Title: PROVISIONAL GENERAL FUND REVENUE OUTTURN 2018/19

- CARRY FORWARDS

Report of: CORPORATE DIRECTOR OF FINANCE AND RESOURCES

Report Number: RD 13/19 (amended)

Purpose / Summary: This report summarises the 2018/19 provisional outturn for the General Fund Revenue budgets and requests for the carry forward of budgets. The provisional outturn position was considered by the Executive on 29 May and 17 June and Business and Transformation Scrutiny Panel on 30 May.

Recommendations:

Council is asked to:

- (i) Approve the carry forward requests totalling £406,700 to be incurred in 2019/20 and the release of £406,700 in 2019/20 from the General Fund Reserve as set out in the report;
- (ii) Approve the creation of new reserves and transfers into and from the new and existing reserves of £206,275, in addition to the transfer from the building control reserve of £32,637, as detailed in paragraphs 3.2, 3.3 and 3.4 and Appendix 2 of the report; and
- (iii) Approve the revised delegations for the release of the Building Control Reserve.

Tracking

Executive:	RD01/19 & RD13/19 29 May 2019 and 17 June 2019
Overview and Scrutiny:	BTSP 30 May 2019
Audit Committee:	8 July 2019
Council:	16 July 2019

1. BACKGROUND

- 1.1 This report provides details of the 2018/19 provisional outturn for the General Fund Revenue budgets and the proposed carry forward requests into 2019/20 as set out in the Council's Provisional General Fund Outturn considered by the Executive and Business & Transformation Scrutiny Panel.
- 1.2 The provisional outturn position is summarised below:

2. CARRY FORWARD REQUESTS

- 2.1 In accordance with the Council's Constitution, any net underspending/savings on service estimates under the control of the Director may be carried forward. This is to facilitate the achievement of more strategic five-year budgeting which requires greater flexibility of budgets between years as set out in the Medium-Term Financial Plan. Approval of carry forwards is subject to the following as contained in the Council's Constitution:
 - the authorisation of the Corporate Director of Finance and Resources where the request relates to a specific committed item of expenditure where, due to external or other factors, the Director has been unable to spend the approved budget by 31 March. The use of the resource will be restricted to the purpose for which the estimate was originally intended. The carry forward will only be approved by the Corporate Director of Finance and Resources if the expenditure is within both the Directorate's and the Authority's budget as approved for that year. Any carry forward which would result in an over-spend for the Authority will require authorisation by the Council.
 - any overspending on service estimates in total on budgets under the control of the Director must be carried forward to the following year and will constitute the first call on service budgets in the following year, unless the Council determines otherwise by way of a supplementary estimate. The Corporate Director of Finance and Resources will report the extent of overspending carried forward to the Executive, Business and Transformation Scrutiny Panel and to the Council.

This delegated power applies only in so far as the carry forwards do not take the Council into an overspend position.

- 2.2 Details of the carry forward requests, which itemise committed expenditure, are contained within **Appendix 1.**
- 2.3 The Executive at its meeting on 17 June, approved the carry forward requests totalling £406,700, for recommendation to Council, funded from the General Fund Reserve.

3. IMPACT ON RESERVES

3.1 The level of Council reserves was approved by Council in February. As a result of the outturn position, and if all of the carry forward requests and transfers to/from earmarked reserves are approved, the revised reserves position would be as follows:

	31/03/2019	31/03/2020	31/03/2021	31/03/2022	31/03/2023	31/03/2024
	£'000s	£'000s	£'000s	£'000s	£'000s	£'000s

Additional Funding from Business						
Rates	(134)					
Additional Use of Carry Forward						
Reserve	125					
Transfer (from)/to earmarked						
reserves & provisions: (1)						
- see paragraph 3.2	206					
- see paragraph 3.4	(33)					
Committed Carry Forwards	0	407	0	0	0	0
Revised Reserves Balance	(4,631)	(3,711)	(2,684)	(3,012)	(3,218)	(3,605)

Note 1: Transfers to/(from) earmarked reserves subject to approval

The Council's policy on reserves is that wherever possible reserves should not be used to fund recurring expenditure, nor dip below minimum recommended levels; however, in situations where this does occur, this should be made explicit and steps take to replenish reserves and to address the situation in future years.

