# REVIEW OF CHARGES 2012/13 –2016/17 GOVERNANCE

#### 1. BACKGROUND

- 1.1 Each Directorate is required to carry out an annual review of fees and charges.
- 1.2 This report proposes the review of charges within the Governance Directorate in respect of charges for Electoral Registers, Minute books and room bookings and Local Land Searches. The report has been prepared in accordance with the principles approved under the Council's Corporate Charging Policy.
- 1.3 The charges, which have been reviewed, are addressed separately below.
- 1.4 Attached at Appendix A is an extract from the summary of charges book, which shows the current and proposed level of charge for each of these services.

#### 2. CORPORATE CHARGING POLICY 2012/13 TO 2016/17

- 2.1 The Corporate Charging Policy, which is part of the Strategic Financial Framework, was approved by the Executive on 30 August 2011 and Full Council on 13 September 2011 and sets out the City Council's policy for reviewing charges. The principal objective(s) of setting the charge are:
  - Recover cost of service provision;
  - Generate Surplus Income (where permitted);
  - Maintain existing service provision;
  - Fund service improvements or introduction of new service(s);
  - Manage demand for service(s);
  - Promote access to services for low-income households;
  - Promote equity or fairness;
  - Achieve wider strategic policy objectives (eg encouraging green policies);
- 2.2 The MTFP currently assumes an income target for the financial year 2012/13 reflecting an increase of 3.8% on 2011/12 base budgets. A 3.8% increase on this base budget would equate to a target increase of £4,300 for recurring 2012/13 budgets.

2.3 In addition, the policy recognises that each Directorate is different, and requires
Directors to develop specific principles for their particular service or clients groups, but
within the parameters of the three main principles.

#### 3. ELECTORAL REGISTERS

- 3.1 The Electoral Registration Officer has a statutory duty to maintain the electoral register and to publish a revised register by 1 December each year. Under the Representation of the People Regulations 2001, the Registration Officer must on request supply a copy of the full register to government departments and credit reference agencies and the edited version of the register to any person. The fees for supply of both registers are prescribed in the Regulations and are revised from time to time. The Council has no discretion to alter them. The current fees are £10 plus £5 for each 1,000 entries for printed registers and £20 plus £1.50 for each 1,000 entries in computer data form. A limited number of companies tend to buy the register each year so the level of income is generally static at £1,200 per annum.
- 3.2 Marked copies of electoral registers used at polling stations are available for inspection for twelve months following each local election. Under new Regulations, copies of these registers can only be purchased by those entitled to receive free copies of the full register (i.e. candidates and political parties) on payment of the prescribed fee. New fees, which came into force on 18 July 2008, are £10 plus £2 for each 1000 entries in printed format and £10 plus £1 for each 1000 entries in data format.

#### 4. MINUTE BOOKS AND ROOM BOOKINGS

- 4.1 The charge for hire of a room in the Civic Centre is currently £87.95 per session; a session comprising morning, afternoon or evening use. An increase of 3.8% to £92.82 is recommended from 1 April 2012. Based on the level of income achieved in previous years the level of income expected to be generated in 2012/13 is £3,218.
- 4.2 The charge levied for the sale of Council Minute Books is £16.95 per copy plus VAT. A number of outside bodies continue to receive free copies of Minute Books and following the release of Council Minutes on to the Internet, there are now no companies who currently receive a chargeable copy. It is recommended that the charge is increased by 3.8% to £18.26 from 1 April 2012. The annual income from the sale of Council Minutes is currently zero.

