Contact Officer: Steven O'Keeffe Ext: 7258

Note: in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers: None

#### 1. BACKGROUND INFORMATION

1.1 The Carlisle Plan 2013/16 replaces the previous Corporate Plan 2010/13 and forms part of the Council's Policy Framework.

#### 2. THE CARLISLE PLAN

- 2.1 The Carlisle Plan for 2013/16 is attached as Appendix 1. It sets out the City Council's vision for Carlisle and the six priorities for action over the medium term (2013/16). The text under each priority provides the background and further detail on how the priority will be achieved.
- 2.2 The draft action plan for delivering the priorities is attached as Appendix 2. This includes medium term actions that aim to be delivered over the life of the Carlisle Plan and actions to be delivered within the financial year. This aligns the Carlisle Plan with the budget year. Future actions that develop can fit into the budget planning process.
- 2.3 The Carlisle Plan will be monitored by the Senior Management Team and regular progress will be reported to the Executive. The actions for each priority will be reviewed and developed as they progress. It is suggested that Overview and Scrutiny could receive progress updates on the priorities and actions as part of the quarterly monitoring reports.

#### 3. TIMETABLE FOR AGREEING THE CARLISLE PLAN

3.1 The Plan will be considered by the Overview and Scrutiny Panels as described below:

Community Overview and Scrutiny Panel	14 February 2013
Resources Overview and Scrutiny Panel	21 February 2013
Economy and Environment Overview and Scrutiny	28 February 2013

Panel

Executive 8 April 2013
Full Council 30 April 2013

3.2 A programme of engagement events are planned throughout March 2013. They will assist in raising awareness of the Council's vision and priorities, as well as helping

to shape the actions to deliver the Carlisle Plan. In addition, consultation on the action plan will be undertaken with partners engaged in delivering each key action. The City Council will consult with community and voluntary groups on the action plan to identify opportunities to develop working with this sector and support existing initiatives. This demonstrates the authority's commitment to the Cumbria Compact and fulfils the requirement to undertake 12 week consultation on policy development.

#### Carlisle Plan 2013/16

#### Vision:

To promote Carlisle as a prosperous City, one in which we can all be proud.

We will support the growth of more high quality and sustainable business and employment opportunities.

All our key decisions will support business growth. Our services will focus on being "business friendly", working more closely with businesses to meet their needs.

We will develop vibrant sports, arts and cultural facilities, showcasing the City of Carlisle.

We will support the tourism, arts and creative industries. Arts and leisure are important parts of making Carlisle a great place to work, live and visit. We will identify opportunities to enhance our sporting, cultural and heritage offer. We will find and support more sustainable ways to deliver this as a long term priority.

We will work more effectively with partners to achieve the City Council's priorities.

We will look beyond Carlisle, building a stronger city as part of a stronger Cumbria. We will work to establish Carlisle as a nationally recognised sub-regional capital. We will build trust and confidence in the City Council, so that we become an effective partner in the key areas of housing and economic growth.

We will work with partners to develop a skilled and prosperous workforce, fit for the future.

Working in partnership, we want to help businesses identify the requirements needed to develop a skilled workforce and support education providers to help this be a reality. We will develop a better understanding of the needs of two very different sets of partners – businesses and learning and skills providers.

Appendix 1

#### Together we will make Carlisle clean and tidy.

We all want Carlisle to be a place that is clean and a city in which we can all be proud. There is a shared responsibility between us and the community to achieve this. We want to do this by being proactive rather than reactive.

We will make decisions that are consistent with 'Clean-up Carlisle', one of our key initiatives. We will continue to tackle these issues, building a sustainable and better local environment.

#### We will address Carlisle's current and future housing needs.

Carlisle needs to provide more than 450 homes a year to support economic growth. We will take a bold and decisive lead on planning for future housing need, working with key partners to ensure that these plans deliver high quality homes that Carlisle people need.

We will focus on the quality of our homes, particularly in the private rented sector. We will work to make sure that housing is energy efficient and sustainable.

We will work with our partners to deliver affordable and specialist housing where required.

### We will support the growth of more high quality and sustainable business and employment opportunities.

#### **Subject Matter**

The Finance, Governance and Resources Portfolio Holder submitted report PC.01/13 presenting the draft Carlisle Plan 2013 – 2016. He informed Members that the Plan replaced the previous Corporate Plan 2010 - 2013 and formed part of the Council's Policy Framework.

The Plan set out the Council's vision for Carlisle and the six priorities for action over the medium term (2013 - 2016), with the text under each priority providing the background and further detail on how the priority would be achieved.

The draft Action Plan for delivering the priorities was set out at Appendix 2, including medium term actions aimed to be delivered over the life of the Plan and actions to be delivered within the financial year. That aligned the Plan with the budget year. Future actions which developed could fit into the budget planning process.

The Carlisle Plan would be monitored by the Senior Management Team and regular progress reported to the Executive. The actions for each priority would be reviewed and developed as they progressed. It was suggested that Overview and Scrutiny could receive progress updates on the priorities and actions as part of the quarterly monitoring reports.

The Leader moved the recommendations which were seconded by the Finance, Governance and Resources Portfolio Holder.