3.2 Details of transfers into and from new/existing reserves and provisions requested as part of the outturn process are contained within **Appendix 2** and are summarised below

	Net Approval Requested £
Apprentice Infrastructure (new)	54,100
Prosecution Reserve	10,000
Revenue Grants Reserve	142,175
Total Additional Transfers to Reserves	206,275

- 3.3 The creation of the Apprentice Infrastructure Reserve is to hold allocated budgets for Apprentice posts that is committed but will not be required until future years.
- 3.4 In accordance with statutory requirements any surplus generated by the Building Control function is required to be held as an identified earmarked reserve and can only be utilised for Building Control. In 2018/19 the required amount to be transferred from the Building Control Reserve is £32,637. This is in addition to £32,300 released during 2018/19 to fund eligible costs.

3.5 It is recommended that the delegations for the release of this reserve are amended to allow the Corporate Director of Economic Development to authorise release of the reserve through an Officer Decision Notice. The reserve is ring-fenced by statute to support improvements to the Building Control Service and is not available for general use by the Council and any release will be in line with this condition.

4. RISKS

4.1 Risks to future years' budget and development of ongoing impact of issues identified will be monitored carefully in budget monitoring reports and appropriate action taken.

5. CONSULTATION

5.1 Consultation to date.

Portfolio Holders, SMT and the Business and Transformation Scrutiny Panel have considered the issues raised in this report.

6. CONCLUSION AND REASONS FOR RECOMMENDATIONS

- 6.1 Council is asked to:
 - (i) Approve the carry forward requests totalling £406,700 to be incurred in 2019/20 and the release of £406,700 in 2019/20 from the General Fund Reserve as set out in the report;
 - (ii) Approve the creation of new reserves and transfers into and from the new and existing reserves of £206,275, in addition to the transfer from the building control reserve of £32,637, as detailed in paragraphs 3.2, 3.3 and 3.4 and Appendix 2 of the report; and
 - (iii) Approve the revised delegations for the release of the Building Control Reserve.

7. CONTRIBUTION TO THE CARLISLE PLAN PRIORITIES

7.1 The Council's budget is set in accordance with the priorities of the Carlisle Plan and the 2018/19 outturn shows the delivery of these priorities within budget.

Contact Officer: Steven Tickner Ext: 7280

Appendices 1. Carry Forward Requests

attached to report: 2. Reserve Requests

Note: in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers:

None

CORPORATE IMPLICATIONS:

LEGAL – The Council has a fiduciary duty to manage its finances properly and the proper reporting of the outturn figures is part of this process. Approval of full Council is required for the use of revenue reserves to fund expenditure commitments as set out in the report.

FINANCE – Financial implications are contained within the main body of the report.

EQUALITY – This report raises no explicit issues relating to the public sector Equality Duty.

INFORMATION GOVERNANCE – There are no information governance implications.

EXCERPT FROM THE MINUTES OF THE EXECUTIVE HELD ON 29 MAY 2019

EX.36/19 PROVISIONAL GENERAL FUND REVENUE OUTTURN 2018/19

(Key Decision – KD.05/19)

Portfolio Finance, Governance and Resources

Relevant Scrutiny Panel Business and Transformation

Subject Matter

The Deputy Leader, and Finance, Governance and Resources Portfolio Holder submitted report RD.01/19 summarising the provisional outturn for the 2018/19 General Fund Revenue Budget and giving reasons for variances. The outturn position showed a net overspend of £18,685 for Council Services as at 31 March 2019, which would require an additional use of General Fund reserves of £41,000 (as set out in paragraph 5.3).

Requests had been made to carry forward committed expenditure of £406,700, net transfers to/from reserves of £206,275 and transfer from the building control reserve of £32,637 which, if approved, would result in an overall net position of £631,660 on Council Services; however additional funding from Business Rates income of £558,000 had also been realised.

