Note: in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers:- The Application, written comments from: Cumbria Constabulary, Cumbria Fire Service, letters from persons living in the vicinity, copies of which are attached to this report.

To the Chairman and Members of the Licensing Sub Committee on

A. THE APPLICATION (Appendix 1)

Applicant:

The Committee of St Bedes Social Club, Silloth Street, Carlisle.

Premises:

ST Bedes Social Club, Silloth Street, Carlisle (Area plan Appendix 2)

The Current Club Premises Certificate

The current Club Certificate authorises the following licensable activities:

Playing of recorded music

Sunday – Saturday From Midnight – Midnight

The Supply of Alcohol On and Off the premises

Sunday From 1200hrs – 2230hrs
Monday – Saturday From 1000hrs – 2300hrs

Variation application

1. An application for the variation of the Club Premises Certificate has been made under Section 84 of the Licensing Act 2003.

The Operating Schedule includes:

2. Relevant licensable activities:

- The supply of alcohol by or on behalf of a club, or to the order of a member of the club for consumption on and off the premises
- Provision of regulated entertainment (films, indoor sporting events, live music, recorded music, performances of dance and anything similar to last

three activities). It is also requested to provide facilities for making music as well as dancing. (see paras. B,C,E, F,G,H,I,J and K)

3. Hours of licensable activities:

- Sunday to Saturday 1100hrs - Midnight
Non Standard Timings for Boxing Day and New Years Eve : 1100hrs – 0200hrs

4. The Club Certificate is held by the Club Committee

5. Supply of alcohol is for consumption both on and off the premises.

Crime and Disorder

Any crimes committed on the premises will be logged and reported to the Police

Public Safety.

All Fire exits will be kept clear and all spillage's cleaned up.

Prevention of Public Nuisance

Members and guests will be requested to leave the premises quietly and show consideration to the local community

Protection of Children.

No persons under 18yrs will be allowed on the premises unless accompanied by an adult

B. RELEVANT REPRESENTATIONS

Responsible authorities:

Police – (Appendix 3)

The police grounds for the representation are that they believe an extension of the opening hours and the introduction of regulated entertainment would create further incidents of noise and potential disorder.

Cumbria Fire and Rescue Service – (Appendix 4)

Cumbria Fire and Rescue Service grounds for the representation are that following an inspection of the premises, they wish to make representation on the grounds that the public safety objectives have not been addressed.

Interested parties:

Persons living in the vicinity -

A letter has been received from Mrs Todd of 23 Silloth Street who objects on the grounds of noise and disorder. (Appendix 5)

A letter has been received from Mrs Vevers of 8 Silloth Street who objects on the grounds of noise and disorder. (Appendix 6)

A letter has been received from D A Leighton of 7 Silloth Street who objects on the grounds of noise and disorder. (Appendix 7)

C. LOCAL LICENSING POLICY CONSIDERATIONS

The Licensing Act 2003 requires the Council to publish a Statement of Licensing Policy that sets out the policies the Council will generally apply to promote the licensing objectives when making decisions on applications made under the Act.

Members should have regard to all relevant information and it is considered that the following sections of the policy, (though not exclusively) have a bearing upon the application:

Introduction

1.2 Carlisle City Council is a licensing authority (the Authority) for the purposes of the Act. The Authority must carry out its licensing functions with a view to promoting the four licensing objectives which are:

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance

- the protection of children from harm

1.10. In determining its policy, the Authority considered the provisions of the Act and had particular regard to:

- the licensing objectives;
- the guidance issued by the Secretary of State under section 182 of the Act;
- the representations made following consultation;
- its duties and obligations under other legislation, including:

Human Rights Act 1998 incorporates the European Convention on Human Rights and makes it unlawful for a local authority to act in a way that is incompatible with a Convention right. The Authority will have particular regard to the following relevant provisions of the European Convention on Human Rights:

- Article 6 that in the determination of civil rights and obligations everyone is entitled to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law;
- Article 8 that everyone has the right to respect for his home and private life; and
- Article 1 of the First Protocol that every person is entitled to the peaceful enjoyment of his or her possessions, including, for example, the possession of a licence.

