MEMBERSHIP - BOOMING

Is now at 260 and we are still getting enquiries re joining. I have dealt with over 60 enquiries (in the last month) via email/phone and sent information back to them. Since our meeting in March we have had 63 new members and at least half of those in the last 4 weeks.

Members have been really varied, but due to the Small Business Support Group, we have had a lot more trade so Topps Tiles, Arco, PMS Fabrication, also Gen2 etc. So, a real mix of industries, which is good.

Morning, Michelle. I just wanted to say a huge thank you for arranging the video session for us this morning. It was a great experience, and surprisingly, great fun! I was dreading it to be honest, but Danny was fabulous and made it easy for Mark and I.

Nelson Thomlinson have still not confirmed if they will be our partner school (I spoke to them yesterday) but I have messaged them and asked if we can shoot some video footage of a group of children using the headsets. Danny has said that would make great content for the video and showcase both us and Nelson Thomlinson overcoming the difficulties of the current restrictions.

Once again Michelle, many thanks."

PROJECTS – mentor programme

FEEDBACK FROM OUR MENTOR PROGRAMME

Matthew has helped me a lot since we first spoke, we have only spoke two times so far on zoom and I already feel much more motivated, with a clear mind on how I want to move forward with my business. He has given me lots of great tips and talked me through some things I find difficult, for example costings and tax. Most importantly I feel much more aware on how I go forward to make the business a success. Less anxious and worried about the things I need to achieve.

A huge thank you to Matthew.

It's gone well, and we have helped nearly 30 businesses. Here's some feedback from one of the mentees

Just some of the 1650 individuals that have supported 42 Give A Day Projects benefiting 10,200 people! THANK YOU TO EVERYBODY!!! Give A Day to The City - Carlisle 2019 #giveadayheroes

QUOTE FROM ANOTHER YOUNG AMBASSADOR....

Robbie Cameron a Year 13 student at William Howard and a member of Young Ambassadors has benefitted from being a member of the group. Robbie said " meeting the business community and seeing the employment opportunities in the local area has given me the confidence to apply for a career in business management and I have been able to use the experience of attending the meetings and networking as part my application process". Robbie is part of the Young Ambassadors Committee and hopes this extension of the Carlisle Ambassadors will encourage other young people to realise what opportunities are available in Carlisle and how to access them as they are our future generation
