Contact Officer: Jean Cross Ext: 7081

1. INTRODUCTION

1.1 The Executive asked officers to consider how the Living Wage could be implemented within the Council. This report makes proposals on amendments to the bottom of the Council's pay structure which would enable this to happen while still maintaining the integrity of Job Evaluation.

2 BACKGROUND INFORMATION

- 2.1 The Council adopted its current pay structure in March 2010 when the results of Job Evaluation (as part of Single Status) was implemented.
- 2.2 The current pay structure for employees below chief officer level consists of 13 grades with 2 or 3 pay points in each grade. Each pay point was based on the nationally negotiated "spinal column point" (scp) but some were omitted to give a more consistent spread of increments. A copy of the current and proposed pay structure is given as appendix 1 and 2.

3 PROPOSALS TO IMPLEMENT THE LIVING WAGE

3.1 The nearest equivalent pay point to the Living Wage is pay point 4 within grade B, which is £13,874 per annum (£7.19 per hour). This would need to be increased to £14,374 (£7.45). It is proposed that this new pay point becomes the new grade A. An extra pay point added to grade B between current pay point 4 and 5 of £14,733 would give 2 pay points within grade B. Grade C would remain the same.

- 3.2 The cost to implement this would be £28,225 including on costs.
- 3.3 It is proposed to implement the changes from 1st April 2013.
- 3.4 The changes would apply to contracted staff only and exclude Casuals, Apprentices and those on permitted work schemes.

4 Consultation.

- 4.1 Consultation to date has been with the Executive and JMT.
- 4.2 Consultation proposed. A short consultation with employees and the trades unions (for a month) is envisaged if Members agree to the proposals.
- 4.3 If the Panel approve the revised pay structure, the way forward would be for it to refer it for consultation, then receive a further report with the outcome of consultation and final proposals for consideration in time for Council to consider as part of the budget proposals.

5 RECOMMENDATIONS

- 5.1 Members are recommended to:
 - Approve the revised pay structure for contracted staff from 1 April 2013 and refer for consultation with employees and their representatives.

6 REASONS FOR RECOMMENDATIONS

6.1 Research has found that the living wage proposed is required to live reasonably (outside of London) and by adopting it, Carlisle City Council sets a good example to local employers.

5 **IMPLICATIONS**

- Staffing/Resources There is a direct impact on 20 current staff who would receive a pay increase in April. Other staff are not directly affected, though some may not be happy with the erosion in differentials at the lower end of the pay structure.
- Legal The grading of the Pay Structure is a term and condition on which staff
 hold office and the Employment Panel has the delegated authority to deal with
 these matters. However, as the proposal has a financial implication any
 decision will be a recommendation to Council subject to budgetary approval.

Note: in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers: None

- Financial The proposals to move employees currently paid below the 'living' wage level would require changes to the salary pay points used by the Council. The total cost of this would be £28,225 and provision for this additional cost has been included in the draft budget proposals for 2013/14. Council will take the final decision as to whether to include this as part of its budget at its meeting of 5 February 2013.
- Corporate Equality Issues none.
- Environmental none.
- Crime and Disorder none.
- Impact on Customers none.
