## **Summary:-**

The Licensing Authority has received an application for the review of a premises licence in accordance with Section 51 of the Licensing Act 2003. The Sub-Committee is asked to consider the request in light of the representation that has been made by the District Environmental Health Officer.

## **Recommendation:-**

It is recommended the Sub-Committee determine the application in accordance with one of the options set out in paragraph 5.

J A Messenger, Licensing Manager

Note: in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers:- The Review Application from Environmental Health, report from Cumbria Constabulary and letters from Interested Parties, copies of which are attached to this report.

## To the Chairman and Members of the Licensing Sub Committee on 6<sup>th</sup> August 2007

### 1 THE APPLICATION

The application is for the review of a premises licence under section 51 of the Licensing Act 2003 in respect of premises known as The Globe Tavern, Bank Street, Longtown.

#### 1.1 Applicant – Environmental Health

On 21<sup>st</sup> June 2007 an application was received from Carlisle City Council Environmental Health, a Responsible Authority under the Licensing Act 2003, for the review of the premises licence relating to The Globe Tavern, Bank Street, Carlisle (**Appendix 1**).

The review application relates to the following licensing objective:

- the prevention of Public Nuisance  
(see para. 1.5 below re additional representations under the objectives from Cumbria Constabulary and Interested Parties)

#### 1.2 Grounds for review

Since the premises licence was transferred to the current licensee, music has been provided on a regular basis. The type and volume of music would appear to be inappropriate for the locality and is proving to be causing disturbance to a number of residents living in the vicinity of the premises.

Despite advice, verbal and written warnings from Environmental Health Officers and the serving of an Abatement Notice, noise from music and customers using the garden is continuing to affect residents enjoyment of their own homes.

1.3 Copies of the review application have been forwarded to the Premises Licence Holder and all Responsible Authorities. As a result Cumbria Constabulary have also made representations (Para. 1.5).

1.4 The application has been advertised as required by statute for a 28 day period both on the premises, on the Council website and on the Civic Centre main notice board (**Appendix 2**).

1.5 Following the advertising of the review, the following additional representations under the licensing objectives have been received:

#### **Cumbria Constabulary (Appendix 3)**

Licensing Objectives:

Prevention of Crime and Disorder  
Prevention of Public Nuisance  
Protection of Children from Harm

The Police have submitted a file covering the previous three month period, which contains reports and incident logs in respect of the premises under the above licensing objectives including reports of;

- Assault
- Criminal damage
- Sale of drugs
- Underage drinking
- Excessive music noise levels

### **Interested Parties**

Mr R Nichol, High Walls, Bank Street, Longtown	<b>(Appendix 4)</b>
Mrs M Story, 10 Bank Street, Longtown	<b>(Appendix 5)</b>
Mr M Knudsen, 17 Bank Street, Longtown	<b>(Appendix 6)</b>
Mrs B Thoburn, 26 Bridge Street, Longtown	<b>(Appendix 7)</b>
Mr & Mrs W Johnston, 12 Bank Street, Longtown	<b>(Appendix 8)</b>
Mr & Mrs Stoneley, 4 Bank Street, Longtown	<b>(Appendix 9)</b>
Arthuret Parish Council, 9 Esk Street, Longtown	<b>(Appendix 10)</b>

The above Interested parties raise concerns regarding;

- Noise nuisance from music
- Bottles and glasses left by customers
- Fighting, disorder and vandalism

Poppleston Allen, Solicitors representing the freehold owner. **(Appendix 11)**

They have a business interest in the premises and have concerns regarding any disproportionate and unnecessary response to the review application.

- Drew Alexander Aitken Brown

**2.4 Licence conditions** (Carried forward from previous licences)

The conditions under which the licence may operate are included in the premises licence (**Appendix 13**)

**2.5 Previous complaints**

Following a number of mainly noise related complaints, on 23 May 2007 the premises licence holder, Mr Brown, was requested to attend a meeting at the Civic Centre. Mr Watson of the Licensing Section and Mr Strange of the Food, Health and Safety Team spoke to him. They discussed the complaints and he was given guidance on reducing excessive noise emanating from the premises and the 'Challenge 21' initiative to reduce the risk of underage sales of alcohol. Mr Watson later confirmed the areas discussed in a letter to Mr Brown (**Appendix 15**).

On 2<sup>nd</sup> June 2007 Mr Watson visited the area of the Globe Tavern where he met Miss Moir from Environmental Protection. As a result of the level of noise he heard emanating from the premises, Mr Watson prepared a witness statement (**Appendix 16**).

### **3 POLICY FRAMEWORK**

3.1 It is a corporate objective to promote a safe Carlisle. The determination of an application to review a premises licence in accordance with the Act and its statement of licensing policy, fulfils that objective.

3.2 Carlisle City Council statement of licensing policy considers reviews of licences at Paragraph 5.2:

5.2.1 The authority will view seriously applications for the review of any premises licence where it involves:

- persistent failure to comply with licence conditions;
- actions or omissions by the licensee (or their staff) which undermine the licensing objectives, particularly where they endanger public safety, expose children to actual or potential harm or cause public nuisance.

5.2.2 They will also view particularly seriously, any applications for review where (inter alia):

- licensed premises have been used for the sale and distribution of illegal drugs and the laundering of the proceeds of drugs crimes;
- there have been proven sales of alcohol to and the consumption of alcohol by children for consumption on or off licensed premises;
- the police have frequently been called to attend to incidents of disorder at the premises;
- there have been frequent sales of alcohol to under age, or persons already intoxicated.

3.3 The policy considers the relevant licensing objectives in the following paragraphs:

4.3 Prevention of Crime and Disorder

4.4 Public Safety

4.5 Prevention of Public Nuisance

4.6 Protection of Children from Harm

A copy of the policy has been forwarded to Sub Committee members for their information.

3.4 Section 182 of the Licensing Act 2003 states that the Secretary of State must issue guidance to local authorities on the discharge of their functions under this Act. Amended guidance was laid before Parliament on 28 June 2007 and came into force that date.

In relation to the review of premises licences, the guidance refers to the following options available to the authority (Para. 5 of this report).

#### 11.16

The licensing authority may decide that no action is necessary if it finds that the review does not require it to take any steps necessary to promote the licensing objectives. In addition, there is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. It is expected that licensing authorities will regard such warnings as an important mechanism for ensuring that the licensing objectives are effectively promoted and that warning should be issued in writing to the holder of the licence. However, where responsible authorities like the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing – that have failed as part of their own stepped approach to concerns, licensing authorities should not merely repeat that approach.

#### 11.17

Where the licensing authority considers that action under its statutory powers are necessary, it may take any of the following steps:

- To modify the conditions of the premises licence (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;
- To exclude a licensable activity from the scope of the licence, for example, to exclude the performance of live music or playing of recorded music (where it is not within the incidental live and recorded music exemption);
- To remove the designated premises supervisor, for example, because they consider that the problems are the result of poor management;
- To suspend the licence for a period not exceeding three months;
- To revoke the licence.

