Introduction

Report PPP 23/06 presented a draft Equality and Diversity Policy for consideration by the Committee before it was subject to consultation. This report presents an amended policy for consideration by the Committee before the approval of the Executive and Council is sought.

Equality and Diversity Policy

The policy, attached at appendix1, sets out the Council's approach to equality and diversity in the context of the delivery of excellent Council services accessible to all groups within the community. It aims to ensure that equality and diversity issues are built into every aspect of the work that the Council does – in delivering services, as an employer and as a community leader.

The Disability Equality Scheme, the Race Equality Scheme and the Gender Equality Scheme (due for adoption by the Council before the 30th April 2007) are supporting but separate policies. However, it maybe that the Council wishes to consider the adoption of a combined Equality Scheme in response to the work of the Human Rights and Equality Commission (established by The Equality Act 2006) as that develops. The Committee may wish to give this some thought as work in this area progresses.

Consultation on the principles of the policy has not progressed as expected, however officers are now developing mechanisms that will enhance the Council's capacity to ensure that there is more effective consultation and involvement. Work to further develop this aspect of the Council's work is included in the Corporate Equality Plan. Officers are currently developing Service Level Agreements with AWAZ (a voluntary organisation representing ethnic minority groups in the County and with the Cumbria Disability Network (network representing disabled people) to ensure that our capacity for consultation and involvement is enhanced. In addition, officers in both People, Policy and Performance and Community Services will continue to work directly with local groups on service level issues and with partner agencies, such as the Carlisle Diversity Partnership, to identify creative ways of consulting the community on these issues. **The Committee should continue to seek updates of this aspect to ensure that the necessary progress is being made.**

As consultation is enhanced the policy can be effectively reviewed and updated in line with the outcomes of this work. Review of the policy should be included as an ongoing action within the Corporate Equality Plan; ideally this should link to the review timetables for the three equality schemes once the Council adopts them all. Future reviews of the policy will

provide the Committee with better information on which to make assessments of the impact of the policy.

The Committee is asked for its comments before the policy is recommended for approval. In its comments on the policy the Committee may wish to consider a formal request for involvement in the reviews of policy and regular updates on the operation of the Service Level Agreements with AWAZ and the Disability Network.

Corporate Equality Plan

The Equality and Diversity Policy provides the Council with a set of principles or an approach to the equality and diversity agenda, but it is important that this is supported by an action plan to ensure the delivery of the Policy. This action plan or Corporate Equality Plan is attached at Appendix 2 to the report.

The Corporate Equality Plan encompasses action required to ensure that the Council meets its statutory duties and that its work improves in line with the requirements of the Equality Standard for Local Government. To ensure effective monitoring of all the Council's work in this area it is important to ensure that those actions in support of the Race Equality Scheme, the Disability Equality Scheme and the Gender Equality Scheme when adopted are brought together in the Corporate Equality Plan. The plan attached to this report does include action from both the Race Equality Scheme and the Disability Equality Scheme.

At officer level the Corporate Equality Plan will be monitored by the Corporate Equality Group, chaired by the Deputy Chief Executive who will provide the link to the Senior Management Team (SMT). However, the key to the successful implementation of the plan is corporate commitment and ownership of the plan. With this in mind it is suggested that regular reports are provided to the Council's Joint Management Team, in addition to the Executive and Community Overview and Scrutiny Committee. It would seem sensible for this to happen on a quarterly basis in line with the Performance Management Framework. The role of Community Overview and Scrutiny will be to hold the Executive to account for the delivery of the Equality and Diversity Policy and therefore the Corporate Equality Plan.

Action A3 (identify a programme of Equality Impact Assessment) and D5 (Review personnel information systems (...) including those supporting the Council's statutory ethnic monitoring duties) are key to ensuring that the Council meets its statutory duties. It is essential that the dates for completion of these actions be met if the Council is not to be in continuing breach of its statutory duties.

Regular reports on progress should be brought to the Committee and it is suggested that this is done as part of the quarterly performance management reports.

The Corporate Equality Action Plan has been updated since it was presented on *insert date*. In particular the following tasks have been completed:

Corporate Commitment and Leadership

- A2 Update Race Equality Scheme – the schedule of Council functions, policies and practices has been prepared;
- A2 Update Race Equality Scheme – guidance notes completed for Equality Impact Assessments are complete and training support for service heads negotiated;
- A3 Complete Equality Impact Assessment – the actions in this section of the plan have been completed;
- A4 Disability Equality Scheme – a scheme has been agreed and is due to be approved by Council this month;
- A6 Corporate Equality Group – roles for the group have been identified, a timetable agreed for meetings and funding for the Council’s Equality and Diversity work have been agreed;
- A9 Communication Issues – an equality webpage has been developed and an approach to translation services agreed.

Consultation and Scrutiny

- B1 Identify an approach to consultation and involvement – groups and stakeholders have been identified, an approach to consultation and involvement has been identified and a budget has been agreed;
- B2 Corporate Equality Group – stakeholder involvement has been agreed.

Access to Services

- C1 Translation Services – approach to translation agreed and webpages established.

The Equality Standard for Local Government

The Council is committed to delivering excellent public services and the Equality Standard for Local Government provides us with a systematic mechanism for doing this.

