the Premises and in the immediate vicinity.
3. Members were therefore of the opinion that at least three of the licensing objectives, namely the prevention of public nuisance, prevention of crime and disorder and public safety, were not being met.

4. The Sub Committee is further of the opinion that there has been a persistent breach of the conditions attached to the Licence, namely condition 2 to retain the CCTV images for at least 28 days; condition 3 that two door supervisors (who must be SIA registered) must work each Saturday evening from 9pm; condition 4 that polycarbonate glasses must be used at functions; and condition 5 that all external doors and windows should be closed when regulated entertainment is taking place.
5. Members of the Sub Committee consider that the cause of this problem is the ineffective management and lack of control of the Premises Licence Holder, Mr Swailes. It considered that it had no option but to remove Mr Swailes as Designated Premises Supervisor. The Sub Committee considered whether alternative measures short of revocation could be applied and decided that a period of suspension would both deter the licence holder from allowing the problems to happen again and would also enable Diane Spoor to make an application to be Designated Premises Supervisor and put in place the changes to the management regime and structural changes which were outlined at the hearing. In view of the seriousness of the nuisance and disorder and the breaches of conditions the Sub Committee felt that a period of three months would be appropriate.
6. Accordingly, the Premises Licence is suspended for three months and Mr Swailes is removed as Designated Premises Supervisor.
7. Furthermore, the Sub Committee considered that, upon resumption of the Licence, the following conditions will be applied in addition to those existing conditions:
 - At any time when a private function is being held at the Club at least two SIA accredited doormen will be employed at the Premises both during the function and when customers are leaving the Club;
 - The CCTV system shall be extended to cover the car park area and front entrance area;
 - A designated smoking area shall be located in the South West corner of the car park, clearly marked and identified adjacent to the rear wall;
 - The tables and chairs near to the entrance shall be removed;
 - No customers shall be permitted to take drinks in open canisters outside the Premises, including in the smoking area;
 - Take full part in the pubwatch scheme including being a full member with radio;
 - No alcohol shall be supplied after 11pm on any day.
8. The suggested condition of a six month review is not appropriate but it is open to either party to make any application they feel appropriate in due course.

The decision would be confirmed in writing and would include details of the right of appeal.

The Chairman added that the Sub Committee's initial instinct, after listening to the representations and reading the report, had been to revoke the licence but they had reconsidered after taking into account the future of the club with the new management regime in place.

Dear Mr Swailes

Re: St Bedes Club – Review of Premises Licence under Licensing Act 2003

I refer to the review hearing in respect of St Bedes Club that was heard at Carlisle Civic Centre on Tuesday 24th February 2009.

The Sub-Committee's decision was as follows:-

This matter concerned an application by Cumbria Constabulary to review the Premises Licence at St Bede's Social Club, Silloth Street, Carlisle.

The sub committee has considered the application and taken into account the evidence before it. In particular it has listened to the submissions made by:

1. Inspector Quinn on behalf of Cumbria Constabulary
2. Hillary Holland on behalf of St Bedes Social Club
3. Diane Spoor

The Sub Committee has also considered written evidence in the form of statements from police officers and local residents and character references provided on behalf of Raymond Swailes and has taken account of this evidence.

After careful consideration the Sub Committee has unanimously decided to suspend the Premises Licence and remove Raymond Lee Swailes as designated premises supervisor and gives the following reasons:

1. The Sub Committee has had regard to the Licensing Policy, in particular paragraphs 5.2.1 and 5.2.2, as well as the s182 Guidance. It takes seriously any actions or omissions by the Licensee or its staff which undermine the licensing objectives. It further views seriously any applications for review where the police have been called to attend to incidents of disorder at the Premises.

2. The Sub Committee is satisfied that there is a clear connection between the Premises and public nuisance, public safety and crime and disorder, both within the Premises and in the immediate vicinity.
3. Members were therefore of the opinion that at least three of the licensing objectives, namely the prevention of public nuisance, prevention of crime and disorder and public safety, were not being met.
4. The Sub Committee is further of the opinion that there has been a persistent breach of the conditions attached to the Licence, namely condition 2 to retain the CCTV images for at least 28 days; condition 3 that two door supervisors (who must be SIA registered) must work each Saturday evening from 9pm; condition 4 that polycarbonate glasses must be used at functions; and condition 5 that all external doors and windows should be closed when regulated entertainment is taking place.
5. Members of the Sub Committee consider that the cause of this problem is the ineffective management and lack of control of the Premises Licence Holder, Mr Swailes. It considered that it had no option but to remove Mr Swailes as Designated Premises Supervisor. The Sub Committee considered whether alternative measures short of revocation could be applied and decided that a period of suspension would both deter the licence holder from allowing the problems to happen again and would also enable Diane Spoor to make an application to be Designated Premises Supervisor and put in place the changes to the management regime and structural changes which were outlined at the hearing. In view of the seriousness of the nuisance and disorder and the breaches of conditions the Sub Committee felt that a period of three months would be appropriate.
6. Accordingly, the Premises Licence is suspended for three months and Mr Swailes is removed as Designated Premises Supervisor.
7. Furthermore, the Sub Committee considered that, upon resumption of the Licence, the following conditions will be applied in addition to those existing conditions:
 - At any time when a private function is being held at the Club at least two SIA accredited doormen will be employed at the Premises both during the function and when customers are leaving the Club;
 - The CCTV system shall be extended to cover the car park area and front entrance area;
 - A designated smoking area shall be located in the South West corner of the car park, clearly marked and identified adjacent to the rear wall;
 - The tables and chairs near to the entrance shall be removed;
 - No customers shall be permitted to take drinks in open canisters outside the Premises, including in the smoking area;
 - Take full part in the pubwatch scheme including being a full member with radio;
 - No alcohol shall be supplied after 11pm on any day.
8. The suggested condition of a six month review is not appropriate but it is open to either party to make any application they feel appropriate in due course.

The decision would be confirmed in writing and would include details of the right of appeal.

The Chairman added that the Sub Committee's initial instinct, after listening to the representations and reading the report, had been to revoke the licence but they had reconsidered after taking into account the future of the club with the new management regime in place.

I must inform you that you have the right of appeal against this decision to Carlisle Magistrates Court within 21 days of receipt of this letter.

Yours Sincerely

Licensing Manager

1.2 Grounds for review

The Police have stated that the grounds for the review are: Evidence of increased crime and disorder, the prevention of a public nuisance as well as concerns for residents welfare. They have provided additional information to amplify this **(appendix B 1-30)**

1.3 The application has been copied and forwarded to the Premises Licence Holder as well as all Responsible Authorities. Further additional details supporting the application have also been forwarded.

1.4 The application has been advertised on the premises, at the Council offices and the Council website as required by statute for a 28 day period.

