

Resources Overview & Scrutiny Panel

Agenda Item:

A.5

Meeting Date: 5 August 2013
 Portfolio: Finance, Governance and Resources
 Key Decision: Yes: Recorded in the Notice Ref:KD10/13
 Within Policy and Budget Framework YES
 Public / Private Public

Title: DRAFT CAPITAL STRATEGY 2014/15 TO 2018/19
 Report of: DIRECTOR OF RESOURCES
 Report Number: RD33/13

Summary:

The Council’s draft Capital Strategy for the period 2014/15 to 2018/19 was considered by the Executive on 5 August 2013.

Questions for / input required from Scrutiny:

To scrutinise, and provide feedback, on the Financial Policies to be adopted by the Council which will inform the Capital Programme and use of Capital Resources over the next five years.

Recommendations:

Members are asked to consider the report and make any recommendations back to the Executive for consideration at their meeting on 2 September 2013.

Title: DRAFT CAPITAL STRATEGY 2014/15 TO 2018/19
 Report of: DIRECTOR OF RESOURCES
 Report Number: RD33/13

Purpose / Summary:

The Council’s draft Capital Strategy is intended to direct the Council’s Capital Programme and the allocation of resources for the five-year period 2014/15 to 2018/19. The guidance in this strategy complements and supplements the Medium Term Financial Plan.

Following consideration by the Executive, the Resources Overview and Scrutiny Panel will consider the draft on 29 August, with final recommendations to Council on 10 September 2013.

Recommendations:

The Executive is asked to:

- (i) Comment on the draft Capital Strategy for consideration by the Resources Overview and Scrutiny Panel on the 29 August 2013.

Tracking

Executive:	5 August 2013
Overview and Scrutiny:	29 August 2013
Executive	2 September 2013
Council:	10 September 2013

1. BACKGROUND

- 1.1 The Capital Strategy is a key policy document, providing guidance on the Council's Capital Programme and the use of capital resources. The Strategy supplements guidance contained in the Medium Term Financial Plan (MTFP).
- 1.2 The Capital Strategy is reviewed annually alongside the MTFP, starting with the assumptions made in the Budget Resolution approved by Council on 5 February 2013. This position has been updated to reflect any known changes since that date.

2. CONSULTATION

- 2.1 The draft Capital Strategy has been considered by the Senior Management Team and the Joint Management Team.
- 2.2 The Resources Overview and Scrutiny Panel will consider the report on 29 August and recommendations made to full Council on 10 September.

3. CONCLUSION AND REASONS FOR RECOMMENDATIONS

- 3.1 The Executive is asked to:
Comment on the draft Capital Strategy for consideration by the Resources Overview and Scrutiny Panel on the 29 August 2013.

5. CONTRIBUTION TO THE CARLISLE PLAN PRIORITIES

- 5.1 The Capital Strategy contains the current capital programme and how this aims to enhance the Carlisle area through the development of new infrastructure to both improve service delivery and provide additional facilities in the area.

Contact Officer: Steven Tickner Ext: 7280

Appendices attached to report: Appendix 1 – Capital Strategy 2013/14 to 2018/19

Note: in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers:

- **None**

CORPORATE IMPLICATIONS/RISKS:

Chief Executive's -

Community Engagement –

Economic Development –

Governance – The Council has a fiduciary duty to manage its resources correctly. The Capital Strategy is an important part of the budgetary process and seeks to ensure a planned and coordinated approach to the delivery of projects within the parameters of our financial resources.

Local Environment –

Resources – Contained within the Capital Strategy

CARLISLE CITY COUNCIL

DRAFT CAPITAL STRATEGY 2014/15 TO 2018/19

July 2013

CARLISLE CITY COUNCIL

CAPITAL STRATEGY 2014/15 to 2018/19

1. Policy and Context

The Capital Strategy is a key policy document for the Council and provides guidance on the Capital Programme and the use of capital resources. The strategy reflects the links to other Council plans and is based on the guidance in the Medium Term Financial Plan (MTFP).