#### 11.18

In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than a necessary and proportionate response.

11.19 For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual.

11.20 Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems which impact upon the licensing objectives.

#### 11.21

Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a

temporary period of up to three months. Temporary changes or suspension of the licence of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as a necessary means of promoting the licensing objectives. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is necessary and proportionate to the promotion of the licensing objectives.

#### **4 THE LEGAL IMPLICATIONS**

- 4.1 The licensing authority must determine the application in accordance with Section 52 of the Act, which outlines the circumstances whereby a hearing is required and the options available to the committee when determining the application.
- 4.2 An appeal may be made to the magistrates' court against the decision of the authority by the responsible authority, interested party or premises licence holder, within 21 days from the date of being notified.
- 4.3 Section 52(11) provides that a determination under this section does not have effect until the end of the period given for appealing against the decision, or if the decision is appealed against, until the appeal is disposed of.

#### **5 OPTIONS**

- 5.1 The application will be determined in accordance with the relevant sections of the Act, the statement of licensing policy and paragraph 11.17 of the section 182 guidance offered by the Secretary of State.
- 5.2 The licensing authority must, having regard to the application and any relevant representations, take such steps it considers necessary for the promotion of the licensing objectives. These steps are:
  - (a) to modify the conditions of the licence;
  - (b) to exclude a licensable activity from the scope of the licence;
  - (c) to remove the designated premises supervisor;
  - (d) to suspend the licence for a period not exceeding 3 months;
  - (e) to revoke the licence.
- 5.3 Members should also consider para. 11.16 of the guidance (para. 3.4 of this report) where it is considered that no action, or an informal warning should be given.

The prevention of public nuisance.

Since the Premises Licence was transferred to the current licensee, music has been provided on a regular basis. The type and volume of music would appear to be inappropriate for the locality and is proving to be causing disturbance to a number of residents living in the vicinity of the premises.

Despite advice, verbal and written warnings from Environmental Health Officers and the service of an Abatement Notice, noise from music and from customers using the garden, is continuing to affect residents enjoyment of their own homes.

**Please provide as much information as possible to support the application**  
(please read guidance note 2)

The Globe Tavern is a long established public house situated on Bank Street Longtown, which operated without any complaints being made to this department until 30 April 2007. Since that date, residents have been reporting that music played at the premises is audible within their homes on a regular basis from Thursday to Saturday at night and on Sunday afternoons/evenings.

The Globe Tavern is a stone building with a slated roof, the most recent part of the building was likely to have been constructed around the time of the first world war. The main access door fronts onto Bank Street where older people occupy a number of the residential properties. There are further residential properties in close proximity to the premises on Esk Street, High Street and Netherby Street (see attachment 1). The public house comprises of two bars connected by a corridor. A dancefloor is located in the larger of the two bars where there are a number of windows facing onto Bank Street. The windows have been boarded from the inside with MDF. There is also a fire exit door leading from the bar to a garden area at the rear of the premises.

Transfer of the Premise Licence to the current Licensee took effect from 13 March 2007. It is understood that the licensee has installed a new in house PA system and is now staging regular events which include DJ led dance music (see attachment 2) and theme nights. The garden area which, in the past, was rarely used is now in regular use by customers. Officers have found there is a significant increase in the level of noise escaping from the building when the doors between the bar and the garden are open. Depending on the weather, there can also be significant noise from customers using the garden.

To date, this department is in receipt of 6 complaints from individual residents who reported that noise from the Globe was affecting the enjoyment of their own homes. The majority of complainants stated they did not want to make a formal complaint as they had always got on with previous licensees, however, most felt the noise had become unbearable and felt there was no prospect of anything changing. At least two complainants said they had spoken to the licensee about noise levels. One resident has had to move bedrooms in order to get to sleep, another said she felt frightened when people were hanging around the premises at night. As a result, she went to bed early but then had to pull the duvet over her head and just wait for the noise to stop.

A diary sheet kept by one of the residents is attached (see attachment 3).

Officers from this department have monitored and witnessed the noise from within one of the residential properties affected. Noise from music could clearly be heard within the property with the windows closed. When the property windows were opened, the noise levels increased significantly. When the fire doors at the Globe were open, levels were further increased and included noise from people who were using the garden. As a result of the findings, an EHO considered the noise amounted to a Statutory Nuisance and an Abatement Notice was served on the licensee as the occupier of the premises (see attachments 4a,4&5), however, very little reduction in noise levels would appear to have resulted.

Officers will be able to provide more detailed information on noise measurements at the review hearing.

The following is a diary of events.

30 April 2007 - Initial complaint received regarding noise from music on 28 April. The complainant reported that noise from music played at the premises caused sleep disturbance.

1 May 2007 – Calling card posted through the letterbox at the Globe Tavern.

3 May 2007 – No response from calling card. Letter sent to licensee (see attachment 6).

10 May – 2nd complaint received. Complainant was concerned that regular dance nights were being advertised at the premises

10 May – Informal noise monitoring carried out in the vicinity of the premises. Bass beat and accompanying voice was clearly audible along Bank Street, Esk Bank and part of Netherby Street. The noise was particularly noticeable outside domestic premises opposite the Globe when customers entered and left the Globe.

11 May – The licensee was verbally advised of the previous nights findings and of the consequences should the noise continue and be assessed to be a Statutory Nuisance. The licensee claimed he had not received the letter sent on 3 May

14 May – 3d complaint received.

15 May – A copy of the letter dated 3 May (attachment 6) was hand delivered to the premises. The licensee was invited to a meeting at the Civic centre (see attachment 7)

18 May - 4th complaint received.

23 May – The licensee was invited to a meeting at the Civic Centre where he was verbally advised of the consequences if the noise continued to cause disturbance.

25 May - 5th complaint received

29 May - 6th complaint received

31 May – Noise monitoring carried out from resident's properties. At the time of the visit, residents commented that although they could still hear the noise, it wasn't anywhere near as bad as it had been earlier in the evening. It was later confirmed that the police had visited the premises earlier in the evening and requested the volume was reduced. The next day, residents reported that the volume increased again around 11.00 PM after officers had left.

2 June – An EHO and Licensing Officer witnessed activities in the vicinity of the public house and from within domestic premises. The officers were able to hear the words of songs and identify tunes being played from within a complainant's house with the windows closed.

5 June – An Abatement Notice (see attachment 4) was served on the licensee.

7 June – Noise was monitored from the street. Bass beat and accompanying voice could be heard but was not as loud as previously witnessed. The next day complainants stated the noise had been audible from their homes but felt that it had reduced.

8 June - An amended Abatement Notice was served (see attachment 5).

9 June – An EHO visited a complainant's property as a result of being called out by the police. The EHO witnessed and measured noise from within a residential property. The noise was considered to be a Statutory Nuisance. Noise levels were witnessed by Police Officers who also attended.

