

Written response to: Health and Wellbeing Scrutiny Panel

Resolution: That the Policy and Communications Manager circulate the following to the Panel:

- i) A breakdown of the types of waste recycled in Quarter 1:
- ii) a comparison of the Council's performance of the recycling of garden waste with Copeland Borough Council in Quarter 1;
- iii) A summary of the actions delivered and those outstanding from the 2015 – 18 Carlisle Plan.

Written response from: Policy & Performance Officer

Response:

- i) A breakdown of the types of waste recycled in Quarter 1:

<i>Waste Type</i>		<i>Tonnes</i>	<i>% of total</i>
Kerbside	Mixed Paper/Card/Cartons	807	15%
	Mixed Plastic/Cans/Glass	1372	26%
	Green Waste	2739	52%
	Large Electrical Goods	1.9	0.04%
	Small Electrical Goods	2.3	0.04%
	TVs/Monitors	0.3	0.01%
	Fridges/Freezers	3.3	0.06%
	Kerbside TOTAL	4926	93%
Bring Sites	Paper	44.8	0.8%
	Mixed glass	157	3.0%
	Cans	20.6	0.4%
	Cardboard	94.5	1.8%
	Plastic	34.4	0.7%
	Bring Site 3rd Party	1.0	0.02%
	Bring Sites TOTAL	352.4	6.7%
Overall Total		5279	100%

- ii) a comparison of the Council's performance of the recycling of garden waste with Copeland Borough Council in Quarter 1:

District	Tonnes collected
Copeland	1375
Carlisle	2739

iii) A summary of the actions delivered and those outstanding from the 2015 – 18 Carlisle Plan.

Delivered:

- Complete the Durranhill Industrial Estate infrastructure improvements
- Promote development opportunities for City Council property assets at Caldew Riverside and English Street, with Cumbria County Council [now City Centre redevelopment projects]
- Support the delivery of a Carlisle Enterprise Zone at Kingmoor Park
- Support the development of Carlisle Airport as a regional gateway
- Identify and deliver further projects aligned with the Cumbria Local Enterprise Partnership's Strategic Economic Plan
- Work with the Environment Agency and partners on future flood plans
- Continue to support the delivery of the city region Skills Plan aligned to business growth, sustainability requirements and the LEP Skills Strategy
- Proactively develop business support through supporting the Growth Hub
- Deliver a renewed Old Fire Station 2017/18 Business Plan and Development Strategy
- Monitor and support the Tullie House Trust 2017/18 Business Plan and associated development plans
- Work with Community Centres to develop enhanced business plans, broadband and Wi-Fi services at appropriate sites
- Work with partners to develop and deliver a Healthy Workforce programme
- Modernise the fleet of waste and recycling vehicles to improve services to residents and reduce the environmental impact of our collection service
- Optimise income achieved from the sale of recyclable materials collected
- Complete a comprehensive waste collection round review for all streams of waste, taking into account new housing developments
- Provide quality, clean local environments for people to enjoy with the involvement of local communities, supported by robust enforcement action against those who drop litter, fly-tip or allow their dogs to foul
- Complete the delivery of a programme of public realm improvements throughout the city: fingerpost signage; interpretation boards and gateway signage
- Complete the capital improvements to the public realm along Castle Way
- Annually review the air quality in Carlisle and work with partners to deliver an Air Quality Action Plan to reduce outdoor air pollution to a safe level
- Continue to implement the Green Infrastructure Strategy to make our green spaces safe and exciting for our residents and visitors, enhancing Carlisle's reputation as a green, welcoming city for people and business that encourages inward investment, raise property values and increase productivity
- Encourage uptake and better management of allotments to provide space for growing fresh and healthy food
- Deliver the Play Area Strategy to encourage outdoor play through the provision and access to high quality play facilities for our children
- Maintain the 'Gold' standard achieved by our Bereavement Services for quality in crematorium and cemetery management
- Prepare and publish an updated Housing Strategy
- Develop and implement a Housing Delivery Action Plan
- Work together with partners to monitor progress against Carlisle's Interagency Homelessness Strategy 2015-20
- Improve standards in the private rented sector (including student accommodation) through inspections, advice and, where necessary, enforcement
- Continue to develop and promote the Council's Empty Homes Service by delivering advice and information to empty homes owners

- Deliver the City Council's annual mandatory Disabled Facilities Grant Programme in respect of applications received and revise the Regulatory Reform Order Strategy to improve expenditure compatible with the discretionary grant
- Develop local solutions to ensure opportunities to maximise the delivery of affordable homes which respond to locally evidenced needs
- Work with landowners, developers, and partner agencies (e.g. HCA) to accelerate the delivery of sites
- Redevelop the Discover Carlisle website
- Continue to support the delivery of a high quality events programme (2016/17/18) across Carlisle to raise the profile of the city, attract more visitors, celebrate diversity and increase pride in the city
- Deliver the Heritage Cities Visit Britain Project to provide an augmented reality Roman themed experience in Bitts Park
- Work with Carlisle Ambassadors to raise the profile of Carlisle through business engagement.
- Encourage Carlisle Ambassadors to engage partners in promoting the Carlisle story/offer
- Deliver the Cumbrian "Better Business for All Programme" in 2017 through the Cumbria Public Protection Group

Outstanding:

- City Centre redevelopment projects
- Progress the Borderlands Initiative
- Maintain an up to date Infrastructure Delivery Plan and develop proposals to address identified issues
- Develop a Carlisle South Masterplan covering housing, urban design, employment land, transport and infrastructure
- Develop and deliver the proposed new leisure contract to improve facilities at The Sands Centre in line with the City Sports Facilities Development Plan and enhance the leisure services across the city
- Continue to work with key partners to deliver the World Health Organisation Phase VI Healthy City Action Plan
- Continue to support and develop the Food City Partnership: Local Healthy Eating Options; Carlisle Food Charter; food sector supply chain development; food skills; education and tourism

Date: 26/10/20