1.19. The Act limits the representations which can be made about licence applications and who can make such representations. Essentially, representations must relate to one or more of the licensing objectives and must be made by a person living or working in the vicinity of the premises or an organisation which represents such persons. Anyone considering making an objection is invited to discuss their objection with licensing officers prior to submitting their representation.

n.b. The term “vicinity” is used within the Licensing Act 2003 on a number of occasions and, in particular, with reference to those “interested parties” who may lodge objections to applications for premises licences and who may make representations concerning existing premises licences. Section 13(3) defines an “interested party” as being “a person living in the vicinity, a body representing persons living in the vicinity, a person involved in a business in the vicinity or a body representing those persons”.

The Act does not define the term “vicinity”, therefore where the question arises, it is the responsibility of that particular Licensing sub committee considering the application, to determine in each case which person or body is considered to be living in the “vicinity”.

Fundamental Principles

2.1 The policy will promote the four licensing objectives contained in the Act, namely the prevention of crime and disorder, public safety, the prevention of public

nuisance and the protection of children from harm. These are the only matters that will be taken into account in determining applications and any conditions imposed must be necessary to achieve these.

- 2.2 Nothing in the Statement of Licensing Policy will undermine the rights of any person to apply under the Act for a variety of permissions and have their application considered on its individual merits as well as against the relevant policy and statutory framework. It does not override the right of any person to make representations on any application or to seek a review of a licence or certificate where they are permitted to do so under the Act.
- 2.3 All licensing applications will be determined on their individual merits following consideration of the proposals in the application and any relevant representations. In general, licences will be granted on the terms applied for, but licences will not normally be granted in terms which conflict with any of the policies in this document, unless an applicant is able to demonstrate that the exceptional circumstances of their application justify a departure from the policy. The Authority will not depart from the policy if any of the licensing objectives will be undermined by a proposal in the application.
- 2.4 Licensing is about the control of licensed premises, qualifying clubs and temporary events within the terms of the Act. The licensing function cannot be used for the general control of anti social behaviour once consumers are beyond the direct control of the individual, club or business holding the licence, certificate or other authorisation concerned. However the Authority expects holders of a licence, certificate or permission, to make every effort to minimise the impact of their activities and anti social behaviour by their patrons within the immediate vicinity of their premises.

4.2 General Policy

4.2.1. Consideration of the impact of licensable activities

4.2.2. In the event of relevant representations when considering an application for a licence, the authority may take into account the following factors in assessing its likely impact on the licensing objectives in addition to other relevant matters:

- the nature of activities proposed;
- the number of customers likely to attend the premises and the type of customers expected;
- the location of the premises;
- the proposed hours of operation;
- the level of public transport accessibility for customers either arriving or leaving the premises and the likely means of public or private transport that will be used by the customers;
- the physical and accessible nature of the premises;
- the level of likely car parking demand in relation to the use of the premises in comparison with the existing situation and the likely effect on the movement of priority traffic;

- the cumulative impact of licensed premises in an area;
- the scope for mitigating any impact;
- how often the activity is to occur.

4.2.3. In considering any application where premises are already licensed, or have in the past been licensed for any of the licensable activities (under this or previous legislation), the Authority will take into account any evidence from a responsible authority or interested party of demonstrable adverse impact from the activity in the past. If adverse impact has been caused, consider whether appropriate measures have been proposed or put into effect by the applicant to mitigate that adverse impact. The authority will also consider any changes of circumstances, or evidence that the premises have been well run since the past problems occurred.

4.3. Prevention of Crime and Disorder

4.3.1 General Policy

The Authority's starting point is to seek a reduction in crime and disorder throughout the District, consistent with its statutory duty under section 17 of the Crime and Disorder Act 1998.

Licences may be granted if applicants can demonstrate that a positive reduction in crime and disorder will result, or that it will not increase, as a result of the application being granted.

