#### 1. BACKGROUND

- 1.1 In order to support businesses through the disruption from COVID-19, Carlisle City Council has administered three government grant schemes: the Retail, Hospitality and Leisure Grant, Small Business Grant and Local Authority Discretionary Grant Schemes, delivering approximately £28 million worth of grant funding to local businesses, during an unprecedented period, when many were unable to trade. Most businesses have now restarted trading, however, in order to support Carlisle and its city centre through the recovery phase, businesses and organisations need the confidence to invest in the city centre again. This small businesses to invest in our city centre, while helping to reduce vacancy rates and maintain the vitality and viability of the high street.
- 1.2 Carlisle City Council's 2020/2021 budget allocates £40,000 for City Centre Business Support, to be used to support SME businesses operating in and looking to start up in Carlisle city centre and encourage vitality and viability in Carlisle city centre. In the 'City Centre Business Support' report ED05/20 to Executive of 15 January 2020, it was proposed that £25,000 would be used for business grants for SME businesses looking to start up or expand in Carlisle city centre. this was proposed alongside £10,000 for a retail discount top up (business rate relief) scheme, and £5,000 to support businesses in the development of a BID for the city centre from the City Centre Business Support Fund.
- **1.3** In the Budget on 11 March 2020, the UK government announced that it would extend the retail business rate discount available on premises with a rateable value of under £51,000 from one third to 100%, extending that discount to cinemas and music venues, extending the duration of the local newspapers discount and introducing an additional discount for pubs. This goes beyond the original government proposals to increase the discount to 50%. This supersedes the local retail discount top-up scheme proposed as part of the City Centre Business Support package and taken for approval by the Executive in the report CE02/20 of March 2020.

## 2. PROPOSALS

2.1 The proposal is to allocate £25,000 from the City Centre Business Support Fund to enable the Council to fund a small grant scheme for businesses in the city centre. The purpose of this fund would be to encourage new starter / growing SME local

businesses to occupy vacant units. The grant would be used is to support capital works, such as shop frontage improvements, signage and equipment necessary for the business to operate. The maximum grant per business would be £5,000, with an anticipated average grant of £2,000.

- 2.2 Given that the proposed retail discount top-up scheme has now been superseded by changes to the government's national business rates policy, it is now proposed that the £10,000 allocated for the retail discount top up scheme is re-allocated to the business grants element the City Centre Business Support Fund. This would take the total of the fund used for business grants to £35,000.
- 2.3 Detailed criteria for the scheme is set out in **appendix A**. However broadly, the Grant would be open to SME/Microbusinesses (i.e. those that have less than 250 employees and a turnover of less than £25 million) occupying a vacant unit in Carlisle city centre. Consideration will also be given to applicant businesses who are currently operating in the city centre but looking to expand into vacant ground floor space of a premise in the city centre- i.e. a business currently occupying a premise, looking to expand into vacant ground floor space of the same building, or into a larger vacant premise.
- 2.4 The grant application process will be administered internally by the Regeneration team. Businesses would need to apply for the grant via the application form attached (Appendix B). It is proposed that authority to grant payment be delegated to the Corporate Director of Economic Development, in consultation with the Portfolio Holder of Economy, Enterprise and Housing.
- 2.5 This is a pilot scheme, which will run until the financial year 2020/2021. Towards the end of this period the scheme will be reviewed internally, and a decision to continue, amend or discontinue the scheme will be taken to the Executive

## 3. RISKS

- **3.1** The following risks of the scheme have been identified (in bold), with the action proposed to mitigate the risk also outlined:
  - Low take up/lack of take up of the business grants- This risk will be mitigated by putting in place a communications plan for the fund- to ensure that the opportunity is well promoted and encourage businesses to take advantage of the grants.

Use of grant not in accordance with the terms and conditions established- The regeneration team will undertake monitoring and evaluation of the grants, including monitoring the use of grants, to ensure that funds are used correctly and in line with the proposals outlined in the applicants' completed application forms. The Council will reserve the right to recall any funds used incorrectly.