1.5 Three further representations have been received from residents living in the immediate vicinity of the premises **(appendix C 1-3)**

1.6 Mrs Hillary Holland from Cartmell Shepherd Solicitors represents St Bedes Club and has forwarded a letter of support from neighbours in Silloth Street as well as copies of notices and log sheets used within the premises **(appendix D 1-2)**. A Dianne Spoor will also be in attendance speaking on behalf of St Bedes club.

1.7 The Licensing authority must, having regard to the application and any relevant representations, take such steps it considers necessary for the promotion of the licensing objectives. These steps are:

- (a) to modify the conditions of the licence;
- (b) to exclude a licensable activity from the scope of the licence;
- (c) to remove the designated supervisor;
- (d) to suspend the licence for a period not exceeding 3 months;
- (e) to revoke the licence
- (f) Issue an informal warning to the Licence holder and/or to recommend improvement within a particular time

4 POLICY FRAMEWORK

- 4.1 It is a corporate objective to promote a healthy and safe Carlisle. The determination of an application to review a premises licence in accordance with the Act and its statement of licensing policy, fulfils that objective.
- 4.2 Paragraph 5.2.1 of the Carlisle City Council statement of licensing policy states 'The authority will view seriously applications for the review of any premises licence where it involves:
- Persistent failure to comply with licence conditions
 - Actions or omissions by the licensee (or his staff) which undermine the licensing objectives, particularly where they endanger public safety, expose children to harm or cause public nuisance'.
- 4.3 Paragraph 5.2.2 goes onto say that the authority will also view particularly seriously, any applications for review where the police have frequently been called to attend incidents of disorder at the premises and there have been frequent sales of alcohol to under age, or persons already intoxicated.
- 4.4 Guidance is offered to licensing authorities under Section 182 of the Act, by the Secretary of State in relation to the review of premises licences. In particular, the guidance refers to the options available to the authority (see 1.7 of this report), paragraph 11.18 of the guidance states ' In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than a necessary and proportionate response. For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual. Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems which impact upon the licensing objectives'.
- 4.5 Paragraph 11.21 of the guidance relates to modification of the premises licence stating 'Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Accordingly temporary changes or suspension of the licence of the licence for up to three months may be imposed. This could impact on the business holding the licence financially and would only be expected to be pursued as a necessary means of promoting the licensing objectives. Accordingly, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is necessary and proportionate to the promotion of the licensing objectives

in the circumstances that gave rise to the application for a review'.

5 THE LEGAL POSITION

- 5.1 The licensing authority must determine the application in accordance with Section 52 of the Act, which outlines the circumstances whereby a hearing is required and the options available to the committee when determining the application.
- 5.2 An appeal may be made to the magistrates' court against the decision of the authority by the responsible authority, interested party or premises licence holder, within 21 days from the date of being notified.
- 5.3 Section 52(11) provides that a determination under this section does not have effect until the end of the period given for appealing against the decision, or if the decision is appealed against, until the appeal is disposed of.

THE FINANCIAL IMPLICATIONS

- 6.1 None

7 RISK MANAGEMENT IMPLICATIONS

- 7.1 By determining the application in accordance with the relevant sections of the Act, the statement of licensing policy and guidance offered by the secretary of state, the licensing authority is ensuring that all of the licensing objectives are considered fully.

8. REASON FOR DECISION/RECOMMENDATION

- 8.1 The Licensing Authority has received an application from the Cumbria Constabulary for the review of the premises licence relating to the premises St Bedes Social Club, Silloth Street, Carlisle. They have stated that the grounds for the review are: Evidence of increased crime, disorder and public nuisance. Concerns for residents welfare and the prevention of a public nuisance.
- 8.2 The application will be determined in accordance with the relevant sections of the Act, the statement of licensing policy and guidance offered by the secretary of state

9. RECOMMENDATION:

It is recommended the Committee determines the application in accordance with one of the options set out in paragraph 1.7 above.

On the 05/04/2007 St Bedes social club, Silloth Street, Carlisle was provided with a license to operate as a licensed premises following the designated premises supervisor Mr Raymond lee SWAILES being convicted of serving alcohol after permitted hours. As a result of consultation with the licensing board, Police and local residents SWAILES was granted a license with strict conditions attached to it. These additional conditions were:

- 1) To become a member of pub watch and adhere to the pub watch conditions.
- 2) To install a CCTV system to the satisfaction of Cumbria police. The images on the system to be retained in an unedited format for a period of not less than 28 days.
- 3) Two door supervisors (SIA) to work on Saturday evenings from 2100 hours.
- 4) Polycarbonate glasses to be used in function room for private functions.
- 5) All external doors and windows to be closed when regulated entertainment takes place

CCTV to be fitted no later than 27th April 2007 and conditions 1, 3, 4, to be reviewed 6 moths following license issue.

Sergeant Higgin PS 321 as part of his role acts as a licensing officer for Cumbria Police. When the six month review of SWAILES license was due Srg Higgins liaised with PS 714 Kelly (Carlisle city West community LPT Srg) and it was agreed that conditions 2,3,4 should remain, this decision was passed to the council licensing dept by PS 321 Higgin.

In response to concerns from members of the public and residents of Silloth Street on Saturday the 08/11/08 PC's 1735 MINNION and 1552 HARDING conducted an unannounced licensed premises check at St Bedes Social club, Silloth Street, Carlisle. The visit commenced at 2145 hours. The whole visit was captured on head cam worn overtly by PC 1735 MINNION

The findings are summarised as follows:

Non compliance of point 2 of the license (CCTV) - A check of the CCTV system was made and it was ascertained that the system was only recording images for 7 days in an unedited format not the 28 days as required. The system only had two cameras attached to it one at the front door and one in the function room both these cameras could have been adjusted easily to provide much improved images of persons in he club. SWAILES had a very dismissive attitude towards his CCTV system stating

"No, well I think when I put it in it was like 28 days, do you know what I mean, to be honest with you I never look at it do you know what I mean, its there well like a lot of things its there until something happens and then you've got to go and fucking look at it, do you know what I mean"

The system had the capability to run an additional two cameras but claimed that being in the pub trade was difficult and implied finances were the obstacle in fitting more cameras.

Non compliance of point 3 of the license (Door supervisors) - At the time of the check it would be expected two SIA accredited door supervisors would be on duty at the club. None were working. SWAILES explanation being;

"He's not turned up tonight well to be honest I've sacked him, I sacked him last week because he was stood behind the bar and helping himself to drink"

SWAILES continued *"He was a lad called Phil, he wasn't what do you call it a SIA doorman, but I don't have to have SIA doormen anymore"*

Not only was SWAILES breaching his license but he demonstrated a total lack of understanding concerning the employment of door staff who by law must be SIA accredited, for SWAILES to be so ignorant on this matter is alarming.