4.3.2. In the event of Police representations, the Authority will generally not grant a licence where it is likely that the premises will be used for unlawful purposes, or where it is considered that the use of the premises is likely to cause an increase in crime and disorder in the area. Where necessary and/or appropriate, and in relation to the type of premises and licensable activity being carried out, applicants are expected to consider the impact of their proposals on crime and disorder, both within and in the vicinity of the premises and to propose practical steps in their operating schedule to prevent crime and disorder. Such steps could include:

- use of CCTV inside and outside the premises;
- use of metal detection or other search equipment or procedures;
- crime and disorder risk assessment in relation to the proposed activities;
- measures to prevent the use or supply of illegal drugs;
- ensuring that all staff are appropriately trained;
- determine the safe occupancy capacity for the premises by carrying out a fire safety assessment;
- employment of sufficient security staff controlling admission and patrolling the interior and exterior of the premises (such staff will be required to be licensed by the Security Industry Authority). The Authority recognises that there is a greater need for security staff in some premises than in others. For example there will be a greater need for security staff in a town centre nightclub than in a village pub;
- participation in Pub Watch or other relevant schemes;

- agreed protocols with police and other organisations and a commitment to cooperate and provide evidence to the police if required;
- ensuring that measures are in place to disperse customers over an extended period and to ensure customers leave the venue in an orderly fashion and without bottles or glasses.

It is recognised that some premises will require minimum measures to promote the licensing objectives.

4.3.4. Carlisle and Eden Crime and Disorder Reduction Partnership

Where appropriate, applicants will be expected to have regard to the information published by the Carlisle and Eden Crime and Disorder Reduction Partnership and consider the impact of their proposals on the issues identified as being of particular concern in the area for example:

- violent crime;
- fear of crime;
- road safety;
- anti-social behaviour.

Applicants will be expected to propose steps to reduce the risks of such crimes increasing as a result of the licensable activities proposed.

4.5 Prevention of Public Nuisance

4.5.1 General policy on Licensing Hours

4.5.2. The Authority recognises that fixed and artificially early closing times can lead to peaks of disorder and disturbance on the streets when large numbers of people leave licensed premises at the same time. Longer licensing hours, particularly relating to the sale of alcohol, may therefore be a factor in reducing disorder at late night food outlets, taxi ranks and other sources of transport in areas where there have already been incidents of disorder and disturbance.

4.5.3. The Authority will not seek to introduce any form of 'zoning' in relation to licensing hours. Zoning is defined as the setting of fixed trading hours within a designated area. All residents living in the vicinity of licensed premises have equal rights to make representations concerning applications for, and reviews of, premises licences, including hours of trading and to have those representations given equal weight regardless of where they live.

4.5.5. In general, the Authority will deal with the issue of licensing hours on the individual merits of each application. However, in the event of relevant representations, when issuing a licence stricter conditions are likely to be imposed with regard to noise control in the case of premises that are situated in predominantly residential and other noise sensitive locations.

4.5.7. The Authority will assess the potential impact of the premises against the characteristics of the area in which they are situated. For example, in the event of

representation being made there would be close scrutiny of applications for a closing time of later than 11pm in respect of premises situated in quiet residential or other noise sensitive locations with low background noise. Greater flexibility on closing times would be considered where for example, applicants could demonstrate that:

- there is a high level of accessibility to public transport services;
- there is an appropriate amount of car parking, readily accessible to the premises, and in places where vehicle movement will not cause demonstrable adverse impact to local residents;
- the operating schedule indicates that the applicant is taking appropriate steps to comply with the licensing objective of preventing public nuisance;
- the licensable activities would not be likely to cause adverse impact especially on local residents, or that, if there is a potential to cause adverse impact, appropriate measures are to be put in place to prevent or minimise that impact.

4.5.9. In the event of representations, the Authority will not normally grant a premises licence in terms which are, in its opinion, likely to result in increased noise disturbance to people living or working in the vicinity.

4.5.10. In particular, the Authority will give careful consideration to an application for a licence, for premises situated in a predominantly residential or other noise sensitive location where the proposed hours of operation would be likely to result in unreasonable noise disturbance between the hours of 11pm and 7am.

