54. the Cumbria Biodiversity Data Centre: Non-Statutory Sites Search received 20th February 2019;
55. the Notice of Decision; and
56. any such variation as may subsequently be approved in writing by the Local Planning Authority.

**Reason:** To define the permission.

3. Within three months of construction works commencing, full details of the proposed replacement landscaping, including a phased programme of works, shall be submitted to and approved in writing by the Local Planning Authority and these works shall be carried out as approved following the completion of the development or in accordance with a programme agreed by the Local Planning Authority. Any trees or other plants which die or are removed within the first ten years following the implementation of the landscaping scheme shall be replaced during the next planting season.

**Reason:** To ensure that a satisfactory landscaping scheme is prepared and to ensure compliance with Policies GI6 and SP6 of the Carlisle District Local Plan 2015-2030.

4. The existing trees to be retained shall be protected during construction works in accordance with the details contained in the Tree Survey Report (dated November 2018 and received on 20th February 2019) and the Tree Protection Plans - Sheets 1 to 6, received 20th February 2019.

**Reason:** To ensure that the existing trees to be retained are protected during construction works, in accordance with Policy GI6 of the Carlisle District Local Plan 2015-2030.

5. The development shall be undertaken in strict accordance with the mitigation measures contained within the Environmental Report (dated February 2019 and received 20th February 2019); the Ecological Assessment Report (Version 2, dated 12th February 2019 and received 20th February 2019); and the Stage 1 and Stage 2 Habitats Regulations Assessments (received 20th February 2019).

**Reason:** To ensure that the proposal does not have an adverse effect on ecology/ biodiversity, in accordance with Policy GI3 of the Carlisle District Local Plan 2015-2030.

6. No development shall commence until a construction Surface Water Management Plan has been agreed in writing with the Local Planning Authority.

**Reason:** To safeguard against flooding to surrounding sites and to safeguard against pollution of surrounding watercourses and drainage systems.

7. The works shown on the submitted plans shall as far as it interacts with or is

located on Highway shall be designed, constructed, drained and lit to a suitable standard. In this respect further details, including longitudinal/cross sections, shall be submitted to the Local Planning Authority for approval before work commences on site. No work shall be commenced until a full specification has been approved. Any works so approved shall be constructed before the development is complete.

**Reason:** To ensure a minimum standard of construction in the interests of highway safety and to support Local Transport Plan Policies LD5, LD7 & LD8.

8. Development shall not be begun until a Construction Method Statement including details of all on-site construction works, post-construction reinstatement, drainage, mitigation, and other restoration, together with details of their timetabling has been submitted to and approved by the Local Planning Authority and shall include measures to secure:

- formation of the construction compounds and access tracks and any areas of hardstanding;
- cleaning of site entrances and the adjacent public highway;
- the sheeting of all HGVs taking spoil to/from the site to prevent spillage or deposit of any materials on the highway;
- post-construction restoration/reinstatement of the working areas.

The Construction Method Statement shall be carried out as approved.

**Reason:** To minimise the impact of the development on the highway network during the construction phase.

9. Development shall not be begun until a Construction Traffic Management Plan has been submitted to and approved in writing by the Local Planning Authority. The CTMP shall include details of:

- the construction of the site access and the creation, positioning and maintenance of associated visibility splays;
- access gates will be hung to open away from the public highway no less than 5m from the carriageway edge and shall incorporate appropriate visibility displays;
- proposed accommodation works and where necessary a programme for their subsequent removal and the reinstatement of street furniture and verges, where required, along the route;
- details of proposed crossings of the highway verge;
- retained areas for vehicle parking, manoeuvring, loading and unloading for their specific purpose during the development;
- construction vehicle routing;
- the management of junctions to and crossings of the public highway and other public rights of way/footway;
- the scheduling and timing of movements, temporary warning signs and banksman.

Development shall be carried out in accordance with the approved Construction Traffic Management Plan.

**Reason:** To minimise the impact of the development on the highway network during the construction phase.

10. Prior to construction works commencing that affect United Utilities assets, a method statement must be submitted to the Local Planning Authority and approved in writing detailing the measures to protect United Utilities assets during:

- the site investigation work;
- the construction and decommissioning phases; and
- the future day to day operation and maintenance of the scheme.

