Title: DRAFT MEDIUM-TERM FINANCIAL PLAN 2022/23 to 2026/27  
Report of: CORPORATE DIRECTOR OF FINANCE AND RESOURCES  
Report Number: RD28/21

## Purpose / Summary:

The Medium-Term Financial Plan sets out the current framework for planning and managing the Council's financial resources, to develop its annual budget strategy and update its current five-year financial plan. The Plan links the key aims and objectives of the Council, as contained in the Carlisle Plan, to the availability of resources, enabling the Council to prioritise the allocation of resources to best meet its overall aims and objectives. The MTFP will inform the budget process and will be updated for changes when known.

Following consideration by the Executive and the Business and Transformation Scrutiny Panel, final recommendations will be made to Council on 14 September 2021.

## Recommendations:

The Executive is asked to:

- (i) Comment on the draft MTFP for consideration by the Business and Transformation Scrutiny Panel on the 26 August 2021.

## **1. BACKGROUND**

- 1.1 The Medium-Term Financial Plan (MTFP) is the key policy document to guide the Council's forward financial planning process. The attached report details the current Plan for the period 2022/23 to 2026/27. The MTFP is reviewed annually starting with the assumptions made in the Budget Resolution approved by Council on 17 February 2021. The starting point for the MTFP is to show the impact of the Council Resolution and raise awareness of the issues that are on the horizon that will need to be considered as part of the detailed budget process.
- 1.2 The Corporate Charging Policy has also been reviewed and included within the MTFP. It provides a framework detailing potential policy options for each Charging area. This recognises that different approaches may be required for different services and that there are a variety of influences that need to be acknowledged in charge setting.
- 1.3 The MTFP has been prepared at a time of continued uncertainty in respect of the economy, especially in terms of the impact of Covid-19 and also in terms of the Government's wider approach to Public Sector Funding in general and particularly for Local Government Funding.

## **2. KEY DATES**

- 2.1 Following consideration of the current MTFP and other key Policy documents by the Executive and Business and Transformation Scrutiny Panel, these will be formally approved by Council on 14 September 2021.
- 2.2 A timetable for the budget process will be prepared and the overall budget position for revenue and capital, and individual reports on spending pressures, saving proposals, and charging reports will be considered by the Executive at its meeting on 22 November. These reports will be scrutinised by the three Scrutiny Panels at the end of November and beginning of December.
- 2.3 Development of the budget consultation documents was undertaken as part of previous year's process with improved visuals produced including a 'Have your say' document. This provided more clarity on the budget pressures the Council faced and assisted stakeholders in their understanding of the budget process

## **3. KEY MESSAGES**

- 3.1 The MTFP shows the starting position for budget considerations for the next five years and gives an indication of the likely factors that will have an impact in the budget setting process. Key to these considerations will be:

- Further clarity on the future of local government funding through the Spending Review, Fair Funding Review and any changes to future Business Rate Retention schemes, that may pass on added responsibilities to the Council;
- Achievement of transformation savings;
- Further reductions in government grant as part of the Fair Funding Review, e.g. New Homes Bonus, Housing Benefit Admin Grant;
- Longer term impact of COVID-19

### 3.2 Local Government reorganisation

The Council was notified on 21 July of the outcome of the consultation into proposed Local Government Reorganisation (LGR) in Cumbria. The draft MTFP and Capital Investment Strategy have both been prepared based on the Council in its existing form and structure as a going concern for the next 5 years. However, the decision announced on 21 July notified the Council that, subject to Parliamentary approval, two new unitary authorities would replace the current local government structure in Cumbria, with Carlisle joining with Copeland and Allerdale areas to form a new unitary authority covering the west of the County, effective from 1<sup>st</sup> April 2023. The Council still needs to approve a revenue budget, council tax requirement and a capital investment programme for 2022/23. Therefore, the financial plans beyond this date are for illustrative purposes only and will fall under the responsibility of the new proposed Authority.

Any new Local Authority established will prepare its own Medium-Term Financial Plan for 2023/24 and beyond.

- 3.3 As well as some significant pressures, there is scope for some additional savings and additional income opportunities to be considered as part of the budget process too. These considerations are likely to be around:
- More commercial and investment opportunities

## 4. **RISKS**

- 4.1 The Medium-Term Financial Plan contains risk analysis of the issues that could potentially affect the budget and financial planning position.

## 5. **CONSULTATION**

- 5.1 The draft MTFP, particularly the Financial Principles, has been considered by the Senior Management Team and the Portfolio Holder for Finance, Governance and Resources.