Non compliance of point 4 of the licence (Polycarbonate glasses) - At the time of the check it would be expected

SWAILES would be using polycarbonate glasses in his function room, this however was not the case, no polycarbonate glasses were in use.

SWAILES explanation being;

"The only thing I haven't stuck by is the glasses because the glasses is something I totally fucking disputed from the start, how can I serve my customers drink in fucking plastic glasses were a fucking social club do you know what I mean , anyway I didn't have a choice I had to stick to it so I done it, I've still got them there, so after the six month I just used normal glasses that's the only thing I've done, and the doorman I sacked him last week"

Raymond added;

"Wait there look these are the plastic glasses that's the only thing I've given up, alright you've caught us out tonight I haven't got a doorman on but if you'd come a week ago"

Non compliance of point 5 (closure of external doors) - At time of the visit it would be expected that all external doors and windows would be closed, this however was not the case an external door at the rear of the premises was found to be stood wide open, with loud music being played inside the club, SWAILES explanation being; *"That's someone probably gone outside for a fag for fucks sake give us half a chance"*

Again this breach demonstrated poor management of the issues surrounding the club by SWAILES that he allows smokers to stand outside with external doors open when he has provided a suitable place for smokers outside which does not require external doors to be left open when used.

Throughout the licensed premises check SWAILES maintained that points 2, 3, and 4 were not applicable to his license anymore as they had been reviewed in October 2007 and now did not form part of his license. SWAILES could not provide any evidence of the review revoking points 2, 3, and 4 of his license he stated;

"That's something I might have had E-mailed to me but that's such a long time ago I've probably deleted it. I might not have paperwork to back it up but I would think if you spoke to Fred Watson he would think the same as what I think. I would think Srg Higgin would remember the conversation as well. Maybe what has happened is that after the six months these conditions haven't been lifted off, I was under the impression that if things went well if we had no incidents which we didn't then I would be free of the conditions"

Srg Higgin was involved in the review of SWAILES license and at the six month review concluded that points 2, 3, and 4 should remain, this information was passed onto the council licensing panel.

Given the circumstances as described SWAILES was found to be in breach of points 2, 3, 4, and 5 of his license on

the 08/11/08 between 2145 hours and 2210 hours at Silloth Street social club, Carlisle

On Saturday 11/01/09 Silloth Street social club was again visited by police PC 1846 Boustead and PC 1959 Kay attended at 2251 hours and again found there were no door staff present at the club. PC Boustead spoke to the licensee Mr Raymond SWAILES who stated "DUSTY SAID I DON'T NEED DOORSTAFF ON" (SWAILES refers to PS 321 HIGGIN as DUSTY. Since the initial check on the premises on the 08/11/08 SWAILES has contacted Carlisle City council licensing dept to clarify his license conditions. SWAILES had been advised that conditions 2,3,4, and 5 are still applicable and should be adhered to.

No further checks of SWAILES licence conditions were checked on the 11/01/09.

Since the imposition of a strict license to curtail incidents of public nuisance, crime and disorder the police have received continual complaints and had to attend various incidents of disorder at the club. Mr SWAILES has failed to improve the situation at the club and cannot be seen to be taking reasonable steps to resolve the issues.

Local residents many of whom are elderly have complained to PC 1735 MINNION the local community officer regarding the issues of noise and disorder emanating from the club. Local residents believe that the noise and disorder is coming from St Bede's club rather than the Ukrainian Club which is situated on the same street. Much of the residents concerns are for noise and disorder after midnight the Ukrainian clubs opening hours being:

Mon-Fri 1900-2300

Sat 1200-1500, 1900-2330

Sun 1130-2300

During functions the club occasional operates until midnight with the bar closing at 2345 and the club being empty and closed at midnight.

Please provide as much information as possible to support the application
(please read guidance note 2)

To date (25/11/08) since the provision of a strict license to Mr SWAILES on the 05/04/2007, Cumbria police have received 15 calls for service to attend the club. These calls vary from reported assaults including 1 reported GBH, Class A drug dealing (cocaine), 11 reported incidents of anti social behaviour including reported disorder on the street which emanated from the club and required a police officer to use PAVA spray against an offender due to high level of aggression the offender displayed, reported noise complaints and under age drinking occurring in the club.

Attached to file a complete record of the 15 incidents described below;

463-b-100407, report of assault GBH occurring inside club

398-b-270507, PC 1552 Harding detained male inside club in Possession of Class A drug Cocaine, in circumstances consistent with drug dealing/supply.

351-b-05/08/08, report of loud music blaring out of the club at 1659 hours in the afternoon.

11-b-06/08/2008, report of assault ABH occurring inside club.

480-b-17/11/08, report of 2 males and 2 females fighting on the street outside club at 2240 hours at night.

328-b-26/12/07, report of a big fight going on the West end club, Carlisle. Upon police arrival the violence had stopped but large numbers of people were shouting and swearing in a disorderly manner, it was during this incident one male had to be PAVA'ed by a police officer due to the level of aggression displayed by the male. This incident occurred at 2235 hours.

591-b-140308, report of elderly resident of Silloth Street in her 70's being extremely shaken and distressed by drunken patrons of the club banging on her door at 2318 hours at night.

460-B-190408, report of assault occurring inside the club disorder was two females having a drunken verbal altercation inside the club.

137-b-270908, report from local resident of Silloth Street regarding broken alcohol bottles and glasses strewn on the road outside the club at 0845 hours following a large party at the club the previous evening.

10-b-270908, report from local resident of Silloth Street at 0012 hours describing people milling about drunk outside the club and the noise from the club being described as awful.

509-b-260908, report from another local resident of Silloth Street complaining of noise and drunks outside in the yard/car park of the club at 2332 hours.

453-b-260908, report of 80 persons outside the club drinking, smashing bottles and swearing at 2154 hours.

249-b-161108, report of a drunken male having been ejected from the club and acting in a disorderly fashion outside on the street at 1343 hours.

391-b-151008, report of noise disturbance at club, people drinking outside on street, under age drinking, bottles being smashed on the street and people vomiting on the street at 2205 hours. Enqs reveal this to be a Trinity school 6th form party with the likelihood numerous people at the club would be underage aged 16-17.

All the above incidents have occurred whilst Mr SWAILES is the designated premises supervisor and since the imposition of a strict and robust license at the club. The strict license coupled with fit and proper management should mean incidents as described above are a rare occurrence not a regular occurrence.

Residents of Silloth Street have been spoken to by the local community police officer PC 1735 MINNION. A number of community impact statements have been recorded and are attached to the file.