14 June – Further noise monitoring carried out from a residential property. Noise from music was audible from within the property with the windows closed.

15 June - Licensee advised that further action would be pursued (see attachment 8 ).

Dear Mr Brown

**RE: ENVIRONMENTAL PROTECTION ACT 1990  
NOISE NUISANCE, THE GLOBE TAVERN**

On 23 May 2007 you met with my colleagues Mr Watson and Mr Strange. At the meeting you were advised about a number of issues relating to the operation of the above premises which cause concern to this Authority.

My colleague Mr Strange explained this departments position regarding noise nuisance and the consequences of noise being assessed as amounting to a statutory nuisance.

I must advise you that the noise, (in particular, noise from music) emitted from the premises on the 2 June 2007 was excessive and that a statutory nuisance was identified. As such, this Authority must move to the next stage which is the service of an Abatement Notice which formally requires the noise nuisance to cease with immediate and ongoing effect.

The Abatement Notice is enclosed herewith.

Should you wish to appeal the notice, you would need to apply to the Magistrates Court within 21 days from 5 June 2007. Notes relating to appeals are attached to the notice.

You must be aware that any breaches of Abatement Notices are referred to the Magistrates Court.

INVESTOR IN PEOPLE

You must also be aware that this department is likely to seek review of the premises licence.

Yours sincerely

*Margaret Moir*

ENVIRONMENTAL PROTECTION ACT 1990, Section 79 & 80

### Abatement Notice in respect of Noise Nuisance

To: **Mr Drew Alexander Aitken Brown**  
**The Globe Tavern, Bank Street, Longtown, Cumbria, CA6 5PS**

TAKE NOTICE that under the provisions of the Environmental Protection Act 1990 the **CARLISLE CITY COUNCIL** being satisfied of the existence of noise amounting to a statutory nuisance under section 79(1)(g) of that Act at

**The Globe Tavern, Bank Street, Longtown, Cumbria, CA6 5PS**  
within the district of the said Council arising from:

**The emission of amplified music from the premises**

HEREBY REQUIRE YOU as, the occupier of the premises from which the noise is or would be emitted

**With immediate effect**

from the service of this notice, to abate the same and also **PROHIBIT** recurrence of the same

**IN** the event of an appeal this notice shall **NOT** be suspended until the appeal has been abandoned or decided by the Court, as, in the opinion of the Council,

[the expenditure which would be incurred by any person in carrying out works in compliance with this notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance].

**IF** without reasonable excuse you contravene or fail to comply with any requirement of this notice you will be guilty of an offence under section 80(4) of the Environmental Protection Act 1990 and on summary conviction will be liable to a fine not exceeding level 5 of the Standard Scale £2000, together with a further fine of an amount equal to one-tenth of that level for each day on which the offence continues after conviction. A person who commits an offence on industrial, trade or business premises will be liable on summary conviction to a fine not exceeding £20,000.

The Council may also take proceedings in the High Court for securing the abatement, prohibition or restriction of the nuisance. Further, if you fail to execute all or any of the works in accordance with this notice, the Council may execute the works and recover from you the necessary expenditure incurred.

Signed:

*Margaret Moir*

**DULY APPOINTED OFFICER**

(The Officer appointed for this purpose)

**NB. The person served with this notice may appeal against the notice to a Magistrates' Court within twenty one days beginning with the date of service of the notice. See notes attached to this Notice.**

The Statutory Nuisance Appeals Regulations 1995 provide as follows:

**APPEALS UNDER SECTION 80(3) of the 1990 Act**

2(1) The provision of this regulation apply in relation to an appeal brought by any person under section 80(3) of the 1990 Act (appeals to magistrates) against an abatement notice served upon him by a local authority.

(2) The grounds on which a person served with such a notice may appeal under section 80(3) are any one or more of the following grounds that are appropriate in the circumstances of the particular case –

- a) that the abatement notice is not justified by section 80 of the 1990 Act (summary proceedings for statutory nuisances);
  - b) that there has been some informality, defect or error in, or in connection with, the abatement notice, or in, or in connection with, any copy of the abatement served under section 80A(3) (certain notices in respect of vehicles, machinery or equipment);
  - c) that the authority have refused unreasonably to accept compliance with alternative requirements, or that the requirements of the abatement notice are otherwise unreasonable in character or extent, or are unnecessary;
  - d) that the time, or where more than one time is specified, any of the times, within which the requirements of the abatement notice are to be complied with is not reasonably sufficient for the purpose;
  - e) where the nuisance to which the notice relates-
    - i) is a nuisance falling within section 79(1)(a),(d),(e),(f) or (g) of the 1990 Act and arises on industrial trade, or business premises, or
    - ii) is a nuisance falling within section 79(1)(b) of the 1990 Act and the smoke is emitted from a chimney, or
    - iii) is a nuisance falling within section 79(1)(ga)(a) of the 1990 Act and is noise emitted from or caused by a vehicle, machinery or equipment being used for industrial, trade or business purposes, that the best practicable means were used to prevent, or to counteract the effects of, the nuisance;
  - f) that, in the case of a nuisance under section 79(1)(g) or (ga) of the 1990 Act (noise emitted from premises), the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to the noise to which the notice relates of-
    - i) any noise served under section 60 or 66 of the 1974 Act (control of noise on construction sites and from certain premises), or
    - ii) any consent given under section 61 of the 1974 Act, or
    - iii) any determination made under section 67 of the 1974 Act (noise control of new buildings);
  - g) that, in the case of a nuisance under section 79(1)(ga) of the 1990 Act (noise emitted from or caused by vehicles, machinery or equipment), the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to noise to which the notice relates, of any condition of a consent given under paragraph 1 of schedule 2 to the 1993 Act (loudspeakers in streets or roads);
  - h) that the abatement notice should have been served on some person instead of the appellant being-
    - i) the person responsible for the nuisance, or
    - ii) the person responsible for the vehicle, machinery or equipment, or
    - iii) in the case of a nuisance arising from any defect of a structural character, the owner of the premises, or
    - iv) in the case where the person responsible for the nuisance cannot be found or the nuisance has not yet occurred, the owner or occupier of the premises;
  - j) that the abatement notice might lawfully have been served on some person instead of the appellant being –
    - (i) in the case where the appellant is the owner of the premises, the occupier of the premises, or
    - (ii) in the case where the appellant is the occupier of the premises, the owner of the premises, and that it would have been equitable for it to have been so served;
  - k) that the abatement notice might lawfully have been served on some person in addition to the appellant, being
    - (i) a person also responsible for the nuisance, or
    - (ii) a person who is also owner of the premises, or
    - (iii) a person who is also an occupier of the premises, or
    - (iv) a person who is also the person responsible for the vehicle, machinery or equipment, and that it would have been equitable for it to have been so served.
- 3 If and so far as an appeal is based on the ground of some informality, defect or error in, or in, or in connection with, the abatement notice, or in, or in connection with, any copy of the notice served under section 80A(3), the court shall dismiss the appeal if it is satisfied that the informality, defect or error was not a material one.
- 4 Where the grounds upon which an appeal is brought include a ground specified in paragraph (2)(i) or (j) above, the appellant shall serve a copy of his notice of appeal on any other person referred to, and in the case of any appeal to which these regulations apply he may serve a copy of his notice of appeal on any other person having an estate or interest in the premises, vehicle, machinery or equipment in question.
- 5 On the hearing of the appeal the court may-
  - (a) quash the abatement notice to which the appeal relates, or
  - (b) vary the abatement notice in favour of the appellant in such a manner as it thinks fit, or
  - (c) dismiss the appeal;
 and an abatement notice that is varied under sub-paragraph (b) above shall be final and shall otherwise have effect, as so varied, as if it had been made by the local authority.
- 6 Subject to paragraph (7) below, on the hearing of an appeal the court may make such order as it thinks fit-
  - (a) with respect to the person by whom any work is to be executed and the contribution to be made by any person towards the cost of the work, or
  - (b) as to the proportions in which any expenses which may become recoverable by the authority under Part iii of the 1990 Act are to be borne by the appellant and by any other person.
- 7 In exercising its powers under paragraph (6) above the court-
  - (a) shall have regard, as between an owner and an occupier, to the terms and conditions, whether contractual or statutory, of any relevant tenancy and to the nature of the works required, and
  - (b) shall be satisfied before it imposes any requirement thereunder on any person other than the appellant, that the person has received a copy of the notice of appeal in pursuance of paragraph (4) above.