Appendix 3 contains a list of the tasks that the Council still has to complete to reach level 2 of the Equality Standard for Local Government. Our target for reaching this level is the end of 2008/09 and is considered to be a realistic target. Members are reminded that the standard is not a badge, but a framework for improving our performance and ensuring the considerations of equality and diversity are at the heart of all that we do as a Council.

The Committee should be aware of the gaps and ensure that action is identified in the Corporate Equality Plan to fill these gaps. A county wide officers group is to be established, chaired by the County Council's Equality Officer, to develop a self assessment mechanism for the standard and to support councils in working with the standard. The establishment of this group came as an outcome of an ACE event held in December.

Carlisle City Council - Equality and Diversity Policy, January 2007

Introduction

Carlisle City Council is committed to ensuring the delivery of excellent public services to everyone living, working, studying and visiting the area.

To do this properly it means that the Council must ensure that the varied needs and circumstances of residents and employees are met and that its services are provided to all without discrimination.

The Council recognises the increasing diversity of the area and is committed to ensuring that all groups within the community are able to participate in the design and delivery of Council services. To do this effectively, the Council must promote equality of opportunity, tackle discrimination and social exclusion, challenge intolerance and widen access to services and jobs – **the equality and diversity agenda.**

The Council recognises that the relatively small size of our black and minority ethnic community means that it has a particular responsibility to avoid believing that there is no problem of racism. We have a responsibility to challenge the everyday racism that has been highlighted in the Cumbria Attitude Survey and the Cumbria Race and Diversity Partnership's consultation with the black and minority ethnic communities in Cumbria.

The Council embraces its role in promoting good community relations and recognises the need to:

- ◆ Identify a common sense of vision and belonging for all of Carlisle's communities
- ◆ Value and appreciate the diversity of people's backgrounds and circumstances
- ◆ Ensure that everyone living, working, studying and visiting Carlisle have similar access to services and opportunities
- ◆ Develop strong and positive relationships between people from different backgrounds and experience.

The Equality Standard for Local Government

Carlisle City Council has adopted the Equality Standard for Local Government as a tool for improving our work in support of the equality and diversity agenda. It helps us to ensure that considerations of equality and diversity are at the heart of all we do as a Council.

The standard helps us to measure our progress against five levels. Carlisle City Council has achieved Level 1 of the standard and expects to achieve level 2 by the end of 2008/09.

The Race Equality Scheme, the Disability Equality Scheme and the Gender Equality Scheme

The Race Equality Scheme, the Disability Equality Scheme and the Gender Equality Scheme (due to be adopted by the Council in April 2007) are separate but supporting policies at this stage.

The Corporate Equality Plan

This policy provides the Council with a set of principles or an approach to equality and diversity, but it is important that the policy is supported by an action plan to ensure that the principles of the policy are delivered.

The Corporate Equality Plan will assist the Council embed the commitments of this policy into all of its procedures, practices and external relationships. It identifies the practical steps required to put this policy into practice.

The Corporate Equality Plan contains action to ensure that the Council meets its statutory duties and it brings together those actions in support of the Race Equality Scheme and the Disability Equality Scheme. It will also need to include action in support of the Gender Equality Scheme once adopted.

Legislation

This policy, the Council's Corporate Equality Plan, the Race Equality Scheme and the Disability Equality Scheme conform to the current equality legislation including:

- ◆ Sex Discrimination Act 1975

- ◆ Employment Equality (Age) Regulations 2006

In addition, the policy will be amended in the light of any future statutory changes and to changes to the Codes of Practice produced by the Campaign for Race Equality, the Equal Opportunities Commission and the Disability Rights Commission.

Employing People

Carlisle City Council values all employees and is committed to developing and nurturing a workforce in which people from differing backgrounds are encouraged to contribute to the delivery of high quality services to all members of the community.

In support, the Council will ensure that:

- ◆ Ensure that all recruitment, selection and training procedures operate in a fair and non-discriminatory way
- ◆ Carry out recruitment and workforce monitoring both to meet the Council's employment duty but also to ensure that the workforce reflects the community it serves. Furthermore it will address any gaps highlighted by the monitoring

- ◆ Ensure that all staff attend equalities and diversity awareness training and that they receive a copy of this policy and the accompanying leaflet which explains what this means in practice
- ◆ Meet all of its statutory responsibilities and review its policies in the light of changes to the statutory framework on equalities

Providing Services

Carlisle City Council will ensure that all of its services are accessible to people without discrimination and this will be reflected in all of its strategies and supporting policies and practices. Every customer, client or service user will be treated in a professional manner and with courtesy and respect.

In support of its commitment to equality in service delivery, the Council will:

- Improve access to Council buildings and to our leisure and community facilities including provision of advice and information;
- In our planning role seek to ensure that pedestrian environments and transport facilities are designed to meet the needs of all our community

- Impact assess its functions, policies and practices for differential impact on a three year rolling programme
- Ensure that the approach outlined in this policy is adhered to when the Council procures services, contracts with others to provide services and works in partnership with other agencies/ organisations

What to do if something goes wrong – addressing discrimination or harassment

Carlisle City Council recognises that harassment and discrimination of employees and service users is unacceptable and is working towards building a local culture that reinforces this belief. The Council is therefore committed to addressing harassment of its employees and service users because it is a barrier to achieving the aspirations of this policy.