#### 5. LOCAL LAND SEARCHES

- 5.1 The Local Land Charges Act 1975 ("the 1975 Act") requires registering authorities in England to specify and publicise their own fees for local land charge services (except for personal searches of the local land charges register for which a charge may no longer be levied).
- 5.2 Guidance on the setting of the **LLC1** element of the fees has been published by DCA ("the Guidance") which should be read in conjunction with the 1975 Act and the Local Authorities (England) (Charges for Property Searches) Regulations 2008 ("the 2008 Regulations").
- 5.3 Regulation 8 of the 2008 Regulations provides that:
  - **8.**—(1) Subject to paragraph (2), a local authority may charge a person (including another local authority) in respect of answering enquiries from that person about a property.
  - (2) Any charge made under paragraph (1) may be made at the local authority's discretion but must have regard to the costs to the local authority of answering enquiries about the property.
- 5.4 The Guidance recommends that registering authorities start the process of specifying fees for local land charges services by identifying the local land charges services they provide and calculating the cost of those services so that they can calculate a unit cost for those services. The costs will include the direct costs of maintaining the local land charges register, together with indirect costs covering central overheads. In setting this element of the fees, the Council must take one year with another and average out the costs and the guidance suggests a suitable period of over 1 and 3 years to do this averaging.
- 5.5 The Guidance also suggests that the cost of searches should be calculated having regard to the anticipated demand for the service.
- 5.6 It is difficult to foresee the number of searches that will be submitted in the next year as this depends entirely on the strength of the housing market. The number of searches carried out per month since April 2007 can be seen at **Appendix B** and for the purposes of setting these charges it is assumed that performance will remain constant.

5.7 Anticipated demand based on current performance is set out in the table below.

Type of Search	Percentage	Amount
Standard (Con 29 + LLC1)	98%	1,074 (around 60% electronic)
LLC1 only	2%	22
Total	100%	1,096

The table indicates the number of Standard Searches (which include both a CON 29 and a LLC1) and LLC1s only. Personal searches are **not included** bearing in mind that no fee may now be charged. Members should be aware, however, that personal searches continue to be carried out, at an approximate rate of 1,500 per annum and the Land Charges section continues to resource this.

- 5.8 The cost of a standard search is presently £131.00, which is based on the standard Local Land Charges Search Fee (the LLC1 element) of £22 together with the fee for the Standard Enquiries (the CON29 element) of £109.00. In addition, electronic search requests are received via NLIS and these are subject to a 10% deduction in fee.
- 5.9 Taking into account actual income figures for 2011/12, it is not proposed to increase either the LLC1 or the CON29 element of the fee. Income is expected to exceed the target figure by approximately 11% and there is, therefore, no need to increase fees in order to achieve the Council's 3.8% target. Members will also be cognisant of the competitive market within which the land charges service now operates. Personal search companies are carrying out an increasing number of searches, to the detriment of the in-house service. These companies are able to charge their customers a lower fee than the Council, because the Council is not able to charge the companies for accessing its records.
- 5.10 The proposed fees for 2012/13, therefore, will be (including the 10% discount for those searches submitted on line):

Con 29	LLC1	Total
£109 (Standard Enquiry for	£22 (whole register)	£131
one parcel of land.)	£19.80 (NLIS 10% discount)	(Standard Enquiry +
£98.10 (NLIS 10% on-line	£3.85 (one part of register)	LLC1)
discount)	£3.40 (10% discount)	(£117.90 on-line)
£17.00 each extra parcel of		
land.		

5.11 For information, this compares to the other Cumbrian districts as follows:

	CON29 £	LLC1 £	Combined £
Allerdale	Not available	10	90
Barrow	60	30	90
Copeland	85	30	105 *
Eden	65	25	90
SLDC	65	25	89 *

<sup>\*</sup> The combined price charged offers a discount to applicants

Members will note that Carlisle will remain the highest charging of the Cumbrian Districts.

- 5.12 The estimated income from the Land Charges service for 2012/13 is forecast to be approx £150,000.
- 5.13 The target income in 2011/12 was £112,700. Achieving the Corporate Charging Policy increase of 3.8% together with the estimated search numbers in the Medium Term Financial Plan, therefore, would result in a target income for 2012/13 of £117,000 The above forecast exceeds this figure by more than 3.8%.
- 5.14 The actual amount of net income, however, will depend entirely on the actual volume of searches that are made together with any increase in costs, particularly in the costs of the County Council who provide highways information for search enquiries. As Members will be aware there are notes of caution being sounded at the moment as regards the future buoyancy of the housing market and it is not possible to predict at this stage how long the current downturn will last or whether there will be a 'double dip'.
- 5.15 In anticipating income Members also need to be cognisant that the Council may no longer charge a fee for 'personal searches'. This recent change in the law has brought with it the potential risk that fees paid to date may need to be repaid. The position on this is not yet clear and is the subject of legal proceedings.