This must include proposals for reinforcements of any crossing points to ensure United Utilities assets are protected from heavy loads during and after construction. The approved method statement shall be in line with United Utilities' document 'Standard Conditions for works adjacent to pipelines'.

**Reason:** To ensure a satisfactory form of development and to afford appropriate protection of infrastructure that crosses the site.

11. No construction work associated with the development hereby approved shall be carried out before 07.30 hours or after 18.00 hours Monday to Friday, before 07.30 hours or after 13.00 hours on Saturdays, nor at any times on Sundays or Bank Holidays.

**Reason:** To prevent disturbance to nearby occupants in accordance with Policy SP6 of the Carlisle District Local Plan 2015-2030.

12. No clearance of vegetation shall take place during the bird breeding season from 1st March to 31st August unless the absence of nesting birds has been established through a survey and such survey has been agreed in writing beforehand by the Local Planning Authority.

**Reason:** To protect features of recognised nature conservation importance, in accordance with Policy GI3 of the Carlisle District Local Plan 2015-2030.

1. The development shall be begun not later than the expiration of 3 years beginning with the date of the grant of this permission.

**Reason:** In accordance with the provisions of Section 91 of the Town and Country Planning Act 1990 ( as amended by Section 51 of the Planning and Compulsory Purchase Act 2004).

2. The development shall be undertaken in strict accordance with the approved documents for this Planning Permission which comprise:
  1. the submitted planning application form received 19th October 2018;
  2. the site location plan received 4th October 2018 (scale 1:5,000);
  3. the block plan received 19th October 2018 (scale 1:10,000)
  4. the proposed site plan received 4th October 2018 (scale 1:2,500);
  5. the roaming area plan received 4th October 2018 (scale 1:3,500);
  6. the proposed floor plan received 6th July 2018 (Plan No.3);
  7. the proposed side elevations received 6th July 2018 (Plan No.1, Ref F002A);
  8. the proposed front and rear elevations received 6th July 2018 (Plan No.1, Ref A007A)
  9. the design and access statement received 19th October 2018;
  10. the additional information statement received 19th October 2018;
  11. the supporting planning statement received 24th July 2018;
  12. the swept path analysis received 6th September 2018 (Document Reference 12962-001);
  13. the surface water drainage design calculations received 20th September 2018;
  14. the tree survey received 4th October 2018 and plan received 19th October 2018;
  15. the ecological assessment received 19th October 2018;
  16. the transport statement received 19th October 2018;
  17. the SCAIL data sheets received 19th October 2018;
  18. the Ammonia Assessment received 4th March 2019;
  19. the Notice of Decision; and
  20. any such variation as may subsequently be approved in writing by the Local Planning Authority.

**Reason:** To define the permission.

3. The development shall not commence until visibility splays providing clear visibility of 215 metres measured 2.4 metres down the centre of the access road and the nearside channel line of the major road have been provided at the junction of the access road with the county highway. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order) relating to permitted development, no structure, vehicle or object of any kind shall be erected, parked or placed and no trees, bushes or other plants shall be planted or be permitted to grow within the visibility splay which obstruct the visibility splays. The visibility splays shall be constructed before general development of the site commences so that construction traffic is safeguarded.

**Reason:** In the interests of highway safety. To support Local Transport Plan

Policies LD7 and LD8.

4. The surfacing of the access road shall extend for at least 10m inside the site, as measured from the highway boundary prior to the use first being commenced. The access road (including the width of the road) shall be constructed in accordance with full details and a specification approved by the Local Planning Authority.

**Reason:** In the interests of highway safety. To support Local Transport Plan Policies LD5, LD7 and LD8.

5. Any existing highway fence/wall boundary shall be reduced to a height not exceeding 1.05m above the carriageway level of the adjacent highway in accordance with details submitted to the Local Planning Authority and which have subsequently been approved before development commences and shall not be raised to a height exceeding 1.05m thereafter.

**Reason:** In the interests of highway safety. To support Local Transport Plan Policies LD7 and LD8.

6. The development permitted by this planning permission shall be carried out in accordance with the measures outlined in the additional information statement received 19th October 2018 to prevent noise, odour, vermin and flies from operation site.

**Reason:** In order to ensure that the works do not cause a statutory nuisance in accordance with Policy CM5 of the Carlisle District Local Plan 2015-2030.