- 5.2 The Business and Transformation Scrutiny Panel will consider the MTFP on 26 August, and recommendations made to full Council on 14 September.
- 5.3 The Budget Process and MTFP are also informed by consultation with wider stakeholders, including residents. Each year the Council consults with the Business Community and also carries out public consultations as appropriate

## **6. CONCLUSION AND REASONS FOR RECOMMENDATIONS**

- 6.1 The Executive is asked to:
- (i) Comment on the draft MTFP for consideration by the Business and Transformation Scrutiny Panel on the 26 August.

## **7. CONTRIBUTION TO THE CARLISLE PLAN PRIORITIES**

- 7.1 The Medium-Term Financial Plan outlines how the Council will prioritise its financial resources in the delivery of services

**Note:** in compliance with section 100d of the Local Government (Access to Information) Act 1985 the report has been prepared in part from the following papers:

- None

### **CORPORATE IMPLICATIONS/RISKS:**

**Legal** – The Council has a legal duty to put in place a balanced budget to the satisfaction of the Council's Section 151 Officer. The Medium-Term Financial Plan is an important part of fulfilling this obligation.

**Finance** – Contained within the MTFP.

**Equality** – Corporate Charging Policy includes considerations for the targeting of concessions for named protected characteristic.

**Information Governance** - There are no Information Governance Implications

**Property Services** - The Medium-Term Financial Plan links with the Asset Management Plan 2022/23 to 2026/27 to provide details on how the City Council will utilise its property assets to assist with the Council's finances and development new infrastructure for the City.

## 1.0 Introduction

- 1.1 The overarching policy guidelines of the Medium-Term Financial Plan (MTFP) are that resources will be redirected to Council priorities via the budget process within the overall caveats that: -
- Redirection of resources towards areas of high priority will be contained within existing budgets, unless increases can be justified and funded through the budget process;
  - Council Tax increases will be limited to fair and reasonable levels, taking account of national guidance from Government;
  - External grants and income will be maximised wherever possible to mitigate the effects of budget increases;
  - Partnership working and funding opportunities will be explored wherever feasible.
- 1.2 The Medium-Term Financial Plan sets out how Carlisle City Council will manage its finances to deliver against its corporate priorities, whilst protecting its financial standing and responding to the many challenges it faces.
- 1.3 Economic growth in Carlisle will impact on the income the Council receives and also the support it is able to give to vulnerable residents. Treasury Management income will be limited whilst interest rates remain low, and the available institutions with which the Council can invest with diminishes due to restrictions in bank credit ratings. The effects on the 5-year MTFP of any changes to the state of the economy, including the impact of leaving the European Union and the impact of COVID-19, will mean the Council has to be in a position to react effectively to changing situations. The Government's approach to public sector funding beyond 2021/22 in terms of the Review of Local Authorities Relative Needs and Resources, the Business Rate Retention Reform (including pooling arrangements), and the Comprehensive Spending Review, will be a significant factor for the lifespan of this MTFP. The impact of COVID-19 will be one of the most significant risks facing this authority in terms of additional costs, reductions in income, and economic recovery especially in terms of receipts of council tax and business rates income.
- 1.4 The Council was notified on 21 July of the outcome of the consultation into proposed Local Government Reorganisation (LGR) in Cumbria. The draft MTFP and Capital Investment Strategy have both been prepared based on the Council in its existing form and structure as a going concern for the next 5

years. However, the decision announced on 21 July notified the Council that, subject to Parliamentary approval, two new unitary authorities would replace the current local government structure in Cumbria, with Carlisle joining with Copeland and Allerdale areas to form a new unitary authority covering the west of the County, effective from 1<sup>st</sup> April 2023. The Council still needs to approve a revenue budget, council tax requirement and a capital investment programme for 2022/23. Therefore, the financial plans beyond this date are for illustrative purposes only and will fall under the responsibility of the new proposed Authority.

Any new Local Authority established will prepare its own Medium-Term Financial Plan for 2023/24 and beyond.

- 1.5 The Medium-Term Financial Plan therefore continues to provide the corporate financial planning framework to provide strategic direction to the Council for the next five years and to ensure that the financial resources of the Council are directed to achieving the Council's key corporate priorities.

