**Title:** PETITION RE – RESIDENTS PARKING CHEVIOT ROAD /  
MULCASTER CRESCENT

**Report of:** HEAD OF COMMERCIAL & TECHNICAL SERVICES

**Report reference:** CTS 11/03

**Summary:**

The Council has received a petition from residents in the Cheviot Road / Mulcaster Crescent area related to parking problems which they are experiencing.

**Recommendations:**

It is RECOMMENDED that the County Council be encouraged to investigate the parking problems in this area to identify and implement the optimum solution.

**Contact Officer:** Michael Battersby

**Ext:** 7400

## **1. BACKGROUND INFORMATION AND OPTIONS**

- 1.1 The Council currently undertakes parking enforcement in the City on behalf of the County Council, and this includes residents parking schemes. Previous experience has shown that the introduction of residents parking schemes has in some instances displaced parkers to the fringe of that scheme. The extent and impact of this displacement is dependent upon the reasons for parking and the distance involved and alternative provision.
- 1.2 It is not possible at this time to comment on the scale of the problem in this particular location. Certainly there are problems particularly in the mornings and afternoons at school times. It would appear logical to fully examine the problem to assess the best solution.
- 1.3 The body responsible for progressing an investigation, which should include extensive community consultation, rests with Cumbria County Council. Certainly extensions to residents parking schemes have been recently considered and implemented elsewhere in the City.

## **2. RECOMMENDATIONS**

- 2.1 It is **RECOMMENDED** that the County Council be encouraged to investigate the parking problems in this area to identify and implement the optimum solution.

Mr. M Battersby  
 Director Environment and Development  
 Carlisle City Council  
 CIVIC CENTRE  
 CA3 8QG

Dear M Battersby,

**RESIDENTIAL PARKING CHEVIOT ROAD/MULCASTER CRESCENT**

Please find enclosed a petition from Residents of Cheviot Road and Mulcaster Crescent requesting that the Carlisle City Council consider the introduction that residential parking is introduced to both Cheviot Road and Mulcaster Crescent. Parking for residents of Cheviot Road and Mulcaster Crescent has become very difficult due to the knock on affect of residential parking in other areas of Stanwix, drivers working in other parts of Carlisle including drivers working locally are parking all day in both streets. As you will see by the number of signatures the majority of residence of the two streets are in favor of residential parking.

We as residents look forward to a favorable reply from Carlisle City Council

Sincerely yours,

For Residents
