Dear Euan,

We received a grant for help with associated travel costs last year, which was gratefully received.

This Friday is our clubs AGM and our Treasurer will have to report a loss of just over £400, which was reasonable considering that our travel expenditure increased by almost £3000. (to £21,000.)

We again this summer face another struggle with balancing the books, only two of our six teams are able to host home matches because of the Sheepmount's facilities.

Please would you consider at the earliest opportunity if you were able to pay a travel grant this year.

If you wish a full copy of our audited accounts will be available after our AGM this Friday.

I look forward to hearing from you.

*Yours sincerely,*

*David Farrell.*
