Report to Executive

Meeting Date: 25 May 2022
Portfolio: Finance, Governance and Resources
Key Decision: Yes: Recorded in the Notice Ref: K.11/22

Title: Provisional General Fund Revenue Outturn 2021/22
Report of: Corporate Director of Finance and Resources
Report Number: RD03/22

Purpose / Summary:

This report summarises the 2021/22 provisional outturn for the General Fund revenue budget and gives reasons for the variances. Once transfers to earmarked reserves and funding of the carry forward requests in 2022/23 have been accounted for, the outturn position will result in a net overall contribution to General Fund Reserves of £17,000 (as set out in paragraph 6.4).

Requests are made to carry forward committed expenditure of £1,967,900, net transfers to/from reserves and provisions of £2,479,629 and transfer to the building control reserve of £46,666, which, if approved, will result in an overall net overspend position of £215,029 on Council Services; however, it is estimated that additional funding from Business Rates income will be realised currently estimated at £256,325 (subject to the completion of the NNDR3 return and confirmation of any pooling gains).

It should be noted that the information contained in this report is provisional subject to the formal audit process. The draft Statement of Accounts for 2021/22 will be presented to the Audit Committee on 8 July, with final approval of the audited accounts on 28 September (tbc).

Recommendations:

The Executive is asked to:

- (i) Note the net underspend of £4,232,500 for Council Services as at 31 March 2022;
- (ii) Consider the committed expenditure totalling £1,967,900, to be incurred in 2022/23 which has been reviewed by the Corporate Director of Finance and Resources, and

the release of £1,967,900 from the General Fund Reserve in 2022/23 as detailed in Appendix D1 of the report for recommendation to Council;

- (iii) Approve the creation of new reserves and transfers into and from the new and existing reserves of £2,419,124, in addition to the transfer to the building control reserve of £46,666 as detailed in paragraphs 6.1 and 6.2 and Appendix D2 of the report for recommendation to Council;
- (iv) Note the transfer to new and existing provisions of £60,505 as detailed in paragraph 6.1 and Appendix D2 of the report;
- (v) Approve, for recommendation to Council, the revised delegations for the release of the Planning Services Reserve.

1. Background

- 1.1 In accordance with the City Council's Financial Procedure Rules, the Corporate Director of Finance and Resources is required to report to the Executive on the overall budget position, the monitoring and control of expenditure against budget allocations and the exercise of virement on a regular basis. Further details of virements processed can be found in Appendix A. It is the responsibility of individual Directors to control income and expenditure within their service areas and to monitor performance, taking account of financial information provided by the Corporate Director of Finance and Resources.
- 1.2 This report shows the provisional outturn position for the General Fund Revenue budgets for 2021/22.
- 1.3 A summary of the overall position is shown in paragraph 2. Further details for each directorate are included in Appendices **B1 – B7** as follows:
 - (i) A comparison of the outturn position against the budget.
 - (ii) An analysis of the major variances relating to both income and expenditure, with comments from the Directors.
 - (iii) The items of carry forwards to cover committed expenditure to be expended in line with the original purpose. These requests follow the procedure agreed by Council with every form being signed off by the relevant Director after discussion with the Portfolio holder, and the Corporate Director of Finance and Resources.
 - (iv) Reserves to be established and/or increased to support possible future funding obligations.
- 1.4 Members should note that the information contained in this report is provisional and subject to the formal audit process. The draft Statement of Accounts for 2021/22 will be presented to the Audit Committee on 8 July, with formal approval of the audited accounts on 28 September (tbc). Any significant changes required following the approval of the 2021/22 accounts will, if necessary, be reported to a future Executive meeting.
- 1.5 Please note that throughout this report:
 - (i) the use of a bracket represents a favourable position i.e. either an underspend or additional income received,
 - (ii) the term 'underspend' is taken to include both reduced expenditure and/or increased income,
 - (iii) the term 'overspend' includes both spending above budget and/or reduced income levels.

2. Summary Revenue Outturn 2021/22

- 2.1 The provisional outturn position for the General Fund is summarised below and explanations for the main variances are provided in the appendices. The significant variances and key issues are highlighted in paragraph 3:

2.2 The table above details the net Council budget. The Council's original gross budget for 2021/22 was £46.44m and although there are many individual variances as detailed by directorates in **Appendices B1 – B7**, the net overspend equates to 0.46% of this budget. The main variances are summarised in the table below.

