Resolution / Question:

That the Environment & Transport Portfolio Holder provide a written response to Councillor Betton regarding the plans in place for Stoneyholme Golf Course in the context of Local Government Reorganisation and how the Council was engaging with the facility and its users on the matter?

Response:

The existing contract for operating the golf course runs until April 2024. This contract will migrate across to Cumberland in April 2023 (along with all Carlisle City Council contracts). This contract, along with the other Leisure Contracts within Cumberland, are being considered by the appropriate LGR work streams.

The current operator, Carlisle Leisure Ltd, has been updated regularly on the LGR process through the quarterly contract monitoring meetings.