**SUSPENSION OF NOTICE**

- 3(1) Where-
- (a) an appeal is brought against an abatement notice served under section 80 or section 80A of the 1990 Act, and-
  - (b) either-
    - (i) compliance with the abatement notice would involve any person in expenditure on the carrying out of works before the hearing of the appeal, or
    - (ii) in the case of a nuisance under section 79(1)(g) or (ga) of the 1990 Act, the noise to which the abatement notice relates is noise necessarily caused in the course of the performance of some duty imposed by law on the appellant, and
  - (c) either paragraph (2) does not apply, or it does apply but the requirements of paragraph (3) have not been met, the abatement notice shall be suspended until the appeal has been abandoned or decided by the court.
- (2) This paragraph applies where-
- (a) the nuisance to which the abatement notice relates-
    - (i) is injurious to health, or
    - (ii) is likely to be of a limited duration such that suspension of the notice would render it of no practical effect, or
  - (b) the expenditure which would be incurred by any person in the carrying out of works in compliance with the abatement notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.
- (3) Where paragraph (2) applies the abatement notice-

- (a) shall include a statement that paragraph (2) applies, and that as a consequence it shall have effect notwithstanding any appeal to a magistrates' court which has not been decided by the court, and
- (b) shall include a statement as to which of the grounds set out in paragraph (2) apply.

## APPEALS UNDER SECTION 80(3) of the 1990 Act

- 2(1) The provision of this regulation apply in relation to an appeal brought by any person under section 80(3) of the 1990 Act (appeals to magistrates) against an abatement notice served upon him by a local authority.
- (2) The grounds on which a person served with such a notice may appeal under section 80(3) are any one or more of the following grounds that are appropriate in the circumstances of the particular case –
- a) that the abatement notice is not justified by section 80 of the 1990 Act (summary proceedings for statutory nuisances);
  - b) that there has been some informality, defect or error in, or in connection with, the abatement notice, or in, or in connection with, any copy of the abatement served under section 80A(3) (certain notices in respect of vehicles, machinery or equipment);
  - c) that the authority have refused unreasonably to accept compliance with alternative requirements, or that the requirements of the abatement notice are otherwise unreasonable in character or extent, or are unnecessary;
  - d) that the time, or where more than one time is specified, any of the times, within which the requirements of the abatement notice are to be complied with is not reasonably sufficient for the purpose;
  - e) where the nuisance to which the notice relates-
    - i) is a nuisance falling within section 79(1)(a),(d),(c),(f) or (g) of the 1990 Act and arises on industrial trade, or business premises, or
    - ii) is a nuisance falling within section 79(1)(b) of the 1990 Act and the smoke is emitted from a chimney, or
    - iii) is a nuisance falling within section 79(1)(ga)(a) of the 1990 Act and is noise emitted from or caused by a vehicle, machinery or equipment being used for industrial, trade or business purposes, that the best practicable means were used to prevent, or to counteract the effects of, the nuisance;
  - f) that, in the case of a nuisance under section 79(1)(g) or (ga) of the 1990 Act (noise emitted from premises), the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to the noise to which the notice relates of-
    - i) any noise served under section 60 or 66 of the 1974 Act (control of noise on construction sites and from certain premises), or
    - ii) any consent given under section 61 of the 1974 Act, or
    - iii) any determination made under section 67 of the 1974 Act (noise control of new buildings);
  - g) that, in the case of a nuisance under section 79(1)(ga) of the 1990 Act (noise emitted from or caused by vehicles, machinery or equipment), the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to the noise to which the notice relates, of any condition of a consent given under paragraph 1 of schedule 2 to the 1993 Act (loudspeakers in streets or roads);
  - h) that the abatement notice should have been served on some person instead of the appellant being,-
    - (i) the person responsible for the nuisance, or
    - (ii) the person responsible for the vehicle, machinery or equipment, or
    - (iii) in the case of a nuisance arising from any defect of a structural character, the owner of the premises, or
    - (iv) in the case where the person responsible for the nuisance cannot be found or the nuisance has not yet occurred, the owner or occupier of the premises;
  - i) that the abatement notice might lawfully have been served on some person instead of the appellant being –
    - (i) in the case where the appellant is the owner of the premises, the occupier of the premises, or
    - (ii) in the case where the appellant is the occupier of the premises, the owner of the premises, and that it would have been equitable for it to have been so served;
  - j) that the abatement notice might lawfully have been served on some person in addition to the appellant, being
    - (i) a person also responsible for the nuisance, or
    - (ii) a person who is also owner of the premises, or
    - (iii) a person who is also an occupier of the premises, or
    - (iv) a person who is also the person responsible for the vehicle, machinery or equipment, and that it would have been equitable for it to have been so served.
- 3 If and so far as an appeal is based on the ground of some informality, defect or error in, or in, or in connection with, the abatement notice, or in, or in connection with, any copy of the notice served under section 80A(3), the court shall dismiss the appeal if it is satisfied that the informality, defect or error was not a material one.
- 4 Where the grounds upon which an appeal is brought include a ground specified in paragraph (2)(i) or (j) above, the appellant shall serve a copy of his notice of appeal on any other person referred to, and in the case of any appeal to which these regulations apply he may serve a copy of his notice of appeal on any other person having an estate or interest in the premises, vehicle, machinery or equipment in question.
- 5 On the hearing of the appeal the court may-
  - (a) quash the abatement notice to which the appeal relates, or
  - (b) vary the abatement notice in favour of the appellant in such a manner as it thinks fit, or
  - (c) dismiss the appeal;and an abatement notice that is varied under sub-paragraph (b) above shall be final and shall otherwise have effect, as so varied, as if it had been so made by the local authority.
- 6 Subject to paragraph (7) below, on the hearing of an appeal the court may make such order as it thinks fit-
  - (a) with respect to the person by whom any work is to be executed and the contribution to be made by any person towards the cost of the work, or
  - (b) as to the proportions in which any expenses which may become recoverable by the authority under Part iii of the 1990 Act are to be borne by the appellant and by any other person.
- 7 In exercising its powers under paragraph (6) above the court-
  - (a) shall have regard, as between an owner and an occupier, to the terms and conditions, whether contractual or statutory, of any relevant tenancy and to the nature of the works required, and
  - (b) shall be satisfied before it imposes any requirement thereunder on any person other than the appellant, that the person has received a copy of the notice of appeal in pursuance of paragraph (4) above.