Residents of the street report serious problems associated with the club in summary these issues are;

Noise (music/taxis)

Broken smashed glasses/bottles on the street

Vomit/urine on the street

Fighting and disorderly behaviour on the street

Increased numbers of people drinking and smoking in the car park

Damage occurring to resident's property

Underage drinking

Large parties

Drug taking

Residents have reported fighting occurring outside the club mainly on Friday and Saturday nights this includes the use of weapons.

Residents are having to on a regular basis clean up vomit/urine from there doorsteps and pavement the morning after the club has been open, one resident reports having to dispose of a used condom discarded outside her house.

A common concern of residents is the amount of broken glass found on the street in the mornings this has obvious health and safety issues and one resident has had 3-4 punctures caused by broken glass to her car tyres.

On evenings when SWAILES has had a large function in the club at closing time large numbers of drunken persons converge on he street and this causes the residents some

considerable problems in that the associated anti-social behaviour severely disrupts the quality of life of the residents who believe SWAILES runs the social club more like a nightclub in a quiet residential area of Carlisle which the residents find totally unacceptable.

Attached to the license review application is paperwork pertaining to the previous representations made by police.

Also attached to the application is a comparison table which compares the police calls for service to other social clubs within Carlisle. The figures show that police have attended significantly more incidents of disorder/anti social behaviour, assaults and drug offences at Silloth street social club.

Have you made an application for review relating to this premises before ☐ Please tick yes

If you have made representations before relating to this premises please state what they were and when you made them

Cumbria constabulary have previously made representations relating to this premises. These representations were made following Police entering the club on the 2nd December 2006 following reports of breaches of the licensing act 2003.

Clear evidence was found that offences were being committed and on the 7th December 2006 Mr Raymond SWAILES attended the Carlisle Police station and was interviewed in relation to licensing offences. SWAILES was reported for summons for licensing offences and was subsequently fined at Carlisle magistrate's court for the breaches.

On the 18th December 2006 Police Srg Richard Higgin of Cumbria constabulary registered an objection to the application made by Mr SWAILES for a variation on the St Bedes Social club, Club certificate. The grounds for objection being that an extension of the opening hours and introduction of regulated entertainment would create further noise and disorder and thereby cause a public nuisance, crime and disorder.

As a result of the above police action and intervention on the 05/04/07 SWAILES was provided with a license in respect of the St Bedes social club. The conditions of this license being such that public nuisance, crime and disorder would be minimised.

This however has not succeeded and problems are still occurring, this coupled with SWAILE'S poor management and breaches of the license mean further representations need to be made in the form of a license review.

Please tick yes

- I have sent copies of this form and enclosures to ~~the responsible authorities and~~ the premises licence holder or club holding the club premises certificate, as appropriate ☐

Dear Sir,

RE : St Bedes Social Club Silloth Street Carlisle.

I write on behalf of Cumbria Constabulary to register our objection to the application, made by Mr Swailes, for a variation on the St Bedes Social Club, Club Certificate.

The grounds for the objection are that an extension of the opening hours and the introduction of regulated entertainment would create further noise and disorder and thereby cause a Public Nuisance, Crime and Disorder.

The grounds for the objection are supported by the fact that Police have received continual complaints and have had to attend various incidents of disorder at St Bedes Club.

The incidents that have been reported to the police and have required police to attend the premises for the period 01/01/06 to date and have been recorded on Police incident logs are as follows:

- 28/01/06 23:39hrs Member of Staff at Silloth Street Club reporting "Fight in big room".
- 12/03/06 19:50hrs Local resident reporting a fight outside the Club approx 10 adults.
- 01/05/06 22:15hrs Mr Swailes reporting 3 people fighting using chairs and pool cues.
- 07/05/06 21:27hrs Local resident reporting fight in the yard at club man lying on floor
- 25/06/06 02:20hrs Local resident reporting loud music coming from club.
- 27/08/06 19:51hrs Call from bar staff for assistance to eject persons barred from the club.
- 03/09/06 00:25hrs report of large fight in the car park
- 30/09/06 23:29hrs Resident reporting disturbance at Silloth Street Club.
- 01/10/06 00:10hrs Report of 6-8 persons arguing in Silloth st.
- 26/11/06 00:16hrs club singer requesting ambulance for male who has been assaulted.

Furthermore at 23:54hrs on Saturday 2nd December 2006 Police officers entered the St Bedes Club following reports of breaches of the Licensing Act 2003. There was clear evidence that offences were being committed.

Alcohol was being served from the bar after 23:00hrs otherwise than authorised by the Club Certificate.

The club has been holding regulated entertainment at the premises, on a frequent basis, when not authorised to do so.

On 7th December 2006 The Certificate holder, Mr Swailes attended the Police Station and was interviewed for these offences and has been reported for Summons.

PC 1306 O'Dowd, The local community officer has received letters of complaint, from local residents; regarding disorder emanating from the club He has also received complaints from residents via the local Councillor.

The St Bedes Social Club is located in a residential area of which a number of residents are elderly.

Yours faithfully,

Richard Higgin
Carlisle City Sergeant

I am Police Constable 1306 of the Cumbria Constabulary currently stationed at Carlisle.

At 23:54hrs on Saturday 2nd December 2006 I was on uniform duty in company with PC 1313 Linn, PC 1552 Harding and PS 0321 Higgins. At this time I entered the Siloth Street Club also known as St Bedes Club on Siloth Street. On entering the club I could see approximately 20 people sat at tables with drinks. I could see a female member of bar staff serving two pints of beer to a male. I saw a second male approach the bar to be served. PC Linn went to speak to the Bar Staff member who gave her name as Claire Hill. Whilst he did so I saw a female approach the bar. I saw Claire Hill hand to her a sum of money. I spoke to the female she gave her details as Nicola Kennett. She said that she was a singer and that her stage name was Nicky B. She stated that she had been booked by "Raymond" through an agent and that she gets paid £130. Ahe said that she had performed that night from 9pm until 11:15pm and that it was the third time she had performed at the club that year.

She stated that she sang live to backing track music using speakers and a mini disc player.

I then carried out a check and looked for a copy of the Club Premises Certificate Summary. This was not displayed. I asked The Bar Staff member if I could see a copy of the Licence she replied that they didn't need one as it was a club.

I seized from the notice board a poster advertising coming event "Rue and the Rockets".

I asked Claire Hill to contact the Licencee, Raymond Swailes. She stated that she had spoken to his wife and she could not raise him as he was drunk.

I left the premises at 00:23hrs.

At 12:12hrs On Thursday 7th December 2006 I commenced a taped interview of Raymond Swailes During the interview Mr Swailes produced a document headed 'PRS Music Certificate' I have photocopied the certificate and can produce this in court if required marked exhibit RPO1.

