## **C. LOCAL LICENSING POLICY CONSIDERATIONS**

The Licensing Act 2003 requires the Council to publish a Statement of Licensing Policy that sets out the policies the Council will generally apply to promote the licensing objectives when making decisions on applications made under the Act.

Members should have regard to all relevant information and it is considered that the following sections of the policy, (though not exclusively) have a bearing upon the application:

### Introduction

- 1.2 Carlisle City Council is a licensing authority (the Authority) for the purposes of the Act. The Authority must carry out its licensing functions with a view to promoting the four licensing objectives which are:

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance
- the protection of children from harm

- 1.10. In determining its policy, the Authority considered the provisions of the Act and had particular regard to:

- the licensing objectives;
- the guidance issued by the Secretary of State under section 182 of the Act;
- the representations made following consultation;
- its duties and obligations under other legislation, including:

Human Rights Act 1998 incorporates the European Convention on Human Rights and makes it unlawful for a local authority to act in a way that is incompatible with a Convention right. The Authority will have particular regard

to the following relevant provisions of the European Convention on Human Rights:

- Article 6 that in the determination of civil rights and obligations everyone is entitled to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law;
- Article 8 that everyone has the right to respect for his home and private life; and
- Article 1 of the First Protocol that every person is entitled to the peaceful enjoyment of his or her possessions, including, for example, the possession of a licence.

- 1.19. The Act limits the representations which can be made about licence applications and who can make such representations. Essentially, representations must relate to one or more of the licensing objectives and must be made by a person living or working in the vicinity of the premises or an organisation which represents such persons. Anyone considering making an objection is invited to discuss their objection with licensing officers prior to submitting their representation.

n.b. The term "vicinity" is used within the Licensing Act 2003 on a number of occasions and, in particular, with reference to those "interested parties" who may lodge objections to applications for premises licences and who may make representations concerning existing premises licences. Section 13(3) defines an "interested party" as being "a person living in the vicinity, a body representing persons living in the vicinity, a person involved in a business in the vicinity or a body representing those persons".

The Act does not define the term "vicinity", therefore where the question arises, it is the responsibility of that particular Licensing sub committee considering the application, to determine in each case which person or body is considered to be living in the "vicinity".

### Fundamental Principles

- 2.1 The policy will promote the four licensing objectives contained in the Act, namely the prevention of crime and disorder, public safety, the prevention of public nuisance and the protection of children from harm. These are the only matters that will be taken into account in determining applications and any conditions imposed must be necessary to achieve these.
- 2.2 Nothing in the Statement of Licensing Policy will undermine the rights of any person to apply under the Act for a variety of permissions and have their application considered on its individual merits as well as against the relevant policy and statutory framework. It does not override the right of any person to make representations on any application or to seek a review of a licence or certificate where they are permitted to do so under the Act.
- 2.3 All licensing applications will be determined on their individual merits following consideration of the proposals in the application and any relevant representations. In general, licences will be granted on the terms applied for, but licences will not

normally be granted in terms which conflict with any of the policies in this document, unless an applicant is able to demonstrate that the exceptional circumstances of their application justify a departure from the policy. The Authority will not depart from the policy if any of the licensing objectives will be undermined by a proposal in the application.

- 2.4 Licensing is about the control of licensed premises, qualifying clubs and temporary events within the terms of the Act. The licensing function cannot be used for the general control of anti social behaviour once consumers are beyond the direct control of the individual, club or business holding the licence, certificate or other authorisation concerned. However the Authority expects holders of a licence, certificate or permission, to make every effort to minimise the impact of their activities and anti social behaviour by their patrons within the immediate vicinity of their premises.

#### 4.2 General Policy

##### 4.2.1. Consideration of the impact of licensable activities

- 4.2.2. In the event of relevant representations when considering an application for a licence, the authority may take into account the following factors in assessing its likely impact on the licensing objectives in addition to other relevant matters:

- the nature of activities proposed;
- the number of customers likely to attend the premises and the type of customers expected;
- the location of the premises;
- the proposed hours of operation;
- the level of public transport accessibility for customers either arriving or leaving the premises and the likely means of public or private transport that will be used by the customers;
- the physical and accessible nature of the premises;
- the level of likely car parking demand in relation to the use of the premises in comparison with the existing situation and the likely effect on the movement of priority traffic;
- the cumulative impact of licensed premises in an area;
- the scope for mitigating any impact;
- how often the activity is to occur.