### SUSPENSION OF NOTICE

- 3(1) Where-
  - (a) an appeal is brought against an abatement notice served under section 80 or section 80A of the 1990 Act, and-
  - (b) either-
    - (i) compliance with the abatement notice would involve any person in expenditure on the carrying out of works before the hearing of the appeal, or
    - (ii) in the case of a nuisance under section 79(1)(g) or (ga) of the 1990 Act, the noise to which the abatement notice relates is noise necessarily caused in the course of the performance of some duty imposed by law on the appellant, and
  - (c) either paragraph (2) does not apply, or it does apply but the requirements of paragraph (3) have not been met, the abatement notice shall be suspended until the appeal has been abandoned or decided by the court.
- 2 This paragraph applies where-
  - (a) the nuisance to which the abatement notice relates-
    - (i) is injurious to health, or
    - (ii) is likely to be of a limited duration such that suspension of the notice would render it of no practical effect, or
  - (b) the expenditure which would be incurred by any person in the carrying out of works in compliance with the abatement notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.
- 3 Where paragraph (2) applies the abatement notice-
  - (a) shall include a statement that paragraph (2) applies, and that as a consequence it shall have effect notwithstanding any appeal to a magistrates' court which has not been decided by the court, and
  - (b) shall include a statement as to which of the grounds set out in paragraph (2) apply.

Dear Mr Brown

**ENVIRONMENTAL PROTECTION ACT 1990**  
**NOISE NUISANCE – THE GLOBE TAVERN**

This department is in receipt of a complaint concerning noise from amplified music within the vicinity of your premises.

Although the complaint has not been substantiated I am bringing this matter to your attention in the hope that if you are causing annoyance you will take action to prevent activities at your premises causing a nuisance.

I must inform you that should further complaints be received then investigation and monitoring will be undertaken. If such action indicates the existence of a statutory nuisance then appropriate measures will be taken to ensure the abatement of the nuisance.

You should also be aware that failure to prevent a public nuisance can result in review of the premises licence.

I trust you will give this matter your attention.

Yours sincerely

Dear Mr Watson

## Re. Ongoing problems associated with the Globe Tavern, Bank St, Longtown

With regards to the above and our earlier telephone conversation I have the following information to report.

The attached report from Sgt Dent provides a comprehensive overview of incidents at the premises. Contained within the report are details as to how Sgt Dent has tried to work with the licensee, Drew Brown to address some of the concerns raised by local residents. There are also statements from two local officers PCs Hall and Goodwin.

A number of complaints have also been made by local residents to representatives of the Parish Council. These complaints have been passed on directly to me. The majority of the complainants have asked for anonymity as they live in close proximity to the premises.

Between the 1st April and the 24th June 2007 there were 22 reported disorder related issues at the premises. Details of all the incidents are contained within the attached logs which are indexed and attached to the file.

I fully support the comments made by Sgt Dent. The problems at the Globe Tavern are clearly impacting on the quality of life for local residents. Whilst many of the incidents are contained within the premises there is substantial evidence to show that problems are occurring outside the public house that can be directly linked to sale of intoxicants from the Globe. Despite numerous cautions and words of advice the problems relating to the premises are continuing. The licensee seems either unwilling or unable to deal with the incidents that are arising in a competent and professional manner. I also find it extremely worrying to note that despite these problems and the licensee's "promises to improve the situation" that he is often absent from the Globe when the premises have been visited.

I do not believe that Mr Brown is a fit and proper person to hold a licence.

I would welcome the opportunity to attend the review of the premises licence for the Globe Tavern. If necessary I will arrange for Sgt Dent and other local officers to be available.

Should you require anything further please do not hesitate to contact me.

Yours sincerely

**Report Re:- Globe Tavern, Bank St. Longtown**

Sir,

Over the last three months a number of concerns have been brought to my attention with regard to the Globe Tavern PH, Bank St. Longtown, these include,

- 1) Reports of assaults both inside and outside the PH.
- 2) Reports of Criminal Damage again both inside and in the surrounding area.
- 3) Both the sale and use of drugs within the PH.
- 4) Underage drinking within the PH.
- 5) Underage staff serving behind the bar of the PH.
- 6) Reports of the licensee Drew Brown often was not in the PH and left its running to unsuitable persons.

After speaking with the Insp. Coates, I attended the Globe Tavern to speak with Drew Brown on the 29<sup>th</sup> May 2007 to discuss my concerns he was however not in at the time I went so I arranged to see him later that day. When I did get to see him I pointed out the reports we had had and told him of the number of logs that were on our computer system with regard to the PH. I further told him that even if only some of this was true it was unacceptable and that he was putting his licence at risk if things were not to improve. Mr Brown said he understood my concerns and that he was trying to sort all the problems out. I left him in no doubt that things would be monitored and that I would be returning to see him again, he assured me that he would do his best and told me of a number of things he was doing to improve the situation these included ,

- 1) Having door supervisors working on Friday and Saturday nights.
- 2) Making sure all bar staff were suitably trained.
- 3) Having regular DJ's who would keep the noise to acceptable levels and monitoring it himself so if it dose go to high he could get it turned down.
- 4) Having a substance put on the toilet cistern tops to stop the snorting of cocaine.
- 5) Having a total zero tolerance of any drugs in the premises and barring anyone caught with them.