3. Explanation of Significant Variances & Key Issues

- 3.1 The provisional outturn position for 2021/22 is an overspend of £215,029 after taking into account carry forward requests of £1,967,900 as set out in paragraph 5, and transfers to/from earmarked reserves and provisions totalling £2,479,629, as set out in paragraph 6.
- 3.2 Some of the significant service expenditure and income variances are set out below. Many of these have been reported throughout the year in budget monitoring reports and further explanations are provided in the appendices.
- A shortfall in car parking income from tickets, permits and PCNs due to Covid-19. A budget pressure has been included in the 2022/23 budget to reflect this.
 - A net overspend on Bereavement Services due to reduced income from Cremation fees partly offset by increased income from Cemeteries burial fees.
 - A net overspend in Garage Services mainly due to a shortfall in trading income.

- A net underspend in Grounds Maintenance in relation to Grounds and Cemeteries Grounds mainly in relation to transport costs and supplies and services.
- A net underspend in Healthy Cities mainly due to Small Scale Community Projects and the leisure contract payments.
- A net underspend on Corporate Training mainly due to £44,600 budget earmarked for Apprentice posts that remains unspent at year end.
- A net underspend in Recycling and Waste Services due to reduced transport costs and increased income from plastic and card recycling, sale of recyclates and Bring Sites.
- A net underspend in Building Control due to underspends in employee costs and increased Building Control Income including Inspection Fee income, Building Notice fee income and Plan Deposit fee income.
- An increase in Development Control fee income due to a couple of significant application fees being received.
- A net overspend of £217,520 on Benefits Overpayments and Subsidy.
- A saving from interest on borrowing due to no new borrowing scheduled for 2021/22 being entered into.
- An underspend on Election costs as a result of there being no City Council elections in 2021/22; some of the underspend was used to support the Community Governance Review in Stanwix.
- A net underspend on Buildings and Facilities due to reduced costs for Building Cleaning, Civic Centre and Public Conveniences.
- A net underspend on Industrial Estates due to increased rental income as a result of backdated rent reviews partly offset by reduced levels of income due to vacant units at G44 Retail Park.
- Rental income losses from the Lanes.
- Rental income losses from the Market Hall.
- Additional income generated from completed rent reviews.
- An overspend due to an income target for the use of capital receipts to fund asset disposal costs. This will be carried out as a year end exercise for the production of the Statement of Accounts. Due to the level of capital receipts received in the year, the maximum allowable credit to General Fund Reserve will be £3,080 (4% of £77,000 capital receipts received in year) subject to certain criteria being met.
- An underspend of £257,043 on expenditure on Homeless Accommodation and a shortfall in income of £314,721. This is a direct result of Covid-19 as changes to occupancy and the available provision have had to be made to ensure the health and wellbeing of residents and staff. A budget pressure has been included in the 2022/23 budget to reflect this.

- A net underspend on Homeless Prevention and Welfare in relation to underspends on employee costs with the Supporting People Team.
- A net underspend in Regulatory Services mainly due to improved levels of Customer and Client receipts.
- An overspend due to budget savings for 2021/22 of £403,700.

3.3 A subjective analysis of the summarised outturn position is shown in **Appendix C**.

3.4 The reallocation of central departments' balances to service areas still has to be carried out, which explains many of the small balances held on some management and support service cost centres. This reallocation will be completed before the Statement of Accounts is prepared but has no impact on the overall out-turn position.

3.5 Members are regularly updated on the budget position throughout the year, with quarterly reports being considered by the Executive and scrutinised by Business and Transformation Scrutiny Panel (now People Panel). Many of the variances shown in the Appendices have previously been reported with any necessary steps to mitigate the impact on the future budget position dealt with as part of the 2022/23 budget. However, some pressures may have an ongoing impact which must be addressed during the forthcoming 2023/24 budget process by the new Cumberland Council.