The interview was suspended at 13:03hrs to allow tapes to be changed and for Mr Swailes to consult with his solicitor. The interview resumed at 13:13hrs and concluded at 13:25hrs Tape Reference No's 03XA/26/06/01 & 03XA/26/06/02 I can produce the tape record of interview in court if required marked exhibit RPO 2.

At the end of the interview I reported Mr Swailes for the offences of

Carrying on a licensable activity regulated entertainment and supply of alcohol from club premises otherwise than authorised contrary to section 136 licensing Act 2003

Failing to Produce a club premises certificate on request to a constable or authorised person

Failure to ensure that the club premises certificate or a certified copy is kept at the premises.

Failing to ensure that a summary of the club premises certificate or a certified copy thereof is prominently displayed at the premises.

The defendant was cautioned (now) after which he made no reply.

I have since transcribed the record of interview and can produce this in court if required marked exhibit RPO3.

I am Police Constable 1735 MINNION of Cumbria Constabulary currently stationed at CARLISLE Police station.

On Saturday 8th November 2008 I was in full uniform wearing a headcam working in company with PC 1552 HARDING when at 2145 hours we attended SILLOTH STREET SOCIAL CLUB, SILLOTH STREET, CARLISLE to conduct a licensed premises check at the location. I recorded the entire visit on my headcam and can produce a master DVD of the visit as exhibit ASM/01.

Upon entering the club via the front and main door there were approximately 5 persons stood outside the front door of the club smoking, none of these persons were displaying an SIA door supervisors badge and at the front door there was no sign of any door supervisors.

I entered the club and was met by the designated premises supervisor Mr Raymond Lee SWAILES in the bar of the premises. SWAILES lead us to a corridor between the bar and the function room so we could speak. I stood and spoke with SWAILES at the top of a set of stairs next to an external door which was stood wide open.

During the licensed premises check I found SWAILES to be in breach of the following conditions.

- 1) His CCTV system in the club observed by myself on the 11/08/2008 did not retain images in unedited format for 28 days, by SWAILES own admission his CCTV system was storing images for only 7 days.

2) SWAILES had no door supervisors working as required on a Saturday evening from 2100 hours, namely Saturday 08/11/2008, SWAILES by his own admission had been using only one door person not SIA accredited.

3) SWAILES by his own admission was not using polycarbonate glasses in his function room for private functions in the club.

4) SWAILES had an open external door at his club on Saturday 08/11/08 whilst music and entertainment were ongoing inside the club.

During my conversation with SWAILES he admitted to operating his club as described above but claimed this did not constitute a breach of license as he believed the conditions described above had expired from his license in October 2007. I myself witnessed all the above breaches except number 3. During the premises check I did not enter the function room.

From exhibit ASM/01 I have produced contemporaneous notes of my conversation with SWAILES as exhibit ASM/02

I am Anthony Quinn Inspector 430 stationed at Carlisle where my role is Inspector City West responsible for the policing on the West side of Carlisle City. My area covers Silloth Street which is where St Bedes Social Club in Carlisle is located. Previously I have worked as the City Centre Inspector and part of my role then was dealing with licensing issues, I am aware of previous problems at the St Bedes Social Club which needed intervention by the police and resulted in strict conditions being placed on the licence of St Bedes Social club, I am also aware that the man running the club is the same now as it was then Mr Raymond Swailes.

Silloth Street is a residential area of the City which is heavily populated with mainly terraced houses on narrow cobbled streets, it is situated near to the junction of Caldewgate and Wigton Road in Carlisle, it is in the Castle Ward of the City and recent crime figures from Cumbria Police for that area show that the crime rate for that area is high, the rate of anti-social behaviour is high and the rate of violent crime is high, although the amount of crime is falling the rates in this area are still higher than the national average. This information is readily accessible on Cumbria Police website. The Castle Ward also incorporates the North and East of Carlisle City Centre.

Another Social Club is also located in Silloth Street figures compiled by Cumbria police will show that between 5th April 2007 and 25th November 2008 the police responded to 16 calls for service at the St Bedes Club at the other club in Silloth Street in the same period the police responded to only 1 call. There appear to be 10 Social clubs of a similar nature in Carlisle in the period mentioned some clubs did not require any police service at all. In the

Continuation of Statement of

Anthony Quinn

No. 2 of 3

period mentioned there were calls for service on 16 occasions at St Bedes Club, in the same period the total calls for service for the other 9 Social Clubs together were only 16.

Amongst the licensing objectives are the prevention of crime and disorder and the prevention of public nuisance, I can produce incident logs from the Cumbria police command and control system which logs all incidents reported to the police showing there has been drugs misuse, assaults and disorder on the premises, I can produce logs that show the neighbours are inconvenienced by noise nuisance and anti social behaviour and incidents of underage drinking have been investigated.

Mr Swailes has had every opportunity to ensure his club is managed in the correct manner and has had support from both the licensing department and the local police, what is more worrying is that he appears to think he is getting picked on and that the St Bedes Club is run no different to any others, the incident logs and the figures provided show that St Bedes does have more calls for service it must be run differently to other clubs and as he is the manager he is responsible. Mr Swailes has shown that he cannot consistently run the St Bedes Social Club to the same standard as other local Social Clubs and therefore I request his personal licence and the premises licence is revoked

I am Sarah BOUSTEAD Police Constable 1846 of Cumbria Constabulary currently stationed at Carlisle Police Station. At approximately 22:51hrs on Saturday 10th January 2009 I was in full uniform on mobile patrol in company with PC 1959 KAY when we attended Silloth Street Social club regarding licencing. We entered the club and observed that there were no doorstaff present. Whilst inside I spoke to the licensee Raymond SWAILES and asked him where the doorstaff were. He replied 'DUSTY SAID I DON'T NEED DOORSTAFF ON'. I explained that we were there on behalf of another officer and we then left the premises. The club didn't seem too busy and there was some entertainment on in the main room.

I am the above named person and a resident of Silloth street, Carlisle. I live in close proximity to St Bedes Social club also known as Silloth street social club on Silloth street, Carlisle.

I am aware the owner of the club is man called Raymond Swailes. Swailes has owned and ran the club for approximatley 2-3 years I cannot be sure when he took over the club. Since Swailes took over the club a whole host of problems have emerged on Silloth street all associated with the social club. I have been a resident of Silloth street for in excess of 50 years and I have never known it be so bad in the area since Swailes bought the social club.

Immediatley since Raymond Swailes began to run the club I began to suffer from problems outside my house. Vomit and urine on the pavement up against my door and generally vomit and urine on the street near to the entrance of the club. My wooden gate has also been damaged as two males were fighting in the street and fell through the gate.

