PROVISIONAL CAPITAL PROGRAMME 2012/13 TO 2017/18

1. INTRODUCTION

- 1.1 This report details the revised capital programme for 2012/13 together with the proposed methods of financing as set out in paragraph 3 and **Appendix A and B**.
- 1.2 The report also details the capital spending proposals for 2013/14 to 2017/18, together with the potential resources available to fund the programme.
- 1.3 The Project Assurance Group (PAG) of senior officers which took the lead on the prioritisation of investment and the monitoring and evaluation of schemes is being reviewed and will be replaced by a Corporate Programme Board. Any changes introduced will maintain the terms of reference of the PAG of improving performance monitoring and business case analysis of capital projects.

2. CAPITAL RESOURCES

- 2.1 There are several sources of capital resources available to the Council to fund capital expenditure, the main ones being:
 - Borrowing (Prudential Code - see paragraph 5.2)
 - Capital Grants e.g. DFG, specific capital grants
 - Capital Receipts e.g. proceeds from the sale of assets
 - Council Reserves e.g. Projects Reserve
- 2.2 In accordance with the Capital Strategy, the Director of Resources will make recommendations on the most effective way of financing the Capital Programme to optimise the overall use of resources.
- 2.3 It should be noted that capital resources can only be used to fund capital expenditure and cannot (with the exception of the Council's own Reserves), be used to fund revenue expenditure. There are strict definitions of what constitutes capital expenditure.
- 2.4 It should also be noted that the resources available to support the capital programme can only be estimated during the year. The final position is dependent in particular on how successful the Council has been in achieving Capital Receipts

from the sale of assets against its target i.e. the more receipts generated, the less is required to be taken from Borrowing and Council Reserves (and vice versa).

- 2.5 The cost of borrowing £1m to fund the capital programme will result in a charge to the revenue account in the next full year of approximately £85,000. This is made up of £45,000 for the cost of the interest payable (4.50% of £1m equates to £45,000) and a principal repayment provision of 4% of the outstanding sum (4% of £1m equates to £40,000).

3. REVISED CAPITAL PROGRAMME 2012/13

- 3.1 The capital programme for 2012/13 totalling £12,728,300 was approved by Council on 17 July 2012 as detailed in the 2011/12 out-turn report (RD10/12).
- 3.2 The revised capital programme for 2012/13 now totals £7,929,800 as detailed in **Appendix A**. This is a result of the reprofiling exercise and review of the capital programme that has been carried out and other in year adjustments, and is subject to approval by Council.

An adjudication notice received on the Resource Centre awarded a final account payment to the contractor of £218,603.41. Approval to pay this was received through an Officer Decision presented to Executive on 19 November 2012. He projected final overspend on this project due to the adjudication and increased retentions from contractors is £250,100. It is proposed to fund the additional costs from underspends on other projects. **(Executive are asked to consider for recommendation to Full Council the transfers from underspends on Kingstown Industrial Estate (£150,100) and Families Accommodation replacement (£100,000) to fund the additional costs on the Resource Centre).**

- 3.3 **Appendix B** details the revised anticipated resources available and their use to fund the capital programme. These have been revised to take account of revised projections and valuations of asset sales.
- 3.4 It is anticipated that there will be a significant shortfall on anticipated capital receipts generated during 2012/13, estimated at a net figure of £15,806,600 below the current projections.

4.2 Many of the new spending proposals have not yet been considered by the Project Assurance Group. Therefore should they be approved for inclusion in the Council's Capital Programme as part of this budget process, the release of any budget would be subject to verification of the business case by the Corporate Programme Board and a report to the Executive as appropriate.

Likewise details of the proposals for spend in committed areas will be subject to a full report and Business Case to the Corporate Programme Board before the release of any budget.

4.3 The anticipated additional budgets for replacement of the Council's vehicle fleet are included in the table above and have been amended to reflect revised requirements within service areas.

4.4 Asset Management Plan expenditure has been revised to reflect an updated investment plan in revenue generating assets.

- 4.5 A 3 year programme of works to develop a sustainable Arts Centre in the Methodist Hall. If this scheme is approved there may be a requirement to utilise some of this funding in 2012/13.
- 4.6 A series of Public Realm improvement works around the City Centre, Botchergate and Rickergate areas
- 4.7 The Harraby School and Community Project is a capital new build scheme designed to deliver a three form entry primary school, community centre, library, theatre and other sports facilities on the former North Cumbria Technology College site.
- 4.8 This project seeks to improve the facilities, appearance and services of the buildings in this small part of the city. The project also seeks to include other iconic properties such as the Crown and Mitre.
- 4.9 Sports and leisure facilities will be significantly improved through a capital scheme which will address the need of appropriate wet and dry facilities servicing the whole of the district. It will be informed by a sports facility strategy which is currently in production.
- 4.10 Capital investment to establish a Business Interactive Centre at Paternoster Row. Further details on this scheme are considered elsewhere on this agenda (ED37/12).

5. POTENTIAL CAPITAL RESOURCES AVAILABLE

- 5.1 The table below sets out the estimated revised resources available to finance the capital programme for 2013/14 to 2017/18 based on the announcements by Government in the spending review.

5.2 The Prudential Code which was introduced in 2004, gives authorities freedom to borrow to fund capital schemes subject to the over-riding principles of Affordability, Prudence and Sustainability. Whilst the new freedoms could significantly impact on the capital resources available to the Authority, the principles referred to in effect mean that the Council is limited by the ongoing cost of any borrowing (i.e. the cost of prudential borrowing falls to be met from the General Fund recurring expenditure). The Prudential Code requires authorities to develop their own programmes for investment in fixed assets, based upon what the authority and local taxpayers can afford, and subject to a full Business Case and Options appraisal process. Further details on the Code can be found elsewhere on the agenda in the Treasury Management Report (RD60/12).

The Council in the current financial climate is not considering any prudential borrowing, however this will be kept under review. It is likely that, subject to the outcome of service reviews, borrowing may be required to fund the vehicle and plant replacements in future years or other alternative sources of funding identified.

5.3 Disabled facilities grant allocation will not be announced until January 2013, although it has been indicated that this grant will be protected at the 2012/13 levels. A further report will be presented to the Executive once the 2013/14 allocation has been received.

5.4 Section 106 contributions towards Public Realm Work.

5.5 Internal and external borrowing to fund vehicle replacements and Sands Centre.

- 5.6 Capital receipts from the sale of fixed assets, including the sale of the Council's interest in land on the Raffles estate and other specific asset disposals have been revised downwards based on updated projections from Property Services. The receipt from the Families Accommodation (£250,000) has been moved from 2012/13 into 2013/14. A revised valuation of the property is required to ascertain whether this figure can be realised.
- 5.7 Capital receipts from the sale of Assets as part of the Asset Management Plan have been reprofiled between years to reflect sales and purchase activity to date.
- 5.8 The Preserved Right to Buy (PRTB) sharing arrangement with Riverside Group is for a fifteen year period with the Council being entitled to a pre-agreed reducing percentage of the receipts. Right to Buy sales are predicted to be in line with the original projections.