4. Exceptional Items (Covid-19 & Local Government Reorganisation)

4.1 Emergency funding has been received to support Council services in 2021/22 in terms of additional expenditure and loss of income. Monthly returns have been submitted to the DLUHC to report additional costs and loss of income. The following table provides a summary position of the income and expenditure pressures related to Covid and where they are accounted for within the draft outturn position. Any loss of income from Business Rates and Council Tax will add to this sum.

5. Carry Forward Requests

5.1 In accordance with the Council's Constitution, any net underspending/savings on service estimates under the control of the Director may be carried forward. This is to facilitate the achievement of more strategic five-year budgeting which requires greater flexibility of budgets between years as set out in the Medium-Term Financial Plan. Approval of carry forwards is subject to the following as contained in the Council's Constitution:

- the authorisation of the Corporate Director of Finance and Resources where the request relates to a specific committed item of expenditure where, due to external or other factors, the Director has been unable to spend the approved budget by 31 March. The use of the resource will be restricted to the purpose for which the estimate was originally intended. The carry forward will only be approved by the Corporate Director of Finance and Resources if the expenditure is within both the Directorate's and the Authority's budget as approved for that year. Any carry forward which would result in an over-spend for the Authority will require authorisation by the Council.*

- *any overspending on service estimates in total on budgets under the control of the Director must be carried forward to the following year, and will constitute the first call on service budgets in the following year, unless the Council determines otherwise by way of a supplementary estimate. The Corporate Director of Finance and Resources will report the extent of overspending carried forward to the Executive, Business and Transformation (now People) Scrutiny Panel and to the Council.*

The delegated power applies only in so far as the carry forwards do not take the Council into an overspend position.

- 5.2 Details of the carry forward requests, which itemise committed expenditure, are contained within **Appendix D1**. The requests have been subject to the scrutiny of the relevant Director and Portfolio Holder prior to formal consideration by SMT and the Corporate Director of Finance and Resources who is satisfied that budgets of £1,967,900 should be carried forward into 2022/23.

The relevant Director will be able to give further details of carry forward requests if required at the meeting. **Budget Holders are encouraged to utilise external grants and base budgets prior to funding expenditure from these carry forward requests.**

- 5.3 For information, the table below provides details of the outturn position (excluding funding) and level of carry forward requests over the last five years for illustrative purposes:

6. Reserves and Provisions

- 6.1 Details of transfers into and from new/existing reserves and provisions requested as part of the outturn process are contained within Appendix D2 and are summarised below.

	Net Approval Requested £
Leisure Reserve (new)	400,000
Tullie House (new)	800,000
Prosecutions Reserve	15,500
Carry Forward Reserve	240,000
Revenue Grants Reserve	963,624
Total Additional Transfers to Reserves	2,419,124
Civil Penalties Provision	14,000
Revenues and Benefits Provision	46,505
Total Additional Transfers to Provisions	60,505
Total Additional Transfers	2,479,629

- 6.2 In accordance with statutory requirements any surplus or deficit generated by the Building Control function is required to be held as an identified earmarked reserve and can only be utilised for Building Control. In 2021/22 the required amount to be transferred to the Building Control Reserve is £46,666. This is in addition to £9,500 released during 2021/22 to fund eligible costs.
- 6.3 It is recommended that the delegations for the release of the Planning Services Reserve are amended to allow the Corporate Director of Economic Development to authorise release of the reserve through an Officer Decision Notice. The reserve is ring-fenced by statute to support improvements to the Planning Service and is not available for general use by the Council and any release will be in line with this condition.
- 6.4 The level of Council reserves was approved by Council in February. Due to the level of underspend identified within this report and if all of the carry forward requests and transfers to/from earmarked reserves are approved, an additional £17,000 will be transferred to the General Fund Reserve as a result of the 2021/22 outturn (subject to the completion of the NNDR3 return and final confirmation of any pooling gains).

Note 1: Transfers to/(from) earmarked reserves subject to approval

6.5 The Carry Forward Reserve is retained as a general reserve rather than an earmarked reserve as budgets will be released back into the General Fund Reserve if the expenditure incurred in line with the original requests can be met from within base budgets.

7. Bad Debt Provision

7.1 The Council's bad debt provision has been increased in respect of penalty charge notices and housing benefit overpayments, and reduced in respect of sundry debtors and this has been allocated directly to the services. Further details can be found in report RD06/22 elsewhere on the agenda.