4.5.11. The Authority expects the applicant to assess the likely sources of noise disturbance that could arise due to the proposed use consider the existing noise context of the area and propose practical steps to prevent noise disturbance or minimise its effects.

4.5.12. Potential sources of noise include:

- sound leakage from the licensed premises (from entertainment provided, customers on the premises, mechanical equipment etc);
- customers and staff arriving and leaving the premises (including car doors slamming);
- excessive noise from outside entertainment.

4.5.13. Practical steps could include:

- keeping doors and windows closed whilst entertainment is provided;
- installing soundproofing measures to the premises (specialist double glazing, acoustic hoods over extractor fan outlets etc);
- reducing sound levels inside the premises (inclusion of a sound limitation device in the sound system);

- ensuring that queues are directed to form leading away from residential premises;
- ensuring that sufficient door security staff manage queuing and leaving customers to minimise noise;
- erecting prominent notices at exits requesting customers to leave quietly;
- reducing the volume of music entertainment towards the end of the evening;
- giving free lollipops to customers leaving the premises;
- ensuring that sufficient transport is nearby to enable customers leaving the premises to disperse quickly;
- banning from the premises customers known to cause noise disturbance regularly on leaving the premises;
- ensuring that customers are encouraged to leave the premises (including any car park or forecourt) swiftly;
- ensuring the volume of outdoor entertainment does not cause noise disturbance;
- providing police supervision at closing times.

4.5.14. The Authority may impose conditions to ensure that appropriate steps are taken to minimise noise disturbance.

4.5.15. Live music, dancing and theatre

4.5.16. The Authority recognises the need to encourage and promote live music, dance and theatre for the wider cultural benefit of the economy and community, particularly for children and young people.

4.5.17. When considering applications for such events and the imposition of conditions on licences or certificates, the Authority will carefully balance the cultural needs with the necessity of promoting the licensing objectives.

4.5.18. Consideration will be given to the particular characteristics of any event, including the type, scale and duration of the proposed entertainment, especially where limited disturbance only may be caused.

4.5.22. 4.5.22 In the event of representations, licences for premises, in particular for the provision of late night refreshment for consumption off the premises, will not normally be granted where nuisance is likely to be caused by way of litter/food refuse being deposited on streets surrounding the premises and such nuisance is expected, due to the nature of the premises and likely customers, to exceed the level of nuisance caused by similar premises open during the day (for which no licence is required). In their operating schedule, applicants are expected to propose practical steps to reduce the likelihood of such problems arising, which could include:

- provision of litter bins on/in vicinity of premises;
- litter patrols in the area after the premises close (these could be organised in partnership with other premises or the local authority for example).

4.5.23 Conditions may be imposed seeking to limit the nuisance caused by litter

4.5.24 In the event of relevant representations, conditions may be imposed seeking to limit the nuisance caused by litter

4.8. Consideration of applications and the imposition of conditions

4.8.1. On granting a licence, the Authority may only impose conditions that are:

- required by law, and/or
- necessary for the promotion of the licensing objectives and
- proportionate

4.8.2 If no relevant representations are received, a licence will be granted on the terms sought, subject only to such conditions as are consistent with the operating schedule and which comply with the above paragraph and any relevant statutory conditions.

4.8.3. In deciding what conditions to impose, the Authority shall have regard to the operating schedule, together with the provisions of this policy statement, the law, government guidance and any relevant representations made. Where there is any ambiguity or uncertainty in the meaning of any part of the application, the application shall be interpreted in such a way as shall best promote the licensing objectives.

4.8.4. Where relevant representations are received, the Authority will consider those representations together with any representations of the applicant, having regard to the provisions of this policy, the law and government guidance. Where relevant representations have been made, the Authority will not normally grant a licence in terms which conflict with this policy statement. In particular it may:

- reject the application – if to do so is necessary to promote the licensing objectives and none of the following actions is reasonably practicable;
- grant the licence but exclude from its scope one or more of the licensable activities applied for in order to ensure that the licence complies with this policy and promotes the licensing objectives;
- grant the licence but modify such of the conditions imposed as is necessary to ensure compliance with this policy and to promote the licensing objectives;
- grant the licence but refuse to specify a particular person in the licence as the designated premises supervisor if to name that person would undermine the promotion of the licensing objectives;
- approve different parts of the premises for different activities.