- 4.2.3. In considering any application where premises are already licensed, or have in the past been licensed for any of the licensable activities (under this or previous legislation), the Authority will take into account any evidence from a responsible authority or interested party of demonstrable adverse impact from the activity in the past. If adverse impact has been caused, consider whether appropriate measures have been proposed or put into effect by the applicant to mitigate that adverse impact. The authority will also consider any changes of circumstances, or evidence that the premises have been well run since the past problems occurred.

#### 4.3. Prevention of Crime and Disorder

##### 4.3.1 General Policy

The Authority's starting point is to seek a reduction in crime and disorder throughout the District, consistent with its statutory duty under section 17 of the Crime and Disorder Act 1998.

Licences may be granted if applicants can demonstrate that a positive reduction in crime and disorder will result, or that it will not increase, as a result of the application being granted.

- 4.3.2. In the event of Police representations, the Authority will generally not grant a licence where it is likely that the premises will be used for unlawful purposes, or where it is considered that the use of the premises is likely to cause an increase in crime and disorder in the area. Where necessary and/or appropriate, and in relation to the type of premises and licensable activity being carried out, applicants are expected to consider the impact of their proposals on crime and disorder, both within and in the vicinity of the premises and to propose practical steps in their operating schedule to prevent crime and disorder. Such steps could include:

- use of CCTV inside and outside the premises;
- use of metal detection or other search equipment or procedures;
- crime and disorder risk assessment in relation to the proposed activities;
- measures to prevent the use or supply of illegal drugs;
- ensuring that all staff are appropriately trained;
- determine the safe occupancy capacity for the premises by carrying out a fire safety assessment;
- employment of sufficient security staff controlling admission and patrolling the interior and exterior of the premises (such staff will be required to be licensed by the Security Industry Authority). The Authority recognises that there is a greater need for security staff in some premises than in others. For example there will be a greater need for security staff in a town centre nightclub than in a village pub;
- participation in Pub Watch or other relevant schemes;
- agreed protocols with police and other organisations and a commitment to cooperate and provide evidence to the police if required;
- ensuring that measures are in place to disperse customers over an extended period and to ensure customers leave the venue in an orderly fashion and without bottles or glasses.

It is recognised that some premises will require minimum measures to promote the licensing objectives.

##### 4.3.4. Carlisle and Eden Crime and Disorder Reduction Partnership

Where appropriate, applicants will be expected to have regard to the information published by the Carlisle and Eden Crime and Disorder Reduction Partnership and consider the impact of their proposals on the issues identified as being of particular

concern in the area for example:

- violent crime;
- fear of crime;
- road safety;
- anti-social behaviour.

Applicants will be expected to propose steps to reduce the risks of such crimes increasing as a result of the licensable activities proposed.

#### 4.5 Prevention of Public Nuisance

##### 4.5.1 General policy on Licensing Hours

4.5.2. The Authority recognises that fixed and artificially early closing times can lead to peaks of disorder and disturbance on the streets when large numbers of people leave licensed premises at the same time. Longer licensing hours, particularly relating to the sale of alcohol, may therefore be a factor in reducing disorder at late night food outlets, taxi ranks and other sources of transport in areas where there have already been incidents of disorder and disturbance.

4.5.3. The Authority will not seek to introduce any form of 'zoning' in relation to licensing hours. Zoning is defined as the setting of fixed trading hours within a designated area. All residents living in the vicinity of licensed premises have equal rights to make representations concerning applications for, and reviews of, premises licences, including hours of trading and to have those representations given equal weight regardless of where they live.

4.5.5. In general, the Authority will deal with the issue of licensing hours on the individual merits of each application. However, in the event of relevant representations, when issuing a licence stricter conditions are likely to be imposed with regard to noise control in the case of premises that are situated in predominantly residential and other noise sensitive locations.

4.5.7. The Authority will assess the potential impact of the premises against the characteristics of the area in which they are situated. For example, in the event of representation being made there would be close scrutiny of applications for a closing time of later than 11pm in respect of premises situated in quiet residential or other noise sensitive locations with low background noise. Greater flexibility on closing times would be considered where for example, applicants could demonstrate that:

- there is a high level of accessibility to public transport services;
- there is an appropriate amount of car parking, readily accessible to the premises, and in places where vehicle movement will not cause demonstrable adverse impact to local residents;

- the operating schedule indicates that the applicant is taking appropriate steps to comply with the licensing objective of preventing public nuisance;
- the licensable activities would not be likely to cause adverse impact especially on local residents, or that, if there is a potential to cause adverse impact, appropriate measures are to be put in place to prevent or minimise that impact.