8. Balance Sheet

8.1 In line with suggested best practice, information relating to significant items on the Council's balance sheet has been reported regularly to Members during the course of the year. The Council's balance sheet as at 31 March 2022 forms part of the annual Statement of Accounts that will be considered by the Audit Committee on 8 July, with final approval of the audited accounts on 28 September (tbc).

8.2 The VAT partial exemption calculation has been finalised for 2021/22 resulting in 2.32% for the year which is well below the 5% limit set by HMRC. However, this will increase as expenditure is incurred on the capital programme especially on VAT exempt activities i.e. Cremator replacements.

- 8.3 The 2021/22 Council Tax Collection Fund projected deficit has decreased from £1,202,145 deficit to £587,456 deficit (Council share decreased from £144,909 deficit to £70,813 deficit).
- 8.4 2021/22 is the ninth year of the Business Rate Retention Scheme and the Collection Fund Accounting Regulations and the eighth year the Council has participated in the Cumbria Pooling arrangement.
- 8.5 The detailed figures for Business rates are still to be finalised and further detail is considered elsewhere on the agenda in report RD06/22. The Council budgeted for additional income of £2,700,000 over the baseline level of £3,335,000. Any surplus on the budget will be an additional contribution to General Fund Reserves. It is currently estimated at £256,325.

Due to the COVID-19 pandemic, Government announced that there would continue to be additional expanded relief given to the retail, leisure and hospitality sector for the first part of 2021/22. As in 2020/21, the Council would not collect Business Rates from these businesses in the period the relief was given, and the Government provided compensation to local authorities in the form of a Section 31 Grant. The Council has therefore received approx. £8.1m to date in respect of this expanded retail and nursery relief. However, this compensation has been paid gross, i.e. the 50% local share and the 50% central government share. Once the NNDR3 is completed and a final amount of relief is known for the year, the Council will only recognise its share of the grant in the general fund which will be approximately 40% of the above amount.

As the grant is credited to the general fund and not the collection fund as is the case for any rating income collected, the Collection Fund will be in deficit to a similar amount (due to the non-collection of the business rate income). Therefore, it will again be necessary to carry forward a proportion of the received S.31 grant to offset the potential deficit into 2022/23 through an earmarked reserve (as was the case in 2021/22).

The Council Tax Provisional outturn report provides further details and is considered elsewhere on the agenda (RD06/22).

9. Risks

- 9.1 Risks to future years' budget (for the new Cumberland Council) and development of ongoing impact of issues identified will be monitored carefully in budget monitoring reports and appropriate action taken. The impact on COVID-19 and inflationary pressures on the Council's resources are the greatest risks to ensuring that the Medium-Term Financial Plan is able to support service delivery whilst ensuring that

reserves are maintained. The completion of the NNDR3 return and final confirmation of any pooling gains is needed before any funding is released to support Council projects.

10. Consultation

10.1 Consultation to date.

Portfolio Holders and SMT have considered the issues raised in this report.

10.2 Consultation Proposed

People Panel will consider the report on 9 June 2022.

11. Conclusion and reasons for recommendations

11.1 The Executive is asked to:

- (i) Note the net underspend of £4,232,500 for Council Services as at 31 March 2022;
- (ii) Consider the committed expenditure totalling £1,967,900, to be incurred in 2022/23 which has been reviewed by the Corporate Director of Finance and Resources, and the release of £1,967,900 from the General Fund Reserve in 2022/23 as detailed in Appendix D1 of the report for recommendation to Council;
- (iii) Approve the creation of new reserves and transfers into and from the new and existing reserves of £2,419,124, in addition to the transfer from the building control reserve of £46,666 as detailed in paragraphs 6.1 and 6.2 and Appendix D2 of the report for recommendation to Council;
- (iv) Note the transfer to new and existing provisions of £60,505 as detailed in paragraph 6.1 and Appendix D2 of the report;
- (v) Approve, for recommendation to Council, the revised delegations for the release of the Planning Services Reserve.

12. Contribution to the Carlisle Plan Priorities

12.1 The Council's budget is set in accordance with the priorities of the Carlisle Plan and the 2021/22 outturn shows the delivery of these priorities within budget.