# 4. CONCLUSION AND REASONS FOR RECOMMENDATIONS

- **4.1** It is recommended that the Executive:
  - 1. Approve the establishment of the scheme and allocation of £25,000 from the City Centre Business Support Fund for small business grants, as set out in the report to Executive (ED05/20).
  - 2. Approve the application and eligibility criteria for the City Centre Business Growth Grants (Appendix A and B).
  - 3. Approve the reallocation of the £10,000 from the business rates Retail Discount top-up scheme (approval by the Executive in the report CE02/20 of March 2020) to the city centre business grants scheme. This would bring the total budget available for business grants to £35,000.
  - 4. Delegate the authorisation of payment of the grants to the Corporate Director of Economic Development and Corporate Director of Finance and Resources, in consultation with the Portfolio Holder of Economy, Enterprise and Housing.

This is to support small businesses and the start-up of new businesses in Carlisle and the creation of new jobs in the district. The scheme also encourages businesses to operate in the city centre, thereby encouraging greater vitality and viability and the reduction of vacant commercial units in the city centre.

#### Introduction

- 1.1 Carlisle's city centre is a crucial service centre for the Borderlands era, with a retail catchment of over 500,000. In light of the Coronavirus pandemic, and the restrictions placed by government to protect our health and key services, the severe impact to the global economy is widely recognised. High Streets have clearly been affected by this across the country, and businesses and retail centre managers have to adapt to unprecedented changes to retail.
- 1.2 In order to support businesses, Carlisle City Council has allocated grants to existing businesses under the government's Small Business Grant, Retail, Hospitality and Leisure Grant and Local Authority Discretionary Grant schemes. around £28 million has been awarded to businesses across Carlisle, and these grants have been vitally important in keeping businesses afloat during unprecedent times.
- 1.3 However we recognise that in order to support Carlisle and its city centre through the recovery phase, businesses and organisations need the confidence to invest in the city centre again. In order to support investment, Carlisle City Council is offering small City Centre Business Growth Grants to businesses looking to occupy vacant space in the city centre. This fund will support our city centre through these challenging times; reducing vacancy rates and encouraging investment and growth.
- 1.4 This is a pilot scheme for the year 2020/2021 There is a fixed budget of £25,000 for this fund for the financial year 2020/2021, once this money has been allocated the grant programme will end and we will not be able to approve further grants under this scheme.

#### Eligibility

- 2.1 The Carlisle City Centre Business Support Grant is a grant of up to £2,500 (£5,000 for particularly strong cases) for businesses occupying vacant space in Carlisle City Centre (shown in attached map). The award of the grant is subject to an appraisal process. This is a discretionary grant, and the decision to award a grant is entirely at the Council's discretion. The following outlines the criteria which will inform how the Council will make its decision.
- 2.2 Businesses must demonstrate the business is viable and contributes to the vitality of the high street.

- 2.3 This grant is available to tenants looking to occupy space, not for landlords looking to redevelop space they own to lease. If the property owner is looking to redevelop space that they own to trade themselves, then they would be eligible.
- 2.4 Any financial arrears to Carlisle City Council will be taken into account, as will as any previous financial assistance provided by the Council to the business or linked businesses.
- 2.5 **Criteria for businesses-** in order to qualify for this grant, businesses must fall into **one** of the following categories:
  - A new start-up beginning trading in Carlisle City Centre
  - An SME/microbusiness re-locating to Carlisle city centre from outside the district or opening a new branch in Carlisle.
  - Existing SME/Microbusiness currently trading in Carlisle City Centre, demonstrating growth, expanding to a larger premise or significantly diversifying their business model to run more sustainably.
- 2.6 **Criteria for the premise-** In order to qualify for this grant, businesses must demonstrate that the property they are looking to trade form meets **all** of the following crtieria:
  - Must be vacant or have vacant ground floor space in it which the applicant business will occupy. This includes businesses who have begun renovating a vacant space but have not started trading.
  - Must be held by the applicant by a minimum of a 2-year lease.
  - Must be brought into use by the applicant business.
  - Must be in the area of Carlisle City Centre.
- 2.7 The grant may be used for:
  - Physical improvements to the premise, including improvements to the frontage of the building and signage- subject to the relevant planning permission being secured.
  - To provide equipment essential for the operation of the business.
  - To support marketing and advertising for the business.
- 2.8 We require the use of the funds to be fully transparent and traceable in order to award a grant. Therefore, all works funded by the grant must be undertaken by a professional company, with quotes of works provided alongside the application evidence the use of the fund.
- 2.9 An assessment of the financial viability of the business will be made. If the Council deems the business or project to be unviable, a grant will not be awarded.