4.5.9. In the event of representations, the Authority will not normally grant a premises licence in terms which are, in its opinion, likely to result in increased noise disturbance to people living or working in the vicinity.

4.5.10. In particular, the Authority will give careful consideration to an application for a licence, for premises situated in a predominantly residential or other noise sensitive location where the proposed hours of operation would be likely to result in unreasonable noise disturbance between the hours of 11pm and 7am.

4.5.11. The Authority expects the applicant to assess the likely sources of noise disturbance that could arise due to the proposed use consider the existing noise context of the area and propose practical steps to prevent noise disturbance or minimise its effects.

4.5.12. Potential sources of noise include:

- sound leakage from the licensed premises (from entertainment provided, customers on the premises, mechanical equipment etc);
- customers and staff arriving and leaving the premises (including car doors slamming);
- excessive noise from outside entertainment.

4.5.13. Practical steps could include:

- keeping doors and windows closed whilst entertainment is provided;
- installing soundproofing measures to the premises (specialist double glazing, acoustic hoods over extractor fan outlets etc);
- reducing sound levels inside the premises (inclusion of a sound limitation device in the sound system);
- ensuring that queues are directed to form leading away from residential premises;
- ensuring that sufficient door security staff manage queuing and leaving customers to minimise noise;
- erecting prominent notices at exits requesting customers to leave quietly;
- reducing the volume of music entertainment towards the end of the evening;
- giving free lollipops to customers leaving the premises;
- ensuring that sufficient transport is nearby to enable customers leaving the premises to disperse quickly;
- banning from the premises customers known to cause noise disturbance regularly on leaving the premises;
- ensuring that customers are encouraged to leave the premises (including any car park or forecourt) swiftly;

- ensuring the volume of outdoor entertainment does not cause noise disturbance;
- providing police supervision at closing times.

4.5.14. The Authority may impose conditions to ensure that appropriate steps are taken to minimise noise disturbance.

4.5.15. Live music, dancing and theatre

4.5.16. The Authority recognises the need to encourage and promote live music, dance and theatre for the wider cultural benefit of the economy and community, particularly for children and young people.

4.5.17. When considering applications for such events and the imposition of conditions on licences or certificates, the Authority will carefully balance the cultural needs with the necessity of promoting the licensing objectives.

4.5.18. Consideration will be given to the particular characteristics of any event, including the type, scale and duration of the proposed entertainment, especially where limited disturbance only may be caused.

4.5.22. 4.5.22 In the event of representations, licences for premises, in particular for the provision of late night refreshment for consumption off the premises, will not normally be granted where nuisance is likely to be caused by way of litter/food refuse being deposited on streets surrounding the premises and such nuisance is expected, due to the nature of the premises and likely customers, to exceed the level of nuisance caused by similar premises open during the day (for which no licence is required). In their operating schedule, applicants are expected to propose practical steps to reduce the likelihood of such problems arising, which could include:

- provision of litter bins on/in vicinity of premises;
- litter patrols in the area after the premises close (these could be organised in partnership with other premises or the local authority for example).

4.5.23 Conditions may be imposed seeking to limit the nuisance caused by litter

4.5.24 In the event of relevant representations, conditions may be imposed seeking to limit the nuisance caused by litter

#### 4.8. Consideration of applications and the imposition of conditions

4.8.1. On granting a licence, the Authority may only impose conditions that are:

- required by law, and/or
- necessary for the promotion of the licensing objectives and
- proportionate

4.8.2 If no relevant representations are received, a licence will be granted on the terms sought, subject only to such conditions as are consistent with the operating

schedule and which comply with the above paragraph and any relevant statutory conditions.

4.8.3. In deciding what conditions to impose, the Authority shall have regard to the operating schedule, together with the provisions of this policy statement, the law, government guidance and any relevant representations made. Where there is any ambiguity or uncertainty in the meaning of any part of the application, the application shall be interpreted in such a way as shall best promote the licensing objectives.