4.8.5 The Authority will not impose conditions that duplicate other areas of regulation. For example, conditions will not be imposed which simply duplicate planning conditions or conditions attached to a fire certificate.

4.8.6. However, there may be occasions when conditions will be imposed which the Authority considers necessary for the promotion of the licensing objectives and which overlap with other areas of regulation, when for example the conditions on the fire certificate or planning permission do not adequately deal with those matters.

4.8.7. In general, any conditions imposed will be drawn from a pool of conditions.

4.8.8. Provided the licensing objectives are not undermined and the proposal does not conflict with the other statements in this policy, licences will be granted so that premises will be able to open to provide licensable activities between such times as the applicant sets out in his application.

4.8.8. When deciding what conditions to impose, the Authority will have regard to the particular requirements of people with disabilities and will, so far as possible, seek to ensure that none of the conditions imposed on licences will have the effect of excluding such persons access to licensed premises.

D. NATIONAL GUIDANCE (Section 182 Licensing Act 2003)

Members should have regard to all relevant information and it is considered that the following guidance, (though not exclusively) have a bearing upon the application:

National guidance regarding control of areas outside the premises is as follows:

3.11 Statements of policies should make clear that licensing is about regulating the carrying on of licensable activities on licensed premises, by qualifying clubs and at temporary events within the terms of the 2003 Act, and that the conditions attached to various authorisations will be focused on matters which are within the control of individual licensees and others in possession of relevant authorisations. Accordingly, these matters will centre on the premises being used for licensable activities and the vicinity of those premises. Whether or not incidents can be regarded as being “in the vicinity” of licensed premises is a question of fact and will depend on the particular circumstances of the case. In cases of dispute, the question will ultimately be decided by the courts. But statements of licensing policy should make it clear that in addressing this matter, the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of public living, working or engaged in normal activity in the area concerned. A statement of policy should also make clear that licensing law is not the primary mechanism for the general control of nuisance and antisocial behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Nonetheless, it is a key aspect of such control and licensing law will always be part of a holistic approach to the management of the evening and night-time economy in town and city centres.

National guidance regarding licensing hours is as follows:

3.29 With regard to licensing hours, the statement of policy should generally emphasise the consideration which will be given to the individual merits of an application. The Government strongly recommends that statements of policy should recognise that longer licensing hours with regard to the sale of alcohol are important to ensure that the concentrations of customers leaving premises simultaneously are avoided. This is necessary to reduce the friction at late night fast food outlets, taxi ranks and other sources of transport which lead to disorder and disturbance. The

Government also wants to ensure that licensing hours should not inhibit the development of thriving and safe evening and night-time local economies which are important for investment and employment locally and attractive to domestic and international tourists without compromising the ability to resource local services associated with the night-time economy. Providing consumers with greater choice and flexibility is an important consideration.

National guidance regarding non-duplication of other regimes is as follows:

3.51 *[Policy should indicate]*

that planning, building control and licensing regimes will be properly separated to avoid duplication and inefficiency. Applications for premises licences for permanent commercial premises should normally be from businesses with planning consent for the property concerned. Licensing applications should not be a re-run of the planning application and should not cut across decisions taken by the local authority planning committee or following appeals against decisions taken by that committee. Similarly, the granting by the licensing committee of any variation of a licence which involves a material alteration to a building would not relieve the applicant of the need to apply for planning permission or building control where appropriate.

E. OBSERVATIONS

Pursuant to the Licensing Act 2003, the Committee is obliged to determine this application with a view to promoting the licensing objectives which are:

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance;
- the protection of children from harm.

In making its decision, the Committee is also obliged to have regard to Guidance issued under section 182 of the Licensing Act 2003 and the Council's Statement of Licensing Policy.

The Committee must also have regard to the representations made and the evidence given before them.

F. OPTIONS

The Committee may take such of the following steps as it considers necessary for the promotion of the licensing objectives:

As a guide members may:

1. Grant the variation application as requested.
2. Modify the conditions of the licence, by altering or omitting or adding to them.
3. Reject the whole or part of the application.