The objectives of the Capital Strategy are to: -

- Ensure that capital investment decisions and capital resources contribute to the achievement of the Council's corporate priorities.
- Co-ordinate the strategic priorities emerging from service planning and ensure that investment opportunities are maximised.
- Manage performance and decision-making processes to help achieve the best use of available capital resources.
- Set out processes to monitor and evaluate proposed and actual capital spending on projects to ensure that value for money is obtained.

Capital spending is strictly defined and is principally incurred in buying, constructing or improving physical assets such as buildings, land and vehicles, plant and machinery. It also includes grants and advances to be used for capital purposes.

2. Overall Strategy Guidelines

The strategy has been developed using the following overarching guidelines: -

- Capital resources are held corporately and are allocated according to the priorities set out in the Carlisle Plan (i.e. there is no automatic ring-fencing of resources for specific purposes with the exception of the repayment of Renovation grants).
- Capital receipts, including Preserved Right to Buy (PRTB) receipts, will be allocated in accordance with Council priorities and in particular to support sustainable communities and the Housing Strategy.
- Specific repayments of Renovation Grants will be reinvested in the programme and be used to support Private Sector Renewal Grants.
- Income generated from the sale of vehicles, plant and equipment will be reinvested in the programme and be used initially to fund future replacements.
- The Council will seek to maximise the use of grants and external funding.
- The Council is committed to deliver capital investment with partners to maximise benefits where this fits with Council priorities.
- Redirection of capital resources from one project to another will be contained within existing budgets, unless increases can be justified through the budget process.
- Capital budgets are generally cash-limited i.e. no provision is made for inflation which effectively means that over time there is a real reduction in the value of resources allocated to specific capital projects.
- Council Tax increases will be limited to fair and reasonable levels. This requires a full assessment of the revenue consequences of capital projects and their respective methods of finance.

3. The Council’s approach to corporate planning

The council has a corporate plan (Carlisle Plan) that is reviewed annually to take account of emerging issues. The plan is developed through consultation with stakeholders; it presents the key actions for the Council and likely outcomes for communities.

The Carlisle Plan forms part of the Policy and Budgetary Framework for the Council. These frameworks work together to create the strategic framework.

The following diagram illustrates the relationships between the Policy and Budgetary Frameworks.

Community Plan

The community plan is ‘owned’ by the Carlisle Partnership (our Local Strategic Partnership). It reflects and develops the aspirations of the communities of Carlisle and provides a strategic context for the partnership activities of all members of the LSP. For the City Council it is particularly important that the Corporate Plan enables delivery of the Community Plan; there must be congruence between the strategic objectives of both plans.

The communities of Carlisle are consulted and involved in the development of the Community Plan. This Community Plan helps to inform the strategic thinking of partner organisations.

The LSP’s Community and Council’s Corporate Planning process informs and supports the strategy of the Cumbria Strategic Partnership.

Directorate Service Plans

The primary purpose of a Service Plan is to provide a link between the resources used to deliver services and the delivery of agreed outputs. Service Plans are inextricably linked to each Directorate's budget.

Service Plans develop the key actions of the Carlisle Plan into detailed activities for Directorates and provide a framework for their financial, performance and risk management.

Other Council Strategies, Plans and Policies

The MTFP takes account of other Council Plans and Strategies of the Council, which have a potential impact on the use of resources by the Council. Particularly consideration is given to the following key strategies: -

- The Capital Strategy, which provides information on the proposed level of investment in capital projects and the consequent impact on the revenue budget.
- The Treasury Management Strategy Statement, Investment Strategy and Minimum Revenue Provision Strategy, which sets out the assumptions for financing requirements and interest rates and their effect on the revenue budget.
- The Asset Management Plan, which provides forecasts of necessary investment in the Council's land and property portfolio.
- The Procurement and Commissioning Strategy
- Local Plan/Local Development Framework.
- The Organisational Development Plan, which highlights the need for a thorough review of the Council's staffing needs and skill levels to ensure that the Council improves its performance to deliver excellent services to the local community in the future.
- There are also a number of strategies, (some of which are currently under development) which set out policy direction for key Council priority areas, and these include the Economic Strategy, and Housing Strategy.