Over the next few days however the police were called to the PH on two occasions because of noise levels. On one occasion Mr Brown was not on the premises to be spoken with but music levels were turned down with the assistance of other staff. I also had several reports from local residents who stated that things had not improved and that offences were still been committed inside the PH. I therefore went to see Mr Brown on the 4<sup>th</sup> June but again he was not within the PH and I made an appointment to see him on the 5<sup>th</sup> at 4pm. On the 5<sup>th</sup> I again attended the PH but was told by staff Mr Brown was not there but was expected back with half an hour, so I left the area but when I returned he was still not there and I was told they now did not know when he would be back. I have since spoken with Mr Brown and told him that things have not improved and that the situation was still being monitored. There have been several further reports about incidents in or just outside the PH. These include complaints of noise, underage staff serving inside the PH, a disturbance outside involving persons who had just come out of the PH and also a serious assault inside the PH where one man sustained a head

injury after being hit over the head with a chair. After this last incident I again attended the Globe and spoke with Mr Brown who appeared to be under the influence of something, speech unclear and slurred, unsteady on his feet, and eyes glazed. At first Mr Brown said nothing had occurred inside the PH but after a member of staff reminded him an incident was recalled but he stated he did not know exactly what had happened. I enquired where the door staff were and he stated that he had none on the only persons I saw working were female bar staff and Mr Brown himself. There were numerous drunken persons on the premises and outside at the time and it took 4 officers over an hour at the scene to conclude the incident.

The problems at the Globe Tavern are causing serious problems for the local community there have been numerous calls of complaint to the police and other organisations. There have been a number of incidents inside and in the environments of the PH including public order, assaults, and criminal damage. All these problems have a big impact on area and the way it is policed. Numerous police working hours have been used to try and sort out the problems but all with little effect on future incidents. As I have said I have met Mr Brown on several occasions and he seems a rather weak person who has little or no control over the PH. In my personal opinion he is not a fit and proper person to hold a licence. A number of other police officers have had occasion to attend the PH and there reports are attached.

I am Police Constable 435 HALL of the CUMBRIA CONSTABULARY currently attached to Longtown Police Station. In the last month I have received information from more than one person who resides in Longtown showing concern about the activities at the GLOBE TAVERN Public House ,BANK STREET, LONGTOWN and also of the licensee who is known as 'DREW'. The concerned residents informed me that they were aware that drugs, especially Cocaine was being consumed on the premises and that the licensee did not seem to be too concerned about this activity. Also I was informed that there was persistent underage drinking on the premises ,again which the licensee did not seem to worry about or to take any action against. It is the opinion of these residents that the licensee, 'Drew' is not a fit person to be in charge of a licensed premises due to his attitude to drug abuse and alcohol being consumed by persons who are underage. I have also been made aware that the licensee, 'Drew' often leaves the licensed premises in the charge of other people on a regular basis and it is not yet known whether these people are both old enough or qualified to do so.

I am Police Constable 971 Goodwin stationed at Brampton.

At about 23.40 hours on Wednesday 16<sup>th</sup> May 2007 I was on uniformed mobile duty in company with PC 221 Hughes. When we attended The Globe Tavern, Bank St. Longtown after a report of loud music coming from the premises. On pulling up outside the music was excessively loud on entering we went into the room immediately to the right. There was a number of persons in there and this was where the loud music was being played. Enquiries were made with the bar staff as to where the licensee was to be found so as to have the music turned down. We were informed that the licensee Mr. Drew. Brown was not present on the premises, the music was turned down at our request.

At about 22.15 hours on Thursday 31<sup>st</sup> May 2007 I was on uniformed mobile duty in company with PC 1531 Slaughter when we attended a report of loud music coming from The Globe Tavern, Bank St, Longtown. On arrival outside the premises the music was again found to be excessively loud. On entering the premises the music was coming from the room immediately to the right. The room had a number of persons sat drinking and the music was very loud. The bar staff were asked where the licensee Drew Brown was so we could ask him to turn the music down. We were told he was not present on the premises, the music was turned down at our request.

The room where the music is played fronts onto Bank St. and the doors to it are just as you enter the Public House. So as customers come and go from the room it adds to the problem of the noise.

Report Re The Globe tavern,Longtown.

Sir,I have to report that at approximately 0130 hrs on Saturday 7<sup>th</sup> July 2007 I was on uniformed duty when as a result of a phone call I attended the GLOBE,Longtown in company with PC Hall and PC Sampson.

On arrival I spoke to the landlord DREW BROWN who informed me that despite his asking,persons in the pub were refusing to leave the premises. He immediately struck me as a very timid person but asked him to enter the bar,reiterate his request to leave and we would support him.

This he did and it became immediately apparent that mr BROWN had absolutely no credibility or authority within this establishment and those persons still drinking within the premises completely and utterly ignored him.Mr Brown then made himself scarce with work behind the bar and clearly expected me and my staff to do his job for him. I told Mr BROWN that the process was continuous and had to be repeatedly prompted to show some authority and at least to make his intentions clear by collecting glasses. Mr BROWN remained uninvolved and I decided to clear the pub with my staff without Mr BROWN's assistance. This was a delicate task and took some time as some of the customers were insistant on finishing their drinks.Myself and my staff were subjected to verbal abuse but eventually we cleared the pub via the side door and this was shut behind them.

Imagine my surprise when I turned round to find that the landlord had allowed the same group to re enter via the front door and were sat down again in the bar. This time I made it perfectly clear to the landlord that I thought he was totally incompetent and cleared the pub again ourselves,again with no assistance from the Landlord.

As an officer of 18 years service,7 of those as a sergeant, I have had had occasion to meet several landlords. I will state that on this occasion I met the most incompetent,lazy bystander I have ever had the displeasure of meeting within the licensing trade. I am amazed that he actually holds a relevant licenece,he has no authority and I can clearly see why the customers enjoy total freedom over him.

I submit this report for your attention.

BANK STREET

- 2 JUL 2007

Longtown,

CA6 5PS

070.

Dear Sir/Madam.

Concerning the proposed review of the licence for the lease holder of the Globe Tavern Longtown, I am a resident of Bank Street living close to the public house, and I would like you to consider the following points when your review takes place.

1/ Noise from the music is far too loud and can be heard clearly inside my house even over the TV.

2/ This has been measured by your environmental staff which no doubt you will be aware of.

3/ The hours the music is permitted

P

3

in my opinion is far to late,  
being Thurs 24-00 Fri, 01-00 Sat 01-00

Sun 01-00 there is also a noise  
period when the patrons leave the  
premises which can last for up to  
one hour,

4. Since the new man took over  
he has refurbished the garden area  
and installed Tables and benches  
this has resulted in people collecting  
in the garden using foul and obscene  
language which I can hear clearly  
in my house and garden.

5. On occasions some people  
use the gardens as a toilet and  
can be seen clearly from my  
bedroom window.

6. On the morning after these  
rave nights there is usually  
a large collection of empty  
glasses, bottles, and general

9/ About two or so weeks ago  
Mr Brown the lease holder and  
another chap who did not give  
his name. Came to see me and  
several other residents. He stated  
that he had installed, feather  
insulation, and sound proofing,  
also a volume control which  
would cut out when a certain  
level of sound was reached,  
that night the music could not  
be heard. Next day Sunday  
15-30 hrs a live country western  
singer was performing and could  
be heard clearly within the  
house that finished at approx 19.30  
Then the same music started and  
was back to a very high  
level. and has continued  
ever since.