When considering their decision, members should refer to paragraph 4.8.4 of the Council's statement of Licensing Policy with regard to the options they should consider.

The Committee is reminded that it may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be necessary in order to promote the licensing objectives.

In order to assist members and applicants and to achieve consistency, sample conditions for premise licences and club premises certificates have been prepared which may be utilised (Guidance GD6)

Notes for Guidance

1. Describe the premises. For example the type of premises it is, its general situation and layout and any other information which would be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for people to consume these off-supplies please include a description of where this will be and its proximity to the premises.
2. Where taking place in a building or other structure please tick as appropriate. Indoors may include a tent.
3. Please state type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.
4. For example (but not exclusively) where the activity will go on for an extra hour during summer months.
5. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.
6. Please give timings in 24 hour clock. (eg 16:00)
7. If the club wishes members and their guests to be able to consume alcohol on the premises please tick on. If the club wishes people to be able to purchase alcohol to consume away from the premises please tick off. If the club wishes people to be able to do both please tick both.
8. Please give information about anything to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups etc gambling machines etc
9. Please list here steps you will take to promote all four licensing objectives together.
10. The application form must be signed by someone with the authority to bind the club.
11. This is the address which we will use to correspond with the club about this application.

18th December 2006

Dear Sir,

RE : St Bedes Social Club Silloth Street Carlisle.

I write on behalf of Cumbria Constabulary to register our objection to the application, made by Mr Swailes, for a variation on the St Bedes Social Club, Club Certificate.

The grounds for the objection are that an extension of the opening hours and the introduction of regulated entertainment would create further incidents of noise and potential disorder.

The grounds for the objection are supported by the fact that Police have received continual complaints from local residents and have had to attend various incidents of disorder at the premises.

The incidents that have been reported to the police and have required the police to attend the premises for the period 01/01/06 to date and have been recorded on Police incident logs are as follows:

- 28/01/06 23:39hrs Member of Staff at Silloth Street Club reporting "Fight in big room".
- 12/03/06 19:50hrs Local resident reporting a fight outside the Club approx 10 adults.
- 01/05/06 22:15hrs Mr Swailes reporting 3 people fighting using chairs and pool cues.
- 07/05/06 21:27hrs Local resident reporting fight in the yard at club. man lying on floor
- 25/06/06 02:20hrs Local resident reporting loud music coming from club.
- 27/08/06 19:51hrs Call from bar staff for assistance to eject persons barred from the club.
- 03/09/06 00:25hrs report of large fight in the car park
- 30/09/06 23:29hrs Resident reporting disturbance at Silloth Street Club.
- 01/10/06 00:10hrs Report of 6-8 persons arguing in Silloth st.
- 26/11/06 00:16hrs club singer requesting ambulance for male who has been assaulted.

Furthermore at 23:54hrs on Saturday 2nd December 2006 Police officers entered the St Bedes Club following reports of breaches of the Licensing Act 2003. There was clear evidence that offences were being committed.

Alcohol was being served from the bar after 23:00hrs otherwise than authorised by the Club Certificate.

The club has been holding regulated entertainment at the premises, on a frequent basis, when not authorised to do so.

On 7th December 2006 The Certificate holder, Mr Swailes attended the Police Station and was interviewed for these offences and has been reported for Summons.

PC 1306 O'Dowd, The local community officer has received letters of complaint, from local residents; regarding disorder emanating from the club He has also received complaints from residents via the local Councillor.

The St Bedes Social Club is located in a residential area of which a number of residents are elderly.

Yours faithfully,

Ian Jardine

City West LPT Inspector

Dear Sir

**LICENSING ACT 2003
SILLOTH STREET SOCIAL CLUB 4 SILLOTH STREET CARLISLE**

I refer to the application for the grant of a variation of the licence under the above Act received here on 11 December 2006.

An inspection of the premises has been carried out on the 20 December 2006 and as a result of that inspection the Fire Authority now make representation on the grounds that the public safety objectives have not been addressed. In order to satisfy the Fire Authority's public safety concerns it is recommended that the enclosed list of improvements be implemented prior to the licence being issued.