When there has been a private function in the club and on normal nights I have often found broken beer bottles, broken glasses and discarded food in my rear garden. These items have been thrown over my garden wall from the club and could easily of caused me serious injury if they struck me.

In the first year of Raymond owning the club this is the kind of behaviour I used to be faced with on a regular basis, on a Friday/Saturday night it was always much worse.

After owning the club for about one year Raymond was prosecuted for serving alcohol after hours. Following this myself and other residents became involved in the consultation process with regards to Swailes licence. We all objected to Swailes being given a license but ultimately in April 2007 he was given a licence with strict conditions.

Continuation of Statement of

Since April 2007 things improved for only a few weeks then the old problems came to a head again.

In June/July 2007 the smoking ban was introduced and Swailes put a number of tables in his car park for his customers to use. The consequence of this is that large numbers of people gather in the car park of the club, on a Friday and Saturday night there can be upwards of 30-40 people in the carpark all smoking and drinking. They drink outside out of glass containers which often get smashed causing a terrible mess on the street and also causing a lot of noise late at night.

Another problem is when the club closes, often large numbers of people gather at the entrance of the car park on Silloth Street waiting for taxis, these persons bring with them drinks from the club and when the taxi arrives they throw the bottles and glasses on the floor creating mess and loud noise.

The large numbers of people also urinate and vomit on the street and it is the residents of Silloth street who have to tidy up this mess in the morning. I personally have to on a regular basis clear up urine and vomit from around the doorway to my house which I find unacceptable.

Since Raymond has owned the club I have raised my concerns with him on a couple of occasions. He has always listened to me but I've never seen him take any positive action or improve things. Raymond told me he would stop having 18th birthday parties at the club but he still does and this leads to lots of problems with drunken youths on the street. Another problem is the foul language which is used by people in the car park, I can only describe this language as obscene and offensive. I have also heard a number of fights occurring in the car park.

All of the above has an extremely negative effect upon my quality of life. I have reported some incidents to the police but have become disgruntled with the response.

Things have got so bad that on some Friday and Saturday nights I can't stay in my home and I have to go and stay with my daughter. It is embarrassing to have friends and family at my house some evenings because of the disturbances and noise from the club. Swailes seems to please himself and runs the social club as a night club in a residential area having no regard for the residents. He seems quite happy to serve alcohol until people become very drunk and cause problems for the local residents. I know other residents have also been disturbed by Swailes irresponsible attitude to running a club.

Continuation of Statement of

The youths were running around vomiting and urinating on the street as well as smashing bottles and glasses on the street. All these people kept coming and going from the direction of the club. I assumed Raymond was entertaining an 18th birthday party in the club. The drunken behaviour and numbers of people on the street was large so I called the police to disperse the crowds, I could hear them from my house and the language on the street was appalling.

This event at the club and the problems associated with it was by no means unusual and occurs on a regular basis. After this night on the 15th October I had to with my neighbours help clean the street up of broken glasses and bottles.

My main issue with the club is just the general noise and poor behaviour of the people who use the club. This club operates like a nightclub party venue and causes a great disturbance to the residents of the street who should not be disturbed by the irresponsible actions of Mr Swales who clearly can't control the persons who use his club.

I am the above named person and am a resident of Silloth Street, Carlisle. I have lived on the street for 40 years.

During this time a social club has operated on the street, at present this club is known as St Bedes social club or Silloth Street social club. There have never been any great problems associated with the club until approximately 3 years ago when Mr Raymond Swailes took over running the club. Since the club has caused no ends of problems for the residents on the street.

In summary the main issues that effect me from the club are noise, broken bottles and glasses being discarded on the street, people urinating on the street and generally drunken and disorderly behaviour used by people when they leave the club. The peak times for trouble seem to be Saturday evenings and Sunday afternoons.

It is a regular occurrence that at least on one Sunday morning in three I will have to clean up broken bottles and glasses from outside my house. This broken glass is also dangerous for children who walk along the street to go to school.

Historically and more recently I have noticed pools of urine on the street near to my house, when people leave the club they appear to use Silloth Street as a public toilet.

In the summer of 2007 one evening at about 2300 hours I heard a lot of noise from directly outside my living room window, I opened the front door only to be confronted by two people having sex on my front window ledge. I was shocked by what I was seeing and shouted at them to clear off. I have also historically found discarded condoms on the pavement outside my house and again it is me who has the unpleasant task of cleaning up this mess.

Continuation of Statement of

On a Saturday night Swailes often has loud parties at the club. This seems to attract lots of younger people and at closing time large numbers of drunken people congregate on the street waiting for taxis and lifts home. Sometimes fighting occurs and the general disorderly behaviour is terrible. The shouting and swearing I sometimes hear is terrible. Since the smoking ban problems at the club have also been worse, now people seem to congregate outside in the car park/yard of the club to drink and smoke. This creates a lot more noise at the club which can be heard along the whole length of Silloth Street. Now I can not go to bed with any windows open because of the noise it is impossible to sleep through. I have even on occasion taken to wearing ear plugs to block out the noise.

On a Sunday afternoon Swailes seems to have people attending the club to watch sporting events on the TV. People seem to sit outside and watch the TV, large numbers of people are drinking cheering and shouting at the telly, and because they are sat outside it is very noisy for the residents on the street.

I would describe the club as terrible its managed in a terrible way and this has a direct impact on my quality of life, because of the club my quality of life is poor. I am now 75 and would like to be able to live out the rest of my life in peace. The manager and people who use the club have no respect for the people living on the street and this situation must not be allowed to continue.

(supply witness details on rear)

I am the above named person and a resident of Silloth Street, Carlisle. I have lived on the street for 16 years and during this time there have never really been any problems associated with Silloth Street social club until about 3 years ago when a male called Raymond Swailes took over running the club. Since Swailes has been running the club there have been numerous incidents occurring which have a negative effect upon the residents of the street. In summary the problems are noise, broken glass on the street, fighting on the street, people drinking outside and drug taking.

From my house I am directly effected by the issues at the club. The peak times for problems are evening weekends and summer weekend days.

The noise which comes from the club is loud music people shouting and cars revving there engines. This noise is often so bad that it keeps me awake all night. On a weekend when the club shuts large numbers of people can congregate outside on the street waiting for taxis. These people are drunk and often have bottles and glasses of drink with them, they continue to drink on the street whilst waiting for taxis and they smash the bottles and glasses on the street when the taxis arrive. The groups of people on the street being drunk are very loud and the noise and foul language is terrible. The club is not double glazed and when music is being played it can clearly be heard along the entire length of the street.

On a Sunday morning or Saturday morning my husband often goes outside onto the street to sweep up broken glass. My car has received about 3-4 punctures from broken glass in the last 3 years. It is unacceptable that the residents should have to clean up weekly after Mr Swailes, not to mention the loud noise the breaking glass makes.