4. Capital Programme Forecasts

4.1 Current Forecasts

The Council has previously considered detailed proposals for capital spending and associated financing implications for the period 2013/14 to 2017/18. These are summarised in the Council Budget Resolution approved on 5 February 2013.

This report updates the projections to cover a further year. This aims to provide more effective planning in the longer term. The aim may be to increase this period to 10 years.

The key assumptions in the projections are as follows:

- The Capital Programme considered by Council in February assumed a programme of £9.280m for 2013/14 and £4.641m for 2014/15. The impact of the 2012/13 outturn and the carrying forward of budgets into 2013/14 and other adjustments has reduced the programme to £4.655m in 2013/14.

The current full 5 year programme (before being reviewed) is attached at **Appendix A** with a summary below at **Table 1**. Work is continuing to allocate resources to the new Council priorities.

Table 1 – Current Proposed Programme

	2013/14 £000	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Current Proposed Programme	4,655	4,457	8,564	1,363	1,163	1,163

The proposed capital programme includes the revised scheme which is being developed for the Arts Centre which requires approval by Council to increase the capital programme by £478,500 and reprofile the expenditure to £50,000 in 2013/14 and £1,014,500 in 2014/15.

4.2 Future Forecasts

The current capital programme forecasts spending on capital projects of around £1-£2m p.a. for years 2016/17 to 2018/19. Past experience has indicated that actual spending will be far higher and this is due mainly to the fact that a number of initiatives are still at an early stage of development and so are not yet included in the projections.

- (i) Asset Review Programme – The capital programme currently does not include any capital purchases from the receipts generated by asset sales as it is difficult to predict when asset purchases will be made and are dependent upon market conditions. It is planned that £12.076million is available for reinvestment in asset purchases over the next 3 years that will generate a revenue return for the Council.
- (ii) Vehicle Replacement Programme - The current capital programme includes a minimal budget for vehicle replacements (recurring £200,000 per annum). The refuse fleet and other street cleansing vehicles are due for replacement from 2015 and options need to be considered as to how these will be funded and whether existing vehicles can be replaced later. Given current capital resources it will be unlikely they will be able to be bought from existing capital receipts, so other options such as borrowing and leasing will have to be considered should the vehicles still need replacing.
- (iii) Disabled Facilities Grants – There is a significant pressure on the capital programme from the demand for Disabled Facilities Grants into the future. Government support allocates the Council £663,000 in 2013/14 and an additional contribution from the Council of £200,000 was agreed as part of the 2013/14 budget process.

The position on the above schemes will need to be updated during the budget process when an indication of capital schemes coming to fruition and their timing can be made more accurately. The inclusion of any of these projects in the capital programme will be subject to the appraisal of a full business case, which will include an assessment of fit with corporate priorities, prior to formal approval for inclusion in the programme by Council.

5. **Capital Resource Forecasts**

The Council's capital programme can be financed, (or paid for), through a number of sources and the Director of Resources will make recommendations on the most effective way of financing the Capital Programme to optimise the overall use of resources. The availability of staff resources to deliver the approved programme will need to be considered during the budget process. **Table 2** shows the estimated level of capital resources, which will be generated over the next five years.