4.8.4. Where relevant representations are received, the Authority will consider those representations together with any representations of the applicant, having regard to the provisions of this policy, the law and government guidance. Where relevant representations have been made, the Authority will not normally grant a licence in terms which conflict with this policy statement. In particular it may:

- reject the application – if to do so is necessary to promote the licensing objectives and none of the following actions is reasonably practicable;
- grant the licence but exclude from its scope one or more of the licensable activities applied for in order to ensure that the licence complies with this policy and promotes the licensing objectives;
- grant the licence but modify such of the conditions imposed as is necessary to ensure compliance with this policy and to promote the licensing objectives;
- grant the licence but refuse to specify a particular person in the licence as the designated premises supervisor if to name that person would undermine the promotion of the licensing objectives;
- approve different parts of the premises for different activities.

4.8.5 The Authority will not impose conditions that duplicate other areas of regulation. For example, conditions will not be imposed which simply duplicate planning conditions or conditions attached to a fire certificate.

4.8.6. However, there may be occasions when conditions will be imposed which the Authority considers necessary for the promotion of the licensing objectives and which overlap with other areas of regulation, when for example the conditions on the fire certificate or planning permission do not adequately deal with those matters.

4.8.7. In general, any conditions imposed will be drawn from a pool of conditions.

4.8.8. Provided the licensing objectives are not undermined and the proposal does not conflict with the other statements in this policy, licences will be granted so that premises will be able to open to provide licensable activities between such times as the applicant sets out in his application.

4.8.8. When deciding what conditions to impose, the Authority will have regard to the particular requirements of people with disabilities and will, so far as possible, seek to ensure that none of the conditions imposed on licences will have the effect of excluding such persons access to licensed premises.

#### **D. NATIONAL GUIDANCE (Section 182 Licensing Act 2003)**

Members should have regard to all relevant information and it is considered that the following guidance, (though not exclusively) have a bearing upon the application:

National guidance regarding control of areas outside the premises is as follows:

3.11 Statements of policies should make clear that licensing is about regulating the carrying on of licensable activities on licensed premises, by qualifying clubs and at temporary events within the terms of the 2003 Act, and that the conditions attached to various authorisations will be focused on matters which are within the control of individual licensees and others in possession of relevant authorisations. Accordingly, these matters will centre on the premises being used for licensable activities and the vicinity of those premises. Whether or not incidents can be regarded as being "in the vicinity" of licensed premises is a question of fact and will depend on the particular circumstances of the case. In cases of dispute, the question will ultimately be decided by the courts. But statements of licensing policy should make it clear that in addressing this matter, the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of public living, working or engaged in normal activity in the area concerned. A statement of policy should also make clear that licensing law is not the primary mechanism for the general control of nuisance and antisocial behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Nonetheless, it is a key aspect of such control and licensing law will always be part of a holistic approach to the management of the evening and night-time economy in town and city centres.

National guidance regarding licensing hours is as follows:

3.29 With regard to licensing hours, the statement of policy should generally emphasise the consideration which will be given to the individual merits of an application. The Government strongly recommends that statements of policy should recognise that longer licensing hours with regard to the sale of alcohol are important to ensure that the concentrations of customers leaving premises simultaneously are avoided. This is necessary to reduce the friction at late night fast food outlets, taxi ranks and other sources of transport which lead to disorder and disturbance. The Government also wants to ensure that licensing hours should not inhibit the development of thriving and safe evening and night-time local economies which are important for investment and employment locally and attractive to domestic and international tourists without compromising the ability to resource local services associated with the night-time economy. Providing consumers with greater choice and flexibility is an important consideration.

National guidance regarding non-duplication of other regimes is as follows:

3.51 *[Policy should indicate]*

that planning, building control and licensing regimes will be properly separated to avoid duplication and inefficiency. Applications for premises

licences for permanent commercial premises should normally be from businesses with planning consent for the property concerned. Licensing applications should not be a re-run of the planning application and should not cut across decisions taken by the local authority planning committee or following appeals against decisions taken by that committee. Similarly, the granting by the licensing committee of any variation of a licence which involves a material alteration to a building would not relieve the applicant of the need to apply for planning permission or building control where appropriate.

#### **E. OBSERVATIONS**

Pursuant to the Licensing Act 2003, the Committee is obliged to determine this application with a view to promoting the licensing objectives which are:

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance;
- the protection of children from harm.

In making its decision, the Committee is also obliged to have regard to Guidance issued under section 182 of the Licensing Act 2003 and the Council's Statement of Licensing Policy.

The Committee must also have regard to the representations made and the evidence given before them.

#### **F. OPTIONS**

The Committee may take such of the following steps as it considers necessary for the promotion of the licensing objectives:

As a guide members may:

1. Grant the variation application as requested.
2. Modify the conditions of the licence, by altering or omitting or adding to them.
3. Reject the whole or part of the application.