I also often see fighting occurring on the street outside the club, this usually happens when a function is taking place in the club on a Friday or Saturday night. I have once seen a male fighting and he used what I would describe as an extendable stick to hit someone with. When people leave the club they seem to use Silloth Street as a toilet. This is a big problem and I often see men urinating on the street during the day and night.

I have seen men urinating on the street during the daytime which is unacceptable because children live on the street and use the street to walk along going to and from school.

I have on occasion had to clean up vomit and urine from my front door step which again is totally unacceptable.

I have also seen people in the car park of the club sniffing powder from the back of there hands, this appears to me to be an open form of drug taking which I see occurring often. There is no effort to disguise what is going on the drug taking is done openly so Swailes must know what is happening. When the football season is on large numbers of people are outside in the yard of the club watching the match through open doors. Because the doors are open the TV can be clearly heard and the crowds of people outside are drunk and rowdy. Since the smoking ban a number of picnic tables have appeared in the car park of the club. This has attracted people to drink outside and this again creates more noise from the club. Living in close proximity to the club is difficult and annoying. The noise from the club is disturbing my life at home and just in general the disorderly behaviour which is associated with the club should not be allowed to occur in a residential area and Swailes seems totally unconcerned with the effect his club has on the residents of the street.

CCTV, two door staff SIA accredited to work Saturday evenings from 2100hours, to use polycarbonate glasses in your function room for private functions, and like you said noise all external doors etc to be closed when the clubs open" |
| | RLS | " So to be honest with you I've got it all sorted, that's when they cleared the license, I've got CCTV which I can show you right now I can show you it recording, right the polycarbonate glasses, right all this was for six months everything was for six months so we now don't do the polycarbonate glasses we had some I can show you them they were for that room there, and the pub watch which was" |

| | RLS | |
| | 1552 | Someone's probably gone outside for a fag for fucks sake give us half a chance |
| | 1735 | How long should it be recording for the CCTV Raymond? |
| | | Raymond it is stipulated in your contract that the CCTV shall record images in an unedited format for a period of not less than 28 days |
| | RLS | To be honest I never ever, ever look at that It was 28 days I don't know what happen to it I will get that sorted. |
| | 1735 | Raymond if we put the issue of six months to one side that is recording for seven days that is storing images for seven days Its not doing the 28 days as it should be as stipulated in your license, again putting the six month issue to one side two tow supervisors SIA accredited to work on Saturday evening from 2100 hours, we haven't got that this evening. Polycarbonate glasses to be used in your function room for private functions, by your own admission that isn't happening because it's a social club and you don't want to serve your customers with polycarbonate glasses. Finally all external doors and windows to be closed when entertainment takes place and you have got the door open at the back there which we have seen tonight. So Raymond as far as I can see these stipulations that were put in your license back in April 2007 as far as I understand it they have to be maintained indefinitely until they are changed. |
| | RLS | Well when we done it when we were all sat down they were all for a six month period and if we were to have a six month period right then they were all to be lifted. |
| | 1735 | Do you have any paperwork or documentation to that affect? |

| | | Below is a contemporaneous record of conversation with Mr Raymond SWAILES during a licensed premises check at Silloth Street Social Club time ago I've probably deleted it. I might not have paperwork to back it up but I would think if you spoke to Fred Watson he would think the same as what I think. I would think Srg Higgin (Dusty) would remember that conversation as well. Maybe what hasn't happened is that after the six months these conditions haven't been lifted off, I was under the impression that is things went well if we had no incidents which we didn't then I would be free of the conditions. |
| 1735 | | Raymond, I have walked in tonight at 2145 in the evening and as far as I can see none of these conditions are being adhered to, you haven't got your door staff, you haven't got your CCTV, you not using your plastic glasses and you have an external door open that to me constitutes a number of breaches of your license and you as a licensee are responsible for making sure that this club is running as bound by the conditions of the license on our initial finding tonight that is not happening so I will have to report back these findings to Dusty and Fred Watson. |
| | RLS | The thing is why are you here? |
| 1735 | | It's a licensed premises check and lots of pubs and clubs in the town get checked and we do licensed premises checks. |
| | RLS | I'm sure you do |
| 1735 | | When was the last time you had one down here? |
| | RLS | I can't remember |
| 1735 | | Exactly it's been a long time so your probably due one which is why we are here tonight just to make sure things are just as they should be. |
| | RLS | Yeah I know but is it I'm due one or due you think there is something going wrong, is that why you've come round. |
| 1735 | | It's simply a license premises check these thing happen on a random basis? |
| | RLS | Is Dusty working now? |
| 1735 | | No, I'll send him an email and let him know what we have found here tonight and I imagine he will be in contact with you |

| | | Below is a contemporaneous record of conversation with Mr Raymond SWAILES during a licensed premises check at Silloth Street Social Club and we've not had barely anything for the last two year so I think its harsh to have these things which I did'nt know we had against us . |
| 1552 | RLS | But I you have got conditions.... |
| | | But I haven't in my eyes |
| 1552 | RLS | Let me finish if you have conditions on you Ok as a license you should be really, Look if you don't want to use polycarbonate glasses, after six months you go back and ask for it to be dropped not just drop things yourself do you know what I mean. |
| | | Yeah but I was under the impression that everything was for six months, simply as that. |
| 1552 | RLS | But you said I've not been using them at all. |

| 1552 | RLS | Raymond its not a punishment conditions are not put on as a punishment they are put on for safety, now if you think that by lets say not having door staff |
| | | Hold on a minute, I had these on for six months right and I've done it, I've done my six months |
| 1552 | RLS | But its not a punishment that's what I'm trying to get at |
| | | Yeah your right so we need not argue about it right I've done me time I'm happy so the dispute now is weather I'm right that it was just for six months now Dusty and Fred Watson know fine well right that when we done it right they said this is what we will agree to right and we will give you six month, that's gospel. |
| PC 1735 | | Raymond that isn't clear, that isn't stated in the copy of your license issued by Carlisle city council the conditions have been put on you for an indefinite period of time until they came up for review by you or the police in front of the licensing panel. This letter is with reference to the noise regarding the proposed changes wanted by the police to the licensing of St Brides Social Club, Sutton St Cardale. We fully support the actions proposed by the police.

