## CITY OF CARLISLE

To: Corporate Resources Overview and Scrutiny

Date: 2<sup>nd</sup> April 2009

### **1. Background**

In accordance with the Council's Risk Management Policy, the draft Corporate Risk Register is submitted to this Committee for consideration on a quarterly basis.

This report contains the latest quarterly update of the Corporate Risk Register.

### **2. Comments on the Corporate Risk Register**

The latest Corporate Risk Register is at appendix 1.

During the last quarter, the Current Action Status/Control Strategy sections of the Corporate Risk Register have been addressed and updated where applicable and scoring of certain risks amended accordingly. Risk score matrices have been included to show current impact and likelihood scores and their corresponding scores in the previous quarter. Movement in overall risk scores is also reflected on the summary sheet included as appendix 2.

In addition to scrutinising and commenting on the Risk Register, members of this committee are invited to suggest emerging risks for consideration by the Corporate Risk Management Group. If appropriate these will be incorporated into the Corporate Risk Register and members will be able to track their management at the next quarterly update.

### **3. Risk Management Training**

The Deputy Chief Executive will lead a 'refresher' workshop with Officers who provide updates to the Corporate Risk Register to ensure consistency in defining and scoring mitigated risks; to promote clear and concise updates; and to advance understanding of when risks should be escalated to the corporate risk register or managed through the operational risk registers.

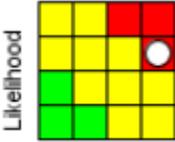

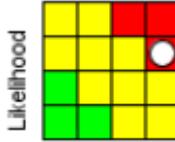

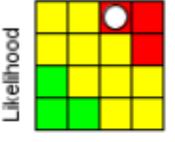

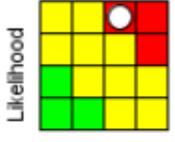

### **4. Recommendations**

The Committee is asked to consider and comment on the updated Corporate Risk Register and identify any emerging risks for consideration by the Corporate Risk Management Group.

The Committee is asked to note the proposed workshop for Officers to improve quality and consistency of submissions to the Corporate Risk Register.

<b>Medium-Term Financial Plan</b>	<p><i>There is a risk that the medium-term financial plan projections will not be met leading to:</i></p> <ul style="list-style-type: none"> <li>- Failure to deliver savings assumptions approved as part of the budget that could result in significant overspends</li> <li>- Failure to achieve balanced budget through the budgetary process</li> <li>- Failure to match future commitments and aspirations compared to funding available</li> </ul>	 <p>Likelihood</p> <p>Impact</p>	 <p>Likelihood</p> <p>Impact</p>	12=	<p><b>Impact</b> Catastrophic</p> <p><b>Likelihood</b> Reasonably probable</p>	<p>The MTFP and Capital Strategy were approved by Council on 9th September 2008 for a five year period. The 2009/10 budget has recently <i>been approved</i> by Council on 3rd February. There are significant and growing ongoing pressures on the budgets. As predicted the RSG settlement was well below inflation. The economic downturn and the impact this will have on income streams in particular that the Treasury Management forecasts is also a growing concern. There is also a specific risk in failing to achieve the identified savings to offset the spending pressures identified. The Strategic Planning Group is monitoring all of these aspects regularly prior to reporting formally through the Committee process and throughout the next budget process. Work will continue to ensure resource allocation to corporate priorities is further developed. The work of the Corporate Projects Board will support the improvements to financial and performance improvements regarding the capital programme.</p>	Director of Corporate Services Mar 09
<b>Recession Planning</b>	<p>Economic data suggests that the economy will experience a sharp recession in 2008/09 (2.5%) and 2009/10 (2.8%). The impact of the recession on the Council needs to be quantified. The recession will impact on:</p> <ul style="list-style-type: none"> <li>- Service income – car parking, land charges, licensing, and rentals</li> </ul>	 <p>Likelihood</p> <p>Impact</p>	 <p>Likelihood</p> <p>Impact</p>	12=	<p><b>Impact</b> Critical</p> <p><b>Likelihood</b> Probable</p>	<p>The early impact on income has been included in Medium term financial plan projections. Further impact from income streams not yet affected by the recession is yet to be factored into MTFP including a £70,000 reduction in recycling income <i>and the impact of the last two 0.5 % reduction in interest rates (only marginal impact on income)</i>. Additional actions to be determined particularly in respect of service provision and additional service costs eg £50,000 cost</p>	Chief Executive Mar 09

<b>Failure to implement an effective IT Strategy</b>	Failure to implement an effective IT Strategy: - - Failure to maximise benefits of e-business and e-procurement - Increased security risks	 Likelihood Impact	 Likelihood Impact	6 =	<b>Impact</b> Critical <b>Likelihood</b> Remote	A new security policy was considered by Council on 4th November 2008 and accepted. <i>The new strategy will</i> now be co-ordinated with the Shared ICT service work which is being developed with Allerdale.	Director of Corporate Services Mar 09
<b>Financial Reporting</b>	<i>There is a risk that financial reporting standards will drop below minimum standards</i> Failure will: - Lead to reputational damage - Have an impact on overall <i>CAA/Use of Resources</i> assessment	 Likelihood Impact	 Likelihood Impact	6 =	<b>Impact</b> Critical <b>Likelihood</b> Remote	The Audit Commission has judged the Council's financial reporting standard for 2007/08 as part of the Use of Resources judgement to be adequate. Work will shortly commence on the 2008/09 closedown. A Risk remains from the Implementation of International Reporting Standards <i>and in particular the new requirement for the identification of assets.</i>	Director of Corporate Services Mar 09