5.16 The net income (after deduction of NLIS transmission fees) for the previous 4 years (including the current financial year) was:

Period	Net Income	Original Budget
2008/09*	£126,665	£122,500
2009/10*	£120,527	£96,800
2010/11	£157,219	£129,600
2011/12**	£148,000 est.(£76,450 to date)	£112,700 (£59,927 to date)

<sup>\*</sup>The budget for the 3 years, 2008/09 to 2010/11 was reduced by a non-recurring budget pressure of £241,000, although this was reduced to £221,000 in 2010/11. It should be noted that the prime reason for not achieving net income figures is threefold. Firstly, an increasing level of transmission charges which were not netted off gross income projections; secondly, downward fluctuations in the housing market; and, thirdly, the inability to charge for personal searches.

5.17 It should be noted, therefore, that income in 2011/12 may be down on 2010/11 for the above reasons.

#### 6. SUMMARY OF INCOME GENERATED

6.1 The introduction of the charges proposed is forecast to generate income of £154,400 in 2012/13 which is summarised in the following table:

	MTFP		Difference to	%
Service Area	Target	Estimate	MTFP target	(Increase)/
	2012/13	2012/13	2012/13	Decrease
	£	£	£	
Electoral Registers (para 3)	1,300	1,200	100	7.6
Room Lettings/Minute Book (para 4)	3,200	3,200	0	(3.8)
Land Charges (para 5)	117,000	150,000	(33,000)	33.0
Total	121,500	154,400	(32,900)	

<sup>\*\*</sup> The budget for 2011/12 was reduced by a recurring budget pressure of £251,300 as part of the 2011/12 budget process. Net Income figure for 2011/12 is based on 6mths actual and 6mths estimated

# APPENDIX C CORPORATE CHARGING POLICY 2012/13 TO 2016/17

This appendix sets out the corporate approach to the setting of fees and charges.

Each service is required to consider how and to what extent each of the following applies to the fees and charges it proposes to set:

#### 1. Objectives of Charge - Set out the principal objective(s) of setting the charge:

- Recover cost of service provision
- Generate Surplus Income (where permitted)
- Maintain existing service provision
- Fund service improvements or introduction of new service(s);
- Manage demand for service(s)
- Promote access to services for low-income households;
- Promote equity or fairness;
- Achieve wider strategic policy objectives (eg encouraging green policies);

#### 2. Other factors influencing decisions on whether and how much to charge:

- The Council's historic approach to charging
- The views of local politicians, service users and taxpayers
- Other councils' and service providers approach to charging
- Levels of central government funding and policy objectives
- The Council's overall financial position
- Changes in demand for services
- Policy on Concessions
- Availability of powers to charge for discretionary services (eg pre application planning advice)
- Central government policy objectives

#### 3. Targeting Concessions - The following target groups should be considered:

- Persons over the age of 65
- Unemployed

- Young persons under the age of 18
- Students in full time higher education
- Community Groups
- Those in receipt of supplementary benefits, tax credits, attendance allowance, disability living allowance and other appropriate groups

#### 4. Trading

The Council is empowered to sell goods or services to other public bodies or trade commercially through a company with non-public bodies. The objectives should be considered for relevant services (including Building Cleaning and Maintenance, Vehicle Maintenance, Grounds maintenance, Legal Services, Human Resources, IT, Payroll, Planning and Development Services) as follows to:

- Deliver services more strategically on an area-wide basis
- · Achieving greater efficiency
- Capitalise on expertise within the council
- Utilise spare capacity
- Generate income
- Support service improvement

#### 5 Value For Money

- Has charging been used as a tool for achieving strategic policy objectives?
- Has the optimum use of the power to charge been used?
- Has the impact of charging on user groups been monitored?
- Has charging secured improvements in value for money?
- Has charging been used as a tool to reduce increases in Council Tax?