Paragraph 5.2 set out a recommendation that the delegations for the release of the Building Control Reserve be amended to allow the Corporate Director of Economic Development to authorise release of the reserve through an Officer Decision Notice. The reserve was ring-fenced by statute to support improvements to the Building Control Service and was not available for general use by the Council and any release would be in line with that condition.

The information contained within the report was provisional, subject to the formal audit process. The Draft Statement of Accounts for 2018/19 would be presented to the Audit Committee on 8 July 2019, with final approval of the audited accounts on 30 July 2019.

Information on the Council's bad debt provision and balance sheet was also provided at Sections 6 and 7 of the report.

The Deputy Leader commented upon the substantial nature of the variances and carry forward requests.

In conclusion, the Deputy Leader, and Finance, Governance and Resources Portfolio Holder recommended that the Business and Transformation Scrutiny Panel be requested to scrutinise the carry forward requests alluded to, prior to the Executive taking a decision on approval thereof for recommendation to Council.

The Environment and Transport Portfolio Holder seconded the recommendation.

Summary of options rejected None

DECISION

That the Business and Transformation Scrutiny Panel be requested to scrutinise the carry forward requests detailed within Report RD.01/19 prior to the Executive taking a decision on approval thereof for recommendation to Council.

Reasons for Decision

To receive the Report on the Provisional General Fund Revenue Outturn and make recommendations to the City Council

EXCERPT FROM THE MINUTES OF THE BUSINESS AND TRANSFORMATION SCRUTINY PANEL HELD ON 30 MAY 2019

BTSP.43/19 2018/19 PROVISIONAL OUTTURN REPORTS

(a) Provisional General Fund Revenue Outturn 2018/19

The Corporate Director of Finance and Resources presented report RD.01/19 summarising the 2018/19 provisional outturn for the General Fund Revenue Budget. Members were advised that the outturn position showed a net overspend for Council services as at 31 March 2018, and the outturn position would require an additional use of General Fund Reserves of £41,000.

Requests had been made to carry forward committed expenditure of £406,700, net transfers to/from reserves of £206,275 and transfer from the building control reserve of £32,637, which, if approved, would result in an overall net position of £631,660 on Council Services; however additional funding from Business Rates income of £558,000 had also been realised.

The Corporate Director of Finance and Resources informed the Panel that subsequent to the preparation of the reports, the Council was required to make an additional year-end accrual totaling £478,000. This was in respect of flood discounts awarded to businesses in the area to recognise the amount of money due back to the Ministry of Housing, Communities and Local Government (MHCLG) with a further net accrual for other minor amendments. The overall accrual would impact on, and reduce, the level of General Fund Reserves.

The Corporate Director of Finance and Resources asked the Panel to note that the information contained in the report was provisional, subject to the formal audit process. The Draft Statement of Accounts for 2018/19 would be presented to the Audit Committee on 8 July 2019, with final approval of the audited accounts on 30 July 2019.

In considering the report Members raised the following comments and questions:

• Would the additional £478,000 be a reprofiling exercise or would there be an impact on the authority to find the funds?

The Corporate Director of Finance and Resources confirmed that there would be an impact on the General Fund Reserve; it was financially prudent for the authority to make a provision to repay the grant. Had she been aware earlier of the repayment requirement then it would have been included in the provisional outturn report with a recommendation not to authorise, nor to limit the carry forwards due to the impact on reserves.

 Was the authority relying on an underspend in the Capital Programme to cover the repayment of the grant?

The Corporate Director of Finance and Resources clarified that the Senior Management Team would be required to investigate the possibility of reducing the level of the carry forward requests or look at alternative funding should the carry forward requests not all be approved. She added that, as £250,300 was in relation to a revenue contribution to find the capital programme, it was

important to profile the capital programme schemes correctly so the expenditure was in the correct year.

The Corporate Director of Finance and Resources drew the Panel's attention to the provisional outturn position summarised in the table at section 2.2 of the report. She explained that should the Council, taking into account the late accrual, be minded to approve the carry forward requests the minimum reserves would dip below £2.7m. However, the reserves would be returned to above minimum levels by the end of the Medium Term Financial Plan (MTFP). She was assured, based the information currently available and the current assumptions contained within the MTFP, including interest rates and spending profiles, that the reserves would be returned minimum.