Any fire precautions or works affecting means of escape should satisfy Building Regulations which are administered by Building Control Bodies (Local Authority or Approved Inspectors) who will give authoritative advice in respect of these matters.

Yours faithfully

A Butterworth

SCHEDULE OF WORK

OUR REF: LIC2(a) CFS/13344/AB/PT

DATE: 20 December 2006

PREMISES ADDRESS: Silloth Street Social Club
4 Silloth Street
CARLISLE

Means of Escape in Case of Fire

- 1.1 The broken emergency release device fitted to the emergency exit door from the higher level of the function room must be replaced.

Exit Signs & Notices

- 2.1 A directional exit sign should be provided in the bar area and be positioned to indicate the means of escape towards the entrance door.
- 2.2 The damaged directional exit sign in the entrance hall outside the ladies toilet should be replaced.
- 2.3 All existing illuminated exit signs must be repaired or replaced so that all signs are to the maintained illuminated standard.
- 2.4 Each exit door fitted with a panic bar emergency release mechanism should have a notice worded **PUSH BAR TO OPEN** in white block lettering on a green background or a suitable pictogram fitted to the inside face of the door.
- 2.5 Printed notices should be displayed at conspicuous positions adjacent fire alarm control points in the building stating in concise terms the essentials of the action to be taken upon discovering a fire and upon hearing the alarm. The notices should be permanently fixed in position and suitably protected to prevent loss or defacement.

Fire Alarm

- 3.1 Operation of the fire alarm must automatically mute all sound systems in the premises.
- 3.2 A fire alarm break glass point test key should be obtained to allow weekly testing of the fire alarm to take place.

Fire Fighting Equipment

- 4.1 Fire fighting equipment should be examined regularly by the manufacturers or other competent persons and maintained and tested in accordance with BS 5306 Part 3 2000. The extinguishers are due for service.

Emergency Lighting

- 5.1 All emergency lighting luminaires and the illuminated exit signs should be checked to establish whether they are functioning correctly and be repaired or replaced as necessary.

Dear Sir

I wish to object very strongly, to the application for a licence for St Bede's SOCIAL CLUB

The noise and disruption these people cause is simply disgraceful. Sometimes arguing and fighting, shouting and girls screaming. Bottles and glass smashed and left lying around, men urinating in the street, in front of residents.

Please listen to anyone, who objects before you make your final decision

Many Thanks

Dear Sir,

Re-licence application for St Bedes Social Club Sillath St Carlisle. I object to this application because of the noise, foul language, shouting, rowdiness, fighting, smashing of glasses and bottles, swearing, also music blaring from the entertainment. The bringing out tables into the yard in the summer and playing music loudly from car cassettes parked in the yard. Bottles and glasses left on my door steps and window sill. Sick in my lane door way of which I have to clean.

I also have Bottles - Glasses - cans - Food - syringes thrown over from this club into my yard. Also a pub stool which hit the roof of my extension and broke 3 Tiles all have which have at the time been reported to the police.

I hope everything is taken into consideration

Your Truly
Mrs A Vevers

Dear Sir

We wish to appeal against the
St Bedes Club, late licence, They come
out of the Club all hours of the night,
This leads to fighting (small/large) men,
Men standing in full view of
the public peeing + our house
window, this has gone on for years
Beer glasses on the road + path also
Beer Bottles as above, (cartyers bust),
My husband + I, also next door have
had to clean sick up off our door step,
The police should check this pub reg,
also the environment and you's,
In summer they sit out side at tables
in the car park drinking (No licence for
this?), Taxi Testing horns after
10pm at night, (gone on for years).

Thanks D, A heighten.

PS, So No late licence for my family
We want a good sleep this N/year.

PS,

Young ~~lads~~ lads, snorting ?? off hand's
up in car park, up in far corner,
under light, This is in view of
local house holds, , , Then they stand
and pee, by car's in the car park,

They sit out side in summer.
drinking around tables, (Have they
a licence for this -