When considering their decision, members should refer to paragraph 4.8.4 of the Council's statement of Licensing Policy with regard to the options they should consider.

The Committee is reminded that it may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be necessary in order to promote the licensing objectives.

In order to assist members and applicants and to achieve consistency, sample conditions for premise licences and club premises certificates have been prepared which may be utilised (Guidance GD6)

Please note that your representations must be relevant to one of the four licensing objectives and must relate only to the variation of the existing licence. This representation relates to the following licensing objective(s). Detail the evidence supporting your representation or the reason for your representation against the appropriate objective (use separate sheet if necessary).

Prevention of crime and disorder	<p>1. The extension opening hours to 2 am on a regular basis on public holiday, and otherwise 1 am on three days a week will inevitably, over time, attract increased numbers into this rural village with a consequential <del>for</del> potential for increased crime and disorder.</p> <p>2. There is no police presence to prevent this.</p>
Public safety	<p>Increased numbers attracted to the Greyhound Inn during the evenings and late into the night/early morning inevitably increase the safety of the public where there is no police presence or other controls in place.</p>
Prevention of public nuisance	<p>Although rowdiness, foul language and fighting among those leaving the Greyhound Inn is at present comparatively rare, the increased night time opening hours is likely to cause an increase of behaviour of this kind.</p>
Protection of children from harm	<p>There are an increasing number of children and young people in Bury by Sands and later opening hours at night is going to increase the exposure of those young people to the culture of alcohol.</p>
<p>Please provide as much information as possible to support your representation. Note that if you have not disclosed some information, you may not be able to introduce it at the hearing unless all the other parties consent.</p>

My reasons for objecting to the extension of licensing hours for the Greyhound Pub in Burgh by Sands are

- Noise of customers leaving the pub even later at night on foot, in cars and taxis. It is impractical to expect the custodian to monitor this.
- Noise from both live and recorded music at an even later hour even though it has been stated that the windows and doors will be kept shut. I think that this will be impossible to enforce. (PPN4)
- In the past a function was held in a marquee in the back garden of the property and the noise was heard over most of the village. If this happens again how could the music be kept to reasonable level? (PPN5)
- The three floodlights on the front of the pub have in the past been kept on until closing time or later. (PPN14)
- Parking on the road outside the pub can cause a problem as the car park is inadequate.

I have only lived across from the pub for four years and this is the third change of Landlord and although I hope that the present tenants stay, past experience has shown that tenants change frequently and some have not been bothered about the nuisance caused to their neighbours. The pub is an asset to the village and I am not averse to an extension of hours on Bank holidays or when functions are being held but the proposed hours are too extensive.

Lawel House,

Burgh-by-Sands,

N° CARLISLE,

Any increase in the opening hours would make a bad situation even worse in my opinion. This pub is used as a pick up & drop off point

for taxis & now even the service buses, this goes on untill the early hours of the morning. Both taxis & buses stand outside my front window with engines revving people bawling & spouting & this leads to loss of sleep both for myself & my neighbours. We have boy racers sounding car horns & squealing their tyres as they leave the car park, plus people remaining on

the car park after the pub has closed & making a noise. Previously when music nights were held the noise levels were way over the top, when I complained to the police, who which comes to the village they suggested I buy ear plugs. Also in the past I have complained to the city council due to noise & disturbance. I could give more examples of what we have to put up with living beside this pub but these are just a few. It might also be remembered that when my parents took this house where I now live closing time was in those days ten o'clock at night. In the past I have seen people coming out of this pub

as late as 05-25 in the following  
morning & that was without an  
extension of license. Myself I have  
health problems which make it  
essential for me to have a good  
night's sleep, but this is just  
about impossible on any night.

Yours sincerely

A. R. Graham.

### Section 3 - Information and details of the representation.

Please note that your representations must be relevant to one of the four licensing objectives and must relate only to the variation of the existing licence. Any objections to the terms and conditions of the current licences held by the applicant, should have been made when they were renewed by the Courts or Local Authority.

This representation relates to the following licensing objective(s). Detail the evidence supporting your representation or the reason for your representation against the appropriate objective (use separate sheet if necessary).