**The following risks can be removed from the Corporate Risk Register**

<b>Carlisle Northern Development Route</b>	The risk is that the Route is not built or substantially delayed, which will prevent the benefits from being achieved.	 Likelihood Impact	Closed			Environmental works have commenced on the route of the road. Funding has been disrupted due to the economic climate. It is understood that the Government has provided gap funding and a decision from the preferred Contractors funders is anticipated in early 2009. In addition to the construction of the CNDR the 30 year concession includes the management and maintenance of: - A7 (Junction 44 to Scottish Border) A689 (Junction 44 to Brampton Bypass) A595 from Newby West, south A6071 (Brampton Bypass to Scottish Border) The completion of the CNDR would reduce pollution on Scotland Road to below the threshold level.	Director of Community Services Mar 09
<b>Performance Management challenges</b>	Performance Management challenges: Failure to embed performance management in the culture of the Council at all levels - Inefficient and ineffective management - misdirected/wasted resources	 Likelihood Impact	Maintain on Policy & Performance Operational Risk Register			Performance Management included in Directorate's Service Plans. Performance Management Framework was published March 2007. New Performance Management system (Covalent) is now live and training is being delivered to officers. Covalent is now operational.	Deputy Chief Executive Mar 09

	- Failure to meet target/ continuous improvement						
<b>Health &amp; Safety management and systems failure</b>	Health & Safety management and systems failure could lead to: - - Exposure to legal action - financial impact of failing to ensure recovery of all - Reputational impact on Council - Increased exposure of staff to H&S risks - Creation of image of non-proactive employer - Lack of understanding of Health and Safety Manager's role	 <p style="text-align: center;">Impact</p>	Maintain on PPP Operational Risk Register			<p>Council's Health and Safety Policy fully adopted Qualified H&amp;S Manager employed in a corporate role Clear H&amp;S management systems installed across the Council Health and Safety action plan regularly updated and ongoing auditing of current practices Developing local Performance Indicators which will be reported on in the Council's performance management reports to Corporate Resources Overview &amp; Scrutiny Committee Continuing training of staff as appropriate including mandatory training for newly appointed employees Role of Health and safety to be included in Service plans H&amp;S strategy under development.</p>	Deputy Chief Executive
<b>Flooding</b>	The risk is the delay of construction of the defences and adequacy of contingency measures, until such time as the projects are completed.	 <p style="text-align: center;">Impact</p>	Closed			<p>The flood defence project on the Eden is now substantially completed and will provide increased protection for properties in the Warwick Road area from river flooding. Work on the Caldew/ Eden scheme is progressing ahead of programme and at the moment it is envisaged works will be substantially completed in late 2009. There is some disruption during the works, particularly to some car parks. The major sewerage upgrade in the Willowholme area has now been completed. This will substantially reduce the risk of sewer flooding in the area and to the McVities factory. Works have started in the Lismore Place/ Warwick Road phase of improvements and United Utilities are making a presentation to Members in April 2009. Regular and effective communication and co-ordination are extremely beneficial, and Members/ Officers are updated regularly. The "Making Space for Water" group meets on a regular basis and flood response arrangements are reviewed regularly to provide an integrated response to incidents.</p>	Director of Community Services Mar 09

<p><i>Partnerships</i></p>	<p>Partnerships (including framework agreement &amp; collaborative working arrangements) Existing partnerships and New and proposed partnerships, failure to ensure compliance with existing arrangements leading to: -</p> <ul style="list-style-type: none"> <li>- Failure to meet stated objectives</li> <li>- Reputational and financial impact</li> <li>- Onerous terms and conditions, and inadequate exit strategy</li> <li>- Increased exposure to risk</li> <li>- Major review of compliance with partnership agreements or evidence of agreements not undertaken on a regular or structured basis</li> </ul>		<p>Maintain on Corporate Services Operational Risk Register</p>			<p>The Partnership policy has been approved by full Council which sets out responsibilities. Corporate Services Efficiency and Procurement team is responsible for the monitoring arrangements, this includes the update of the central register, completion of annual reviews of all significant partnerships, annual reports to members and quarterly progress reports to SMT. One to one assistance is given to officers when setting up new partnerships. Senior Management Team will ensure that their individual risks from partnership working arrangements should be included in Operational Risk Registers. The Use of Resources (good) 2008/09 score has highlighted the significant improvements in the Council's Partnership working arrangements. However, the new harder test Use of Resources KLOE's to be introduced in 2009/10 will require further work to be undertaken on our Partnership arrangements.</p>	<p>Director of Corporate Services Mar 09</p>
