

**Written response to question / issue
raised at Council**

Meeting Date: 11th October 2022

Public / Private*: Public

Minute Reference: C.121/22(iii)

Written response to: Cllr T Allison

Written response from: Cllr N Christian

Resolution / Question:

That the Environment & Transport Portfolio Holder provide a written response to Councillor Allison regarding whether Eastern Way had been considered as a site for a conservation grassland area.

Response:

Eastern Way already has significant bulb planting areas where the grass is not cut until the summer, which has conservation benefits. During the next phase we will explore how areas of Eastern Way and the adjacent Keenan Park are feasible for conservation grassland management.

Date: 16th November 2022