The Chairman requested that the Corporate Director of Finance and Resources provide the Panel with a briefing note on the repayment of the grant to Government and the impact on the authority.

What schemes would not progress should the carry forwards not be approved?

The Corporate Director of Finance and Resources responded that the Senior Management Team would have to consider alternative funding to progress schemes. The table of revenue carry forward requests included some smaller low-cost schemes which Senior Managers would have to find alternative funding for.

• Was the proposed reduction in car park revenue affordable given the requirement to pay back the grant?

The Finance, Governance and Resources Portfolio Holder responded that a commitment had been made to change the car parking charges and it would be carried out.

The Town Clerk and Chief Executive reminded the Panel that the Council's reserves were there for situations such as the repayment of the grant. In addition, some of the schemes in the carry forward requests were opportunistic and each year carry forwards were approved and declined and some schemes did not move forward.

The Leader of the Council clarified that the changes to the car parking charges would be progressed and would be affordable.

 A Member had some reservations regarding the carry forward requests and wanted the Senior Management Team to investigate alternative funding opportunities and the scope of the schemes before anything was approved.

The Town Clerk and Chief Executive explained that the Executive had asked Scrutiny to consider the carry forward requests and determine what should be or should not be prioritised.

The Panel discussed their concerns and felt that it would be useful in future to have more details on the schemes set out in the carry forward request table to help determine the priorities.

A Member asked if the Corporate Management project i.e. Direct Revenue was one project, or several smaller projects and the Corporate Director of Finance and Resources confirmed that the request was in respect three smaller schemes. The schemes were £94,000 for the tennis facilities, £150,000 for a property purchase and £6,300 for green gyms. The tennis facilities monies would be reprofiled to the Bitts Park reinstatement project and the property purchase had recently completed.

The Finance, Governance and Resources Portfolio Holder reminded that Panel that the report would also be considered by full Council for final approval.

The Panel requested that further details on each of the carry forward requests be circulated to Members prior to the full Council meeting.

• What was the apprentice infrastructure in section 5 of the report?

The Corporate Director of Finance and Resources explained that money had been set aside to appoint apprentices and cover salary costs with funds received from the Apprenticeship Levy being used to find their training costs.

• A Member asked for clarity with regard to the 2018/19 net variance of the Lanes rental income.

The Corporate Director of Finance and Resources explained that the budget had identified an income shortfall which had been identified in 2019/20 as £275,000. The actual shortfall in 2018/19 had been £145,000. She added the future projected shortfall figure was being considered by the Property Services Manager.

 A Member asked for further information on the backdated head rent calculations at the Market Hall.

The Corporate Director of Finance and Resources responded that the figure covered several years. As background information she explained the process: the head rent for the Market was agreed at the start of the year and each quarter the Council invoiced the Market Hall based on the agreed head rent. At the end of each year the difference between the agreed head rent and the actual head rent was paid either to the Market Hall or to the Council from the Market Hall. In this case there had been a backlog of the annual actual head rent reconciliations due to outstanding issues: that had been compounded by a change in staff at both the City Council and the Managing Agent's. The figure in the report was the full back dated amount to be paid to the Market Hall. This figure had been included in the quarterly management reports which had been considered by the Executive and Scrutiny.

• The Recycling and Waste Management income had a recurring shortfall, was there scope to review the budget?

The Corporate Director of Finance and Resources clarified that the shortfall in income had been mainly due to the reduction in the cost of recyclates nationally however work would be carried out with service managers to review the budget and determine how realistic it was.

What was the reason for the Homeless Accommodation overspend?

The Corporate Director of Governance and Regulatory Services explained that the overspend had been due to the 2015 flood. It had taken some time to reinstate properties and alternative provision had to be found for customers, there had also been a reduction in come as properties were not occupied.

RESOLVED – 1) That the Business and Transformation Scrutiny Panel welcomed the submission of Report RD.01/19 summarising the 2018/19 provisional outturn for the General Fund Revenue Budget.