Prevention of crime and disorder	There are already fairly regular incidents of disorder in the streets of Burslem & Sandiacre when the Pub turns out. I consider it inevitable that this singing, drinking and petty vandalism can only increase (and occur later at night) and reduce the quality of life of all who live near the Greyhound in if the licensing hours are increased late at night.
Public safety	Increased consumption of alcohol can only lead to more road traffic accidents between inebriated pedestrians and indeed drivers attracted by the extended licensing hours late at night.
Prevention of public nuisance	The current noise activities such as loud music with windows open into the night, Taxi and private car collecting customers and fares, often starting horn after 11pm, General noise and banging of doors even later will disturb <u>more</u> the peace and tranquillity of the village late at night.
Protection of children from harm	There are children under the age of 10 at the Old Post Office, Fould Farm and Ash Bank all of whom will be disturbed later at night than is currently the case if the extension in late evening/early morning is permitted at weekends and Bank holidays.
Please provide as much information as possible to support your representation. Note that if you have not disclosed some information, you may not be able to introduce it at the hearing unless all the other parties consent.

Dear Sirs

**RE: LICENSING ACT 2003 - APPLICATION FOR CONVERSION/VARIATION  
GREYHOUND INN, BURGH-BY-SANDS, CARLISLE, CUMBRIA, CA5 6AN**

In 2003 this department investigated two noise complaints involving the Greyhound Inn. The first complaint alleged that noise from patrons and staff putting bottles into bins etc continued until the early hours of the morning at the weekends, thereby causing a disturbance. The second complaint alleged loud music over the weekend and the loading/unloading of crates of bottles late at night. In each case the landlord was contacted by this department and there was no re-occurrence of these issues.

At this time this department has no objections to this application and ~~has no objection to~~  
~~the proposed representation~~. The recommended improvements detailed below should be implemented to promote the prevention of public nuisance.

## Recommendation

### **Prevention of Public Nuisance**

No nuisance shall be caused by noise coming from the premise or by vibration transmitted through the structure of the premise.

Refuse such as bottles shall be disposed of from the premises at a time when it is not likely to cause a disturbance to residents in the vicinity of the premises.

INVESTOR IN PEOPLE

Failure to comply could also result in this department submitting an application to review the licence, following introduction of the second appointed day of the above Act.

Yours faithfully

**M Neatis**

District Environmental Health Officer

Under the provisions of the Licensing Act 2003 (Hearings Regulations) 2005, the Licensing Authority requests that you clarify the grounds upon which you are making representations. This form will assist you in ensuring that you have entered your representations properly and fully.

If you are completing this form by hand please write legibly. In all cases ensure that your answers are inside the boxes and written in black ink. Use additional sheets if necessary.

You may wish to keep a copy of the completed form for your records. You may use your copy as an aide memoir at a hearing before the Licensing Sub-Committee.

Please list any additional information or details to support your application and attach any documentary or other information that you may wish to use. If you have not disclosed this information, you will not be able to introduce it at the hearing unless all the other parties consent.

The licensing authority must receive representations within the statutory period, usually 28 days from the day the notice was displayed on the premises or the date specified in the public notice in the newspaper.

Prevention of crime and disorder	There have been occasional disorderly incidents in the past. From my bedroom they sound like domestic fall-out brought to a head during late night drinking. Regular late drinking can only increase the risk of this kind of disorder.
Public safety	
Prevention of public nuisance	See attached note.
Protection of children from harm	

Please provide as much information as possible to support your representation. Note that if you have not disclosed some information, you may not be able to introduce it at the hearing unless all the other parties consent.

### Prevention of Public Nuisance

There have been late night/early morning activities, I assume with appropriate authorisation, taking place for several years at the Greyhound Inn. These are routinely accompanied by the following,

- People noisily going in and out from the front garden to the bar into the early hours.
- Continuous banging of a door somewhere in an entrance lobby.
- Loud music playing while windows and doors are open well into the night, especially in the summer months.
- Car doors banging as taxis and lifts pick up people to leave. This is invariably accompanied by much shouting and noisy farewells.
- As above with taxis drawing up and sounding their horns to alert their customers. Similarly private cars sound horns as they arrive and leave.
- Occasionally customers are accompanied by their dogs which are later let out then proceed to bark in and around the premises.

Although I do not like all this I tolerate it and never complain because it only happens occasionally. However these new arrangements would allow this considerable public nuisance on a regular basis and it would be intolerable. Nothing will persuade me that the people involved would conduct themselves any better simply because they were allowed to drink later more often.

Regular late night drinking and music in a country pub surrounded by houses is totally inappropriate and would destroy the present generally peaceful nature of the environment.