Table 2 – Estimated Capital Resources (Based on current programme)

Resources Available	2013/14 £000	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Capital Grants	(1,414)	(663)	(663)	(663)	(663)	(663)
Capital Receipts (General & Preserved Right to Buy)	(810)	(410)	(410)	(410)	(410)	(260)
Capital Receipts (Asset Business Plan)	(21,218)	(3,255)	(1,340)	0	0	0
Total Capital Resources	(23,442)	(4,328)	(2,413)	(1,073)	(1,073)	(923)
Borrowing Requirement (Revised)	(98)	(317)	(6,939)	(273)	(73)	(237)
Direct Revenue Financing	(165)	(52)	(52)	(17)	(17)	(3)
Total	(23,705)	(4,697)	(9,404)	(1,363)	(1,163)	(1,163)

* see note at paragraph (ii)

The current assumptions included in this strategy for each of the available financing sources are as follows:

(i) Borrowing

Rules on borrowing have been relaxed since the introduction of the Prudential Code in April 2004. As a consequence, any new borrowing taken out is now known as unsupported borrowing. This effectively means that the Council can borrow as much as it wishes to pay for its capital programme, providing that repayments are affordable and can be met from the Council's revenue budget.

(ii) Capital Receipts

Capital Receipts arise principally from the sale of Council capital assets. In the past the bulk of the receipts were received from a Preserved Right to Buy (PRTB) sharing agreement with Riverside Group, following the transfer of the housing stock in December 2002. Capital receipts are forecast to remain fairly constant at £0.40million p.a. for the period under review. However, for 2013/14 there are specific additional items that increase this figure to £0.81million. These figures comprise: -

- £150,000 to be received from PRTB sales under the sharing agreement with Riverside in 2013/14. Updated projections will be requested from Riverside Group which will be included in the final version of the report once received but early indications show that there will be a significant reduction in the level of receipts generated from PRTB sales which has not yet been taken into account. For information £266,000 was received in 2012/13).
- £10,000 p.a. from receipts arising from the Raffles development, which it is forecast will continue to be generated for the next 11 years.
- An assumption that the Council will generate £250,000 p.a. over the life of the plan from the sale of other Council surplus assets (to be refined during the budget process).
- £400,000 from the sale of London Road Hostel once the new Womens and Families Hostel is completed (although this is likely to now be around £250,000)

Capital receipts, including PRTB receipts, will be allocated in accordance with Council priorities and in particular to support sustainable communities and the Housing Strategy. 'Sustainable communities' has a wide-ranging definition, which is included at **Appendix B** for information. There has previously been an expectation from the Government that the PRTB receipts will be used to benefit the delivery of the sustainable community.

The Asset Business Plan assumes that a further £26.8million of capital receipts will be generated from 2013/14. This has now been reduced down to £25.8million on the expectation of lower values being received for some assets. The £1million reduction will require the capital programme/asset management business case purchases to be reviewed from 1 April 2014. The expectation is that £15million will be set aside to enable the future repayment of debt and the balance being available for reinvestment into new assets that will generate a revenue return.

The Council also receives a small amount from repayments of improvement grants arising as a result of property sales. The Council has approved a change in policy whereby receipts of this nature are now to be used specifically to support Housing Private Sector Renewal initiatives. However given the scale of the potential receipts, for the purpose of this report, they are not separately identified and are included within general capital receipts. As a result of revised Capital Financing Regulations, the Council prepares an annual Minimum Revenue Provision (MRP) Strategy, which was approved by Council in February 2013. During 2008/09, the Council took advantage of an accounting amendment, which generated substantial short-term savings to the authority's revenue budget. This involves the voluntary set aside of unapplied capital receipts. As these capital receipts are spent there will be an adverse impact on the revenue account both in terms of the amount of investment interest received and the level of MRP charged in the year. The Council continues to use this strategy of setting aside any surplus receipts each year in order to minimise its MRP requirement. The cash from these receipts is still available to support capital expenditure.

(iii) Reserves and Balances

The Council currently maintains a reserve to support capital spending - the Asset Investment Reserve. Further information on all of the Council reserves is set out in more detail in the Council's Policy on the Use of Reserves contained within the MTFP.