## Key Points.

- 1/ On the one occasion Mr Brown visited me he proved that he can control the sound to a satisfactory level.
- 2/ The emergency door at the rear of the premises needs to be kept closed when music is played.
- 3/ A review needs to be taken of the use of the garden area times, uses etc.
- 4/ Most of the residents of Bank Street and Ash Street are of the older generation and are being deprived of peace and quiete unable to sit in their garden.
- 5/ There must also be a risk to the patrons ~~inside~~ the public house of damage to their car and leaving Health, Safety issue.

6/ Over the past seven weeks there has been several brawls, fights, chairs, tables, smashed sometimes the police are called sometimes not.

7/ Mr Brown is he a fit and proper person to hold a public house licence, he appears to disregard, neighbours, council officials or any one else.

8/ With the smoking ban coming into force I can see further problems arising from the garden area.

yours faithfully

25<sup>th</sup> June 2007

Dear Sir or Madam,

I am writing to complain about the noise which comes from the "Globe Tavern" in Bank Street, I live across the road in No 10. I have to close my doors & windows when they play the music 3 or 4 times a week, I am 82 yrs - the man in No 8 is 92 yrs, so we could do without this at our time of life, so could you

look into <sup>2.</sup> the matter  
for me please.  
much obliged

hello

I am sending this e-mail give you my concerns about the globe tavern longtown ca6 5ps.

Recently we have been disturbed on numerous occasions by this public house, since the pub

has been taken over we have had to suffer, lack of sleep from loud base type music,

I am also concerned about the lack of basic hygiene outside the main front doors,

I have to walk my children past the pub every morning on the way to school , we regularly have to

put up with vomit, broken glass, half empty bottles and glasses .

we have lived here for 2 years now and our parents in the same house for 12 years before then,

we have never been bothered by the tavern in all that time, before hand it was just a pub at the end of

the street! its wasn't designed for the levels of music that have been played recently ,although

soundproofing has been installed and we had a visit from the owner asking if we could hear the noise

at the time (this was his proposed maximum volume level)at which time i could not really hear it, but

it did not take very long before the level had been raised to as loud as before so it was a pointless visit.

it seems the worst nights are thursday and sunday, thursday also seems to attract young drivers who show off their

driving skills and how loud the car sound systems go i know this is not the pubs fault but it is definitely a

a by product of thursday night rave music. the noise seems to penetrate our house!

I and other residents in the street have voiced our concerns to the council and the police but nothing

has really changed , we are still affected by booming music and dirty unhygienic parts of the street

surely we all deserve to be able to go to bed and get to sleep without this noise?

what will happen in the hot summer months when we cant leave our bedroom windows open to let some air in because of the noise.

CHAIR OF LONGTOWN & DISTRICT  
TENANTS & RESIDENTS ASS.

DEAR SIR/MADAM.

I AM WRITING TO OBJECT  
TO THE RENEWAL OF THE GLOBE TAVERN  
IN BANK STREET LONGTOWN OF THE  
ENTERTAINMENT LICENSE RENEWAL.  
THE TENANTS ON BANK STREET HAVE  
SUFFERED CONTINUAL LOUD MUSIC, FIGHTING  
SHOUTING AND GLASS BREAKING ON A  
REGULAR BASIS ON A THURSDAY, FRIDAY & SAT.  
NIGHT, UP TILL TWO O'CLOCK IN THE  
MORNING. I LIVE TWO HUNDRED YARDS  
AWAY FROM THE PREMISES BUT CAN  
HERE THE BOOM, BOOM, IN MY BACK  
GARDEN. I AM DISTURBED FROM

SLEEP, WHEN THE SAID PREMISES  
CLOSES IN THE EARLY HOURS WITH  
THE SHOUTING AND FIGHTING ON THE STREET.  
ONE TENANT CONFRONTED THE LANDLORD  
OF THE GLOBE TAVERN WHEN I WAS  
AT THE HOUSE, SAID TO HIM "HOW  
WOULD YOUR MOTHER LIKE TO PUT UP  
WITH THAT NOISE THREE NIGHTS A  
WEEK". HE REPLIED MY MOTHER HAS  
A PUB SO WHAT. HE HAS NO RESPECT  
FOR THE LAW OR ANY REGULATIONS  
WHICH HE FLAUNTS REGULARLY.  
THE MESS AT THE BACK OF THE  
PREMISES WHICH YOU CAN SEE OF  
THE MAIN STREET IS DISGUSTING.  
I HOPE YOU TAKE MY VIEWS INTO  
CONSIDERATION WHEN ISSUING  
HIS NEXT LICENSE

YOURS

Dear Sir / Madam,

I am writing in objection to the Globe Tavern in Longtown getting his entertainment Licence renewed.

A line across the road from the Tavern and the noise is appalling on a Thursday, Friday, and Saturday night, all we hear is thud thud, smashing glass, fighting and shouting, we have to keep our windows closed in this hot weather. We cannot sleep, I have a bad heart and the stress isn't good for me. If he could just keep the noise down.

Yours Mr. Mrs W Johnston.

Sent on behalf of Jonathan Smith

Dear Sir

**Re. Globe Tavern, Bank Street, Longtown, Cumbria CA6 5PS**

I confirm that we act on behalf of Pubfolio Limited, the freehold owner of the above premises.

We wish to make a representation in respect of the application by The District Environmental Health Officer of Carlisle City Council for a review of the Premises Licence.

Our representations are based on the following objectives:-

- The prevention of crime and disorder
- The prevention of public nuisance
- The protection of children from harm

Our Client feels that any decision of the Licensing Committee to implement any of the steps provided for by Section 52 (4) of the Licensing Act 2003 may be unnecessary and disproportionate. Whilst certain conditions may be necessary and proportionate until we have been able to have further discussions with the District Environmental Health Officer and any other interested parties then we are unable to comment fully.

Certainly any attempt to revoke or suspend the licence would be disproportionate and unnecessary in the circumstances.

Our Client wishes to attend the hearing to expand upon this representation and we should be grateful if you would note that we are unavailable to attend a hearing on the following dates (after the 19th July):-

- 24th July
- 30th July to 10th August (annual leave)

We look forward to hearing from you.

Yours faithfully

Dear Sir,

I write as the current co-owner of 4 Bank St (which has been owned by my family for over 40 years) about the pending action to be taken by various bodies over the manner in which The Tavern is being run

The licensee is operating the Tavern in such a manner as to alter completely the environment of this mainly residential area. The public house has, of course, been there for many many years but the current levels of noise are excessive. They seem to make the house vibrate when the music is playing. The street becomes thronged with youngsters on some evenings and is not unusual to find half empty beer glasses on our windowsill in the morning.

