

TO WHOM IT MAY CONCERN

I am protesting yet again on behalf of the elderly and disabled bus pass holders who are being told they cannot board the bus until 9-30 am. This is bound to put a strain on the Transport service for hospitals as we will have to use this service for early appointments. Also hundreds of us use a great Facility in St Cuthberts Lane, the Anchorage where all the workers are mainly elderly volunteers who start at 8-30 a.m., now they are being asked to pay over £1-50 to get there. I hope it will not have to close! Another question that I would like an answer to is if this restriction is for the whole of Cumbria or like last year with the Free Fares for all of Cumbria except Carlisle.

12/1

That decision has caused a great deal of anger and resentment so I will await the outcome with concern

Yours truly,
