Dear Mike

RE: Public Consultation – The Lonsdale

Because of the public concern and the considerable support that is being generated to save the Lonsdale, I wish to request that the people of Carlisle be consulted, fully and thoroughly as to whether they wish to have the Lonsdale renovated as a Theatre and Arts Centre.

I would be grateful if you could place this matter before the next executive meeting on 20th March 2006 and if permissible I would like the opportunity of presenting my reasons to the executive.

Yours sincerely

Paul Atkinson