- **Asset Investment Reserve**

The Asset Investment Reserve currently stands at £0.4m, the use of which is subject to Council approval. Part of the Reserve has been set aside to purchase strategic properties and is included in the Asset Review Business Plan. The reserve also includes £1m built up from contributions from the Industrial Estates capital programme. The capital programme agreed by Council in February 2013 agreed the use of part of this £1m to fund improvements to Industrial Estates.

(iv) Government and Other Capital Grants and External Funding

The Government announced changes to capital grants and capital funding, for example removing ring fencing from certain grants etc. Although these announcements have yet to impact on the Council's funding (?), further developments and announcements may impact on the amount of capital grants and funding available to the Council.

The Council currently receives capital grants to support its Disabled Facilities Grants (DFG) programme. From 2013/14, the level of grant provided to the Council is £663,000 and the requirement for the Council to fund 40% of the cost has been withdrawn.

(v) Revenue Contributions

The Council is free to make contributions from revenue to finance capital spending. In practice however, and given the severe restrictions on the level of revenue spending needed to keep Council Tax at acceptable levels, it is not anticipated that any revenue contributions will be made over the period 2013/14 – 2018/19 to provide resources for capital spending. Where there have been specific 'invest-to-save' projects that have utilised capital resources, these are being 'repaid' to capital through the revenue savings that have been generated. Due to the pressure on the Council's Revenue budget and reserve projections, the opportunity will be taken wherever possible to maximise the use of capital resources rather than revenue resources. This is because capital resources can only be used to finance capital schemes, whereas revenue reserves and balances can be used to support both revenue and capital schemes and therefore gives more flexibility.

6. Summary Capital Spending and Financing

As set out in the Table below, there is currently approximately £7.4m uncommitted estimated capital resources available to support any future capital programme as at the end of 2018/19.

Table 3 – Summary Programme

Summary Programme	2013/14 £000	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000	2018/19 £000
Estimates Resources 31 March 2013	(7,468)	0	0	0	0	0
In Year Impact:						
Estimated Resources available (Table 2)	(23,705)	(4,697)	(9,404)	(1,363)	(1,163)	(1,163)
Current Proposed Programme (Table 1)	4,655	4,457	8,564	1,363	1,163	1,163
In year projected (surplus)/Deficit in Resources	(19,050)	(240)	(840)	0	0	0
Total	(26,518)	(26,758)	(27,598)	(27,598)	(27,598)	(27,598)
Proposed Asset Review Purchases	7,819	1,038	3,219	0	0	0
Capital Receipts Set aside	15,000	15,000	15,000	15,000	15,000	15,000
Net Year end position	(3,699)	(2,901)	(522)	(522)	(522)	(522)

7. Council Budget Process

- 7.1 The Council operates on a five-year budget cycle, which starts in July with consideration of the MTFP including this Capital Strategy. As the year progresses, services submit capital and revenue bids for service development or to address pressures identified in their respective service plans in accordance with Council priorities. Capital bids have a role to play in developing the Council's revenue budget as in very many cases, a capital project will result in the Council having to budget for ongoing revenue costs in future years.
- 7.2 The Council has set up a formal appraisal system to assess individual capital projects before they are included in the capital programme, and therefore before committing revenue resources. The Corporate Programme Board (CPB) undertakes this to determine: -

- Whether the project meets corporate and service priorities,

- Whether all costs are reasonable and affordable,
- Whether all options to deliver the project have been considered.
- Impact on Revenue budget.
- Any VAT issues

Capital bids are only put forward to members as recommended schemes when this appraisal process is completed satisfactorily.

8. Evaluation and Monitoring of Capital Projects

8.1 The evaluation and monitoring of capital projects is important to enable the Council to determine: -

- If projects have met their individual objectives for service provision,
- If projects have been delivered on time and to budget, or whether lessons need to be learned to improve processes in the future,
- If projects have contributed to the overall aims and objectives of the Council.