My mother who lived there until her recent death spent her last months complaining to the family about the racket to which she was being subjected.

The present licensee has no regard for the local residents in his efforts to attract custom and make money. Living opposite a village pub is one thing, living opposite the Tavern in its new "trendy, funky hip hop" incarnation is entirely another. It should be ended.

As agreed over the telephone I am posting a hard copy of this email today.

Yours faithfully,

Karen Stoneley

Dear Mr Messenger,

**The Globe Tavern Longtown**

Arthuret Parish Council is writing in support of residents of Bank Street, Longtown, concerning the review of the licence of the Globe Tavern. At the parish council meeting held on the 25<sup>th</sup> June, Mr Nichols of High Walls, Bank Street raised a number of concerns regarding The Globe Tavern. These related to loud music that goes on until late at night, we understand this is being addressed by Environmental Services. The main problem for residents is the anti social behaviour after closing time that can continue for some time. With the new legislation now in place prohibiting smoking in public places residents are also concerned there will be increased noise at the rear of the Globe Tavern in the garden area as more people use it.

As many of the residents of Bank Street and Esk Street are elderly the parish council have been informed they are reluctant to give their names when complaining, as they feel vulnerable.

The parish council appreciate that in representing the residents they need to give names and addresses of those who have raised these concerns. Residents have, however, requested to be supported without being named which the parish council has agreed to.

Yours sincerely

K Johnson

there who are bona fide entertained by him at his own expense, or the consumption of alcohol by persons so supplied; or

- (j) the supply of alcohol for consumption on the premises to persons employed there for the purposes of the business carried on by the holder of the licence, or the consumption of liquor so supplied, if the liquor is supplied at the expense of their employer or of the person carrying on or in charge of the business on the premises.

**Special Hours Certificate - (Section 77 Licensing Act 1964)**

Replace the permitted hours condition for those days with the following:

- 1 Subject to the following paragraphs, the permitted hours on weekdays shall extend until two o'clock in the morning following except that -
  - a) The permitted hours shall end at midnight on any day on which music and dancing is not (or in the case of a casino, gaming facilities are not) provided after midnight; and
  - b) On any day that music and dancing end (or in the case of casinos, gaming ends) between midnight and 2am, the permitted house shall end when the music and dancing end, or as the case may be, when the gaming ends.
- 2 In relation to the morning on which summer time begins, this condition shall have effect:
  - a) the substitution of references to three o'clock in the morning for references to two o'clock in the morning [ or one hour following the hour actually specified in the premises licence where the licence requires closure between 1am and 2am]
- 3 Except on Sundays immediately before bank holidays, the permitted hours on Sundays shall extend until thirty minutes past midnight in the morning following, except that:
  - a) the permitted hours shall end at midnight on any Sunday on which music and dancing is not (or gaming facilities are not) provided after midnight;
  - b) where music and dancing (or gaming) end between midnight on any Sunday and thirty minutes past midnight, the permitted hours on that Sunday shall end when the music and dancing (or gaming) end.
- 4 On Sundays immediately before bank holidays, the permitted hours shall extend until 2am in the morning following, except that -
  - a) the permitted hours shall end at midnight on any Sunday on which music and dancing (gaming) is not provided after midnight;
  - b) where music and dancing (gaming) end between midnight on any Sunday and 2am, the permitted hours on that Sunday shall end when the music and dancing (gaming) end.
5. The sale of alcohol must be ancillary to the use of the premises for music and dancing and substantial refreshment.

Dear Mr Brown

### LA 2003 - Premises Licence PL163 Globe Tavern Longtown

Following complaints from residents regarding noise emanating from the above premises, you attended a meeting at the Civic Centre on 23 May 2007.

Officers from Environmental Protection and the Licensing Office discussed issues relating to regulated entertainment in the premises, the rear beer garden, a planned smoking area and underage drinking.

During the meeting you were advised as to the law in relation to these matters. You were also given advice as to how to reduce the risk of excessive noise emanating from the premises as well as the 'Challenge 21' initiative.

I need not remind you of the possible consequences should a responsible authority or residents make an application for a review of the licence.

A copy of this letter will be retained with the premises file and may be referred to in the future should there be any further cause for concern.

Yours sincerely,

Licensing Manager

I am employed by Carlisle City Council as a Licensing Officer.

On 23rd May 2007, I attended a meeting at the Civic Centre with Stuart Strange, an officer from Environmental Protection Services. The meeting was arranged following complaints from residents who live near The Globe Tavern, Bank Street, Longtown. The purpose of the meeting was to advise the licence holder of the premises, a Mr Drew Alexander Aitken Brown, about the complaints.

During the meeting, Mr Brown was advised of the consequences if noise from the premises continued to cause a disturbance to residents. He was also advised of allegations of underage drinking alleged to be taking place at the Globe Tavern. The details of this meeting were recorded in writing and a letter was issued to Mr Brown by post (Appendix 13).

On the evening of Saturday, 2nd June 2007, I travelled to Longtown for a pre-arranged meeting with Margaret Moir, an Environmental Protection Officer, to carry out enforcement duties.

At 2145 hours, I parked in Esk Street approximately 100 metres from the Globe Tavern. The noise of music from the Globe Tavern was immediately

noticeable as soon as my car door was opened.

I then walked down Esk Street onto High Street and stood at the junction of High Street and Bank Street. It was obvious that the music emitted from the Globe Tavern was far too loud for licensed premises in a residential area.

At the front door of the premises, I could see a group of about twelve to fifteen young males and females congregating. Some were drinking from pint glasses and they appeared to be high spirited and loud. At this point I saw four males who would not have passed the 'challenge 21' policy, staggering away from the front door carrying pints of beer. They crossed High Street, still drinking from their glasses.

I returned to Esk Street, where I met Margaret Moir and accompanied her to two separate addresses in Bank Street. The first of these houses was about 60 metres from the Globe Tavern. Inside, we sat in a front room with the window open and the music from the Globe Tavern could be clearly heard. When the window was closed, the noise level dropped but a constant beat of base sounds was persistent and annoying.

We then went visited a house adjacent to the Globe Tavern, where the music from the public house was clearly audible with the windows closed. In the first floor bedroom, the base sounds vibrated through the floor. The noise levels were intolerable and I could clearly identify the words of the songs being played. It is emphasised that the windows in the house were all closed at that time. When the householder opened a window the noise was extreme and the music vibrated throughout the entire house.

From the bedroom window I could see the rear garden of the Globe Tavern and noted that the fire door was wide open. It had been clearly pointed out to Mr Brown at the earlier meeting, that open doors and windows were a major contributing factor, to noise being emitted.

I can state that I have never experienced this extent of noise disturbance. It is my opinion that the quality of life for residents in the Bank Street area of Longtown is greatly diminished by the activities held at the Globe Tavern.

I visited the Globe Tavern on 22nd June 2007, when I placed the 'Notice of Review' in the premises window as well as a lampost in Bank Street.