- 2) That the Corporate Director of Finance and Resources provide Members with a briefing note on the repayment of the grant to Ministry of Housing, Communities and Local Government and the impact on the authority.
- 3) That future General Fund Revenue Outturn reports include more details on the schemes set out in the carry forward request table.
- 4) That further details on each of the carry forward requests be circulated to Members prior to the full Council meeting.
- 5) Although generally supportive, the Panel had some reservation regarding the approval of the carry forward requests and felt it would be prudent for the Senior Management Team to investigate the possibility of alternative funding streams for the schemes.

EXCERPT FROM THE MINUTES OF THE EXECUTIVE HELD ON 17 JUNE 2019

EX.48/19 PROVISIONAL GENERAL FUND REVENUE OUTTURN 2018/19 – CARRY FORWARDS

(Key Decision)

(With the consent of the Chairman, and in accordance with Rule 15 of the Access to Information Procedure Rules; and Regulation 10 of the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 this item was included on the Agenda as a Key decision, although not in the Notice of Executive Key Decisions for decision today)

Portfolio Finance, Governance and Resources

Relevant Scrutiny Panel Business and Transformation

Subject Matter

The Deputy Leader, and Finance, Governance and Resources Portfolio Holder reported that, following consideration of the draft outturn position on 29 May 2019 (Minute EX.36/19), the Executive had asked that the Business and Transformation Scrutiny Panel consider the carry forward requests prior to the Executive making a formal decision and recommendation to Council in July 2019.

Report RD.13/19, a copy of which was submitted, recorded that requests had been made to carry forward expenditure of £406,700.

Following the preparation of the provisional outturn reports, the next stage in the yearend process was the production of the Statutory Statement of Accounts and associated working papers for submission to the External Auditors by 31 May 2019. As part of the quality review of those accounts, additional year-end accruals and other minor adjustments to the outturn position had been required. The total of those adjustments equated to £478,000. The revised outturn position was therefore as set out at paragraph 1.2.

The matter had been the subject of scrutiny by the Business and Transformation Scrutiny Panel on 30 May 2019, when the Panel made the following comments in relation to the carry forwards in the provisional outturn report:

 That future General Fund Revenue Outturn reports include more details on the schemes set out in the carry forward request table.

- That further details on each of the carry forward requests be circulated to Members prior to the full Council meeting.
- That the Panel had some reservation regarding the approval of the carry forward requests and felt it would be prudent for the Senior Management Team to investigate the possibility of alternative funding streams for the schemes.

Minute Excerpt BTSP.43/19(a) setting out the Panel's observations and recommendations was also submitted.

Information regarding the impact upon reserves; details of transfers into and from new and existing reserves; and the revised delegations for the release of the Building Control Reserve was also provided at Section 3 to the report.

The Chairman of the Business and Transformation Scrutiny Panel indicated that the Panel was in the main supportive. Members did, however, have some concerns regarding the additional year-end accrual totalling £478,000. A number of other issues were raised in discussion, including the recurring shortfall in Recycling and Waste Management income.

The Deputy Leader concurred with the Chairman's recollection of proceedings at the Scrutiny Panel meeting. He commented, in particular, upon the need for the new administration to address the income shortfalls (e.g. recycling and waste management) identified.

The Deputy Leader, and Finance, Governance and Resources Portfolio Holder then moved the recommendations set out, which were duly seconded by the Leader.

Summary of options rejected None

DECISION

That the Executive:

- (i) Had considered the feedback from the Business and Transformation Scrutiny Panel and the committed expenditure totalling £406,700, to be incurred in 2019/20, funded by a release from the General Fund Reserve in 2019/20 as detailed in Appendix 1 of Report RD.13/19, for recommendation to Council;
- (ii) Approved the creation of new reserves and transfers into and from the new and existing reserves of £206,275, in addition to the transfer from the building control reserve of £32,637, as detailed in paragraphs 3.2, 3.3 and 3.4 and Appendix 2 of the report, for recommendation to Council;
- (iii) Approved, for recommendation to Council, the revised delegations for the release of the Building Control Reserve.

Reasons for Decision

To receive the Report on the Provisional General Fund Revenue Outturn and make recommendations to the City Council