8.2 To assist with these processes, the Council has a series of procedures in place as a capital project develops. These consist of: -

- Consideration of all aspects of a capital project by the Corporate Programme Board, comprising senior officers of the Council, whose purpose is to lead on the prioritisation of capital investment through the consideration of business cases and the ongoing monitoring and evaluation of individual capital projects. All proposals for investment will be submitted to members for consideration as part of the normal budget process.
- The development of a risk-assessed project plan for every project, which is subject to regular monitoring against key milestones by a nominated project officer.
- Changes to capital budgets, scheme costs, the inclusion or removal of individual schemes and information on remedial action needed to bring projects back on track are reported to Council as required.
- The Senior Management Team and the Executive receive quarterly monitoring reports on the Capital Programme to review progress on the delivery of projects. This process also includes the evaluation of completed capital projects to assess if their individual aims and objectives have been met, and makes recommendations where necessary to improve the delivery of similar projects in the future.
- The Council's Resources Overview and Scrutiny Panel also critically examines the performance in delivering capital projects on a quarterly basis.

9. Risk Assessment

Although the Council has adequate resources to pay for its existing capital programme in the foreseeable future, the past performance of the capital programme flags up some key risks that need to be addressed to ensure best use is made of the Council's capital resources. The risk assessment for the capital programme is attached at **Appendix C**.

10. Summary

This strategy is designed to outline the processes and risks the Council needs to consider when developing a capital programme that meets corporate and service objectives. It also provides information on the likely level of capital investment that the Council will be able to support over the next five years and gives an indication of the level of resources that will be required, and that are available, to deliver this investment through the capital programme.

Sustainable Communities

In February 2003 the ODPM produced a document called 'Sustainable Communities: building for the future' which provided a summary of the key requirements of a sustainable community as shown below.

1. A flourishing local economy to provide jobs and wealth;
2. Strong leadership to respond positively to change;
3. Effective engagement and participation by local people, groups and businesses, especially in the planning, design and long-term stewardship of their community, and an active voluntary and community sector;
4. A safe and healthy local environment with well-designed public and green space;
5. Sufficient size, scale and density, and the right layout to support basic amenities in the neighbourhood and minimise use of resources (including land);
6. Good public transport and the transport infrastructure both within the community and linking it to urban, rural and regional centres;
7. Buildings – both individually and collectively – that can meet different needs over time, and that minimise the use of resources;
8. A well-integrated mix of decent homes of different types and tenures to support a range of household sizes, ages and incomes;
9. Good quality local public services, including education and training opportunities, health care and community facilities, especially for leisure;
10. A diverse, vibrant and creative local culture, encouraging pride in the community and cohesion within it;
11. A 'sense of place';
12. The right links with the wider regional, national and international community.

Capital Programme – Risk Assessment

Risk	Likelihood	Impact	Mitigation
Capital projects are approved without a full appraisal of the project and associated business case.	Reasonably Probable	Marginal	Strengthen the role of Corporate Programme Board when considering capital project appraisals, to include consideration of business cases
Full capital and revenue costs of a project not identified.	Reasonably Probable	Marginal	Capital spending must meet statutory definitions. Financial Services to regularly review spending charged to capital. Appraisals to identify revenue costs, including whole life costs to improve financial planning. This may need to be reviewed if major schemes progress, e.g. Sands
VAT partial exemption rules are not considered.	Reasonably Probable	Marginal	Reduced impact following the decision to elect to tax land and property. To be considered as part of Project Appraisals and assessed by Financial Services.
Capital projects are not delivered to time	Reasonably Probable	High	Significant slippage in the current capital programme. Better project management skills to be introduced through PRINCE 2. Project managers to take more ownership and responsibility for the delivery of projects. The review of the capital programme currently underway will address some of these issues.
Capital projects are not delivered to budget. Major variations in spending impact on the resources of the Council.	Reasonably Probable	Marginal	Improved capital programme monitoring through PRINCE 2 and monthly financial monitoring. Corrective action to be put in place where necessary.
Assumptions on external funding for capital projects are unrealistic	Probable	High	Potential shortfalls arising from changes to external funding have to be met from other Council resources, so assumptions need to be backed by firm offers of funding before projects are submitted for appraisal. Risk increased due to uncertainty around funding, e.g. NWDA grants
Spending subject to specific grant approvals e.g. housing improvement grants, disabled persons adaptations varies from budget	Remote	Marginal	Specific grants are generally cash limited so variations in projects supported by funding of this nature will be monitored closely to ensure target spend is achieved to avoid loss of grant or restrictions on subsequent years grant funding.
Shortfall in level of capital resources generated from PRTB/Capital Receipts	Probable	High	Economic downturn will impact - early warning so as not to over commit capital resources.