- 2.10 A premium will be placed on the more central locations in the city centre.
- 2.11 The type of business, and how this will contribute to diversifying the mix of businesses in the city centre will be considered when making our assessments.
- 2.12 The scale of the project will determine the level of grant awarded. Large scale projects will receive a higher level of grant then smaller scale projects.
- 2.13 This grant is an in-kind contribution to investment, and not a full subsidy for businesses. Businesses will be expected to contribute to the project funded by the grant themselves. A percentage of financial contribution the applicant will make to the overall cost of moving into the property will be assessed. To do this, we ask that applicants provide us with an overview of the business proposal and evidence that the business will be sustainable, for example by submitting a business plan and 12-month cashflow forecast

#### Application process

- 3.1 A printable application form will be made available on the Carlisle City Council's Website. Please ensure your application is returned answered fully with **all the relevant documents attached (Please see APPENDIX 1).** Please return your application to <u>regeneration@carlisle.gov.uk</u> or by post to City Centre Business Growth Grant Team, Carlisle City Council, Civic Centre, Carlisle, CA3 8QG.

For more complicated applications this may take longer, and we may require further information in order to award a grant with confidence. In such circumstances prompt and fully co-operative responses from applicants will help the process move as quickly as possible.
- 3.3 We anticipate there may be some circumstances where applicants have a strong project, with clear tangible benefits for the city centre that the Council wishes to support, but may not be able to commit to at the first instance. For example the project requiring funding may be at too early stage for us to confidently support. In such circumstances the City Council may be able to reserve some funding aside for such an application, to award a grant at a later stage. This is by no means guaranteed and it remains the Council's discretion on how it awards the grants.
- 3.4 It will be important that you provide all the information accurately and truthfully and provide **all** the supporting documents that are requested. - 4.2 The Council's interpretation of this document is at its own discretion and it will be the final arbiter of the definitions contained within this policy.

#### Monitoring and Evaluation

- 5.1 It is vitally important that we undertake monitoring and evaluation of this use of public funds. Moreover, as this is a pilot scheme, the council will use the evaluation when determining whether to launch the fund in future years or consider alternative/revised interventions.
- 5.2 Upon making an application, organisations agree to take part in an evaluation process. This will include at least one follow-up with the businesses which received a grant under this fund, to verify how the fund was used and the benefits that the fund helped the business realise.
- 5.3 Alongside this, the Council undertakes a yearly city centre health check, as part of the health check for the year 2021, the impact of the grant fund will be monitored. As part of this, the Council will consider how many vacant premises have been occupied with help from this fund.

#### State Aid Rules

Awards such as Discretionary Relief are required to comply with the European Union State Aid De Minimis rules.

State Aid refers to forms of assistance from a public body, or publicly funded body, given to selected business undertakings (any business or other body that puts goods or services on the given market) that have the potential to distort competition and affect trade between member states of the European Union. Details available at: www.gov.uk/state-aid.

European Union state aid rules generally don't allow government subsidies to businesses. Relief from taxes, including business rates, can in some cases constitute state aid. However, there is a general exception from the state aid rules, where the aid is below a 'de minimis' level. The de minimis level is usually €200,000 to any one business over any three-year period but for the purposes of this grant, the limit has been increased to €800,000.

You must tell us if you will exceed this limit.