We suffer many evenings of trouble after functions in the club with excessive noise, breaking bottles, glasses, urinating in residents doorways and personally have had a young drunken couple throwing full sex while leaving

With regards to Silloth
that Social clubs application for
extension of license we are against
it for the following reasons. Roadside
people vomiting in the street creating
in gardens bottles and glasses left
on walls or smashed all around
which indicates there is no care on
the door to stop people bringing
drinks out. Since the smoking ban
they have tables in the yard so
you get noise all night. When it's
day not just home time litter
ie. paper cigarette butt which blow
all about the road parking of cars
left in residential parking area and
residents can't get parked

Yours Sincerely

Jane and Hugh Brady

These problems are increased
because we have not one but
two clubs in a residential area.

To whom it may concern,

I would like to write to give my support to Mr Raymond Swailes and the Silloth Street Social Club. My husband and I have been attending the Silloth Street Social Club for 40+ years and have never been unhappy with the service and the atmosphere inside the club. Silloth Street Social Club is made up of members who all seem to get along well with each other, consisting of both the younger and older generations. The club has its own football and darts team which shows good community spirit and team work within the club as well as a sense of belonging.

It has been brought to our attention in the club that there have been a number of complaints made against Mr Swailes and the Silloth Street Social Club. I however cannot believe that the residents of the surrounding area can be justified into thinking that it is only that of Silloth Street Social club is to blame for causing disruption to the area. The club is situated in an area made up of 3 public houses, 2 social clubs, one being itself and the other one that is situated next door, along with 2 restaurants as well as 5 takeaway eating places. It is believed that Silloth Street Social Club is the cause for rubbish appearing in neighbour's gardens; however the houses surrounding the club do not have gardens so I do find this very hard to believe and I can't understand what kind of rubbish this would be as the club does not serve food to eat in or takeaway. The rubbish could have been thrown from a number of people who can pass these houses at any time of the day or night.

Another complaint which was said to have been made is the fact that there was supposed to be around 100 people standing outside smoking in the yard of the social club. This I also find hard to believe as it is very rare, unless there is a party or an event on in the social club that there would be 100 people drinking there at any one time, never mind them all deciding to smoke outside at the same time.

My final point considering the complaints is that of the one made about vomit being found on the doorsteps of the surrounding houses. I cannot see how neighbours can give good reason for the vomit being directly associated with that of the Silloth Street Social Club as there is also another Social Club situated right next door. The street is

App. D1

also a through fair for people who may be walking home from the other social club, the local public houses and restaurants as well as the town centre, which on a weekend is very busy with people going to bars and nightclubs. The vomit could therefore have come from a number of different people who just happen to be passing the houses and feel unwell.

I would like to finally say that it would be of immense disappointment for myself, my husband, other loyal members, as well as many other people in the community if Silloth Street Social Club was to be closed down. The club is a place where people can gather to meet one another, it is where people can come to play snooker, can play pool or darts. It is a place where children are able to have Christmas, Easter and Halloween parties, which are annual events held by Mr Swailes and these events, are often very popular and enjoyed by the kids. It is a place within the community where people are able to come and watch football matches and other sporting events which are shown on the screen most if not every week. It is also a place which holds regular different entertainment acts which are always quite popular amongst the members of the club. It is a place where people are able to celebrate birthdays, weddings and christenings as well as funerals. And finally it is also a friendly and close-knit club with a nice atmosphere which would most definitely be greatly missed.

Yours Sincerely

Mrs Mary Earl (73) wife of George Earl (77).

Dear Mr Watson

Re: Mr Raymond Swailes, St Bedes Social Club Silloth Street, Carlisle

We are writing to you to voice our support for Mr Swailes. He is a valuable member of our community and regularly donates a room in the club for us to hold meetings of the Shaddongate Residents Association. He also supports people in the area in their fund raising efforts by giving rooms free of charge for charity events.

During the floods which devastated a large part of our community he provided a safe environment for people who were made homeless. He offered a place to sleep, hot drinks and food to people who had nowhere to go.

Mr Swailes provides employment at the club for eight people which is extremely valuable given the current economic climate.

We hope you will take the time to consider our letter of support.

Yours sincerely

Dear Sir/Madam

I am writing this letter in support of Raymond Swailes, I am local resident whom lives on Hawick Street some 50 – 60 yards from St Bedes Social Club I use the club on a regular basis as I play pool on Wednesday nights and play for the football team on a weekend

Raymond has always had the respect from all of the members, as he has kept the premises from getting some of the cliental you would not want to socialize with and where you would find in some of the other pubs in and around the Caldewgate Area

Raymond has on numerous occasions refused entry to some of the so called hard men of the Raffles estate when others licensees have opted for the easy root and letting them in. this resulting in people threatening him on many occasions when he is away from the premises in front of his wife and children, he has also had his cars and vans vandalized both at the club premises and at his home address all because he has refused these people

Taking all of the above into account I think we would all agree that no one deserves the treatment that Raymond and his family have been subject to over the past few years. So for the police to come and say he is unable to run his premises in the right manner I feel is an absolute insult to Raymond.

Regarding noise coming from the club I have never in my whole time of living here have had any problems with noise broken bottles and crowds of people passing my house.

Yours faithfully

Dear Sir/Madam

RE: REFERENCE IN SUPPORT OF RAYMOND SWAILES & ST BEDES CLUB

I am writing this letter in support of Raymond Swailes and the St Bedes Social Club as I am a local resident who lives about 40 yards from St Bedes Social Club. I have been a resident since 1999 and have used the club to socialize in since January 2005. I currently use the club on a regular basis both week days and weekends depending on my shift pattern at work.

The reason I use the social club is that as a single professional female I am always made to feel welcome from both staff and management and always feel safe in the surroundings and where I can invite friends and colleagues to have social events and meetings in the safety of the club.

I can honestly say as a local resident and a member of the club I feel that the club is ran in a very professional manner where the club members and visitors are encouraged to respect the local residents in the reduction of noise and public safety.

Yours faithfully

To Whom It May Concern:

My good friend Raymond Swailes informs me that our local club (silloth st social club) is under threat due to certain matters. I can honestly tell you that Raymond has tried really hard running the club by banning most of undesirables & making it a decent place to go. I know there have been incidents, but Raymond always handles it well by banning the people involved. The club has a great community spirit with plenty of the older generation feeling safe & enjoying a pint etc. I play pool & football for the club with many decent people & it would be a crushing blow if the club were to be shut down especially with the lack of social clubs in the area.

To Whom It May Concern

I am writing this letter after reading the article in the press on Saturday 22nd February and to voice my opinion with regards the St Bedes Social Club.

I have to say that I was very shocked at what the press had to say regarding the large scale fights, sex on the street and excessive noise and disorder, I have lived here next door but one to the club for 35 years and have never had any troubles with the club

On rare occasions since the smoking ban there has been slightly more noise than before however I think how it was made to look in the paper was very exaggerated and blew out of proportion. I have never seen or herd of any large scale fights.

My partner and I don't use the social club as we don't go out drinking

Yours faithfully