EXCERPT FROM THE MINUTES OF THE EXECUTIVE HELD ON 5 AUGUST 2013

EX.82/13 DRAFT CAPITAL STRATEGY 2014/15 TO 2018/19
(Key Decision – KD.010/13)

Portfolio Finance, Governance and Resources

Relevant Overview and Scrutiny Panel Resources

Subject Matter

The Finance, Governance and Resources Portfolio Holder presented report RD.33/13 on the Draft Capital Strategy 2014/15 to 2018/19. He informed Members that the Draft Capital Strategy was a key policy document, intended to direct the Council's Capital Programme and the allocation of resources for the five year period 2014/15 to 2018/19 and would complement and supplement guidance contained in the Medium Term Financial Plan. The Capital Strategy was reviewed annually alongside the Medium Term Financial Plan, commencing with the assumptions made in the Budget Resolution approved by Council on 5 February 2013. The position had been updated to reflect any known changes since that date.

He reminded Members of the objectives of the Capital Strategy in ensuring that capital investment decisions and capital resources contributed to the achievement of the Council's corporate priorities; co-ordinated strategic priorities emerging from service planning and ensuring that investment opportunities were maximised; managed performance and decision making processes to help achieve the best use of available capital resources and setting out processes to monitor and evaluate proposed and actual capital spending on projects to ensure that value for money was obtained. The Strategy had been developed using a number of overarching guidelines.

The Finance, Governance and Resources Portfolio Holder outlined the current capital programme forecasts, reminding Members of the key assumptions which had been considered in making the projections including the Capital Programme of £9.280m for 2013/14 and £4.641m for 2014/15. The impact of the 2012/13 outturn and the carrying forward of budgets into 2013/14 and other adjustments had reduced the programme to £4.655m in 2013/14.

The Finance, Governance and Resources Portfolio Holder indicated that the current capital programme forecast spending on capital projects of around £1m - £2m per annum for years 2016/17 to 2018/19, although past experience had indicated that actual spending would be much higher due, in the main, to the fact that a number of initiatives were still at an early stage of development and had not yet been included in the projections. He identified a number of schemes currently the subject of feasibility

studies, including the Asset Review Programme; Vehicle Replacement Programme; and Disabled Facilities Grants, commenting that the position on those schemes would need to be updated during the budget process when an indication of capital schemes coming to fruition and their timing could be made more accurately.

The report further set out an estimated level of capital finance resources which would be generated over the next five years and highlighted the current position regarding borrowing; capital receipts; reserves and balances; Government and other capital grants and external funding; and revenue contributions. Also summarised was the level of capital spending and available financing for the period 2013/14 to 2018/19 which indicated that currently there was approximately £7.4m uncommitted estimated capital resources available to support any future capital programme as at the end of 2018/19.

The Finance, Governance and Resources Portfolio Holder then moved the recommendation set out in the report.

Summary of options rejected None

DECISION

1. That the Report of the Director of Resources (RD.33/13) regarding the draft Capital Strategy 2014/15 to 2018/19 be received.
2. That the draft Capital Strategy be made available for consideration by the Resources Overview and Scrutiny Panel on 29 August 2013.

Reasons for Decision

To consult with the Resources Overview and Scrutiny Panel on the draft Capital Strategy for 2014/15 to 2018/19
