We are a friendly design-orientated Chartered Practice committed to environmentally responsible design solutions. We have extensive experience of sustainable new build and refurbishment projects at both domestic and commercial scales. Using the latest 3D CAD software we can provide full Building Information Modeling BIM, and Building Environmental Modelling BEM. We can also provide quick pencil sketches and an enthusiasm for good design to inspire clients.

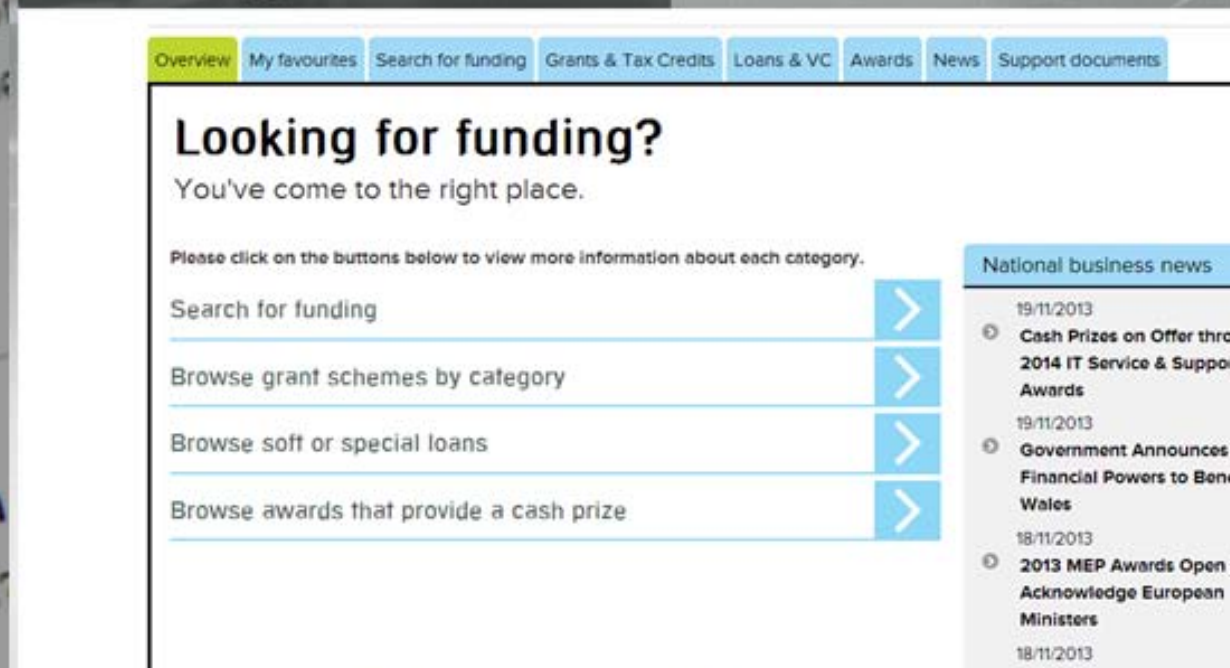

The directors John Bodger and Rod Hughes have lived and worked in Cumbria for over 25 years, they are long standing members of the AECB, the Sustainable Building Association and have been past chairs of Cumbria Action for Sustainability.

Nationally recognised funding search tool

Funding search tool

The screenshot shows the 'Funding search tool' interface. At the top, there is a navigation bar with tabs: Overview (highlighted in yellow), My favourites, Search for funding, Grants & Tax Credits, Loans & VC, Awards, News, and Support documents. Below the navigation bar, the main heading is 'Looking for funding?' followed by the text 'You've come to the right place.' and a prompt 'Please click on the buttons below to view more information about each category.' There are four buttons with right-pointing arrows: 'Search for funding', 'Browse grant schemes by category', 'Browse soft or special loans', and 'Browse awards that provide a cash prize'. On the right side, there is a section titled 'National business news' with a list of news items, each with a date and a title.