## 2.0 Financial Principles supporting the MTFP

2.1 The key principles to be applied to the MTFP are set out by theme below:

### Financial Principle 1 – Revenue Budget Strategy

- Guide the integration of financial planning with the priorities set out in the Carlisle Plan to ensure that spending decisions contribute to the achievement of the Council's priorities;
- Guide and be informed by Directorate Service Plans and other relevant strategies and plans of the Council, which set out how resources will deliver the outcomes and priorities specified in the Carlisle Plan;
- Forecast a minimum five -year corporate and financial planning horizon, with longer periods developed where necessary (subject to outcome of Local Government Reorganisation announcement);
- Manage performance management and decision-making procedures to help achieve the best use of available resources;
- Monitor and evaluate proposed and actual spending to ensure that value for money is obtained;
- Review the Council's Reserves and Balances Policy in line with CIPFA and other best practice guidance to ensure that all the reserves held by the Council are still applicable and relevant;
- Achieve a minimum level of General Fund Reserves of £3.1m over the life of the MTFP subject to an annual risk assessment (Appendix A);
- Consider the use of earmarked reserves to support non-recurring expenditure;
- Commitment to minimise staff compulsory redundancies;
- Consider the impact of any other Government Budget initiatives e.g. Reset of Retained Business Rates scheme, Business Rate Baseline resets, the Fair Funding Review and any Comprehensive Spending Review implications;
- Assess the impact on the Council's budget of national economic recovery following Covid-19 pandemic and BREXIT, e.g. changing forecasts for interest rates, inflation forecasts, pension fund revaluation and changes in legislation;
- Consider the implications of the use of financial resources on the levels of Council Tax and other Council charges;
- Services that have a statutory requirement to be self-financing need consideration in the budget process e.g. Licensing, Building Control;
- Consideration to the use of revenue grants received and held in the Revenue Grants Earmarked Reserve to support the revenue budget;

- Develop and implement a robust savings and additional income plan to achieve the recurring savings targets of £2.050m by 2023/24;
- Undertake and implement a base budget review.
- Limit revenue budget bids to those which are unavoidable, and which cannot be accommodated within existing base budgets.

Revenue Budget Assumptions:

- *Reduction in overall funding from Business Rates of £1,800,000 for 2022/23 pending notification and implications of revised retentions scheme, pooling arrangements and baseline reset;*
- *Inflation is assumed in the MTFP at 2% for expenditure and 3% for income;*
- *Pay Award is assumed in the MTFP at 2%.*

Financial Principle 2 – Commercial and Income Generation

- Annual review of the Corporate Charging Policy to identify areas of potential charging and opportunities for increasing income;
- Consider the levels of income achievable as part of Corporate Charging Policy;
- Consider other sources of potential income generation such as advertising and sponsorship;
- Consider the development of a commercialised culture where the charging powers of the organisation are maximised and encouraged;
- Seek to develop investment opportunities to maximise the use of the Council's asset portfolio;
- Develop a commercial strategy which defines what commercialisation means in Carlisle, risk appetite and potential scope of commercial activity;
- Consider the funding strategy with a view to maximising external grants and contributions.

Charging/Income Assumptions:

- *Income from fees and charges currently achieve approximately £5m per annum;*
- *The Corporate Charging Policy assumes that income from fees and charges will increase at 1% above the inflation rate set for expenditure.*

Financial Principle 3 – Council Tax & Business Rates Policy

- Provide value for money to residents through efficient management of council tax collection;

- Determine Council Tax levels that are prudent and retain stability in the Council's financial strength;
- Annual review of the Business Rate Pooling arrangements and whether this should or can continue for 2022/23 onwards depending upon the outcome of the reset of Business Rate Retention scheme (currently delayed);
- Assessment of the impact of business rates retention including impact on Section 31 grants and funding for Small Business Rate Relief and any additional burdens on councils;
- Consider any implications of the Enterprise Zone on the City and potential resources allocated for future projects;
- Annual review and approval of the Council Tax Reduction Scheme (CTRS);
- Consider any likely reductions to Housing Benefit Admin Grant and the impact on the Council with the onset of Universal Credit.

Council Tax and Business Rate Assumptions:

- *Council tax levels currently assumed at a £5 increase per annum (Band D Equivalent) over the lifetime of the MTFP;*
- *Business Rate Retention growth assumed at £900,000 above the baseline level set by Government pending the reset and re-design of the Business Rate Retention Scheme.*

Financial Principle 4 – Treasury Management

- Annual review of the Treasury Management budget for revised interest rates, changes to average balances and the effects of capital spending decisions;
- Consider appropriate levels of prudential borrowing that is affordable, sustainable and within acceptable council tax levels, and delivers objectives aligned to the Council priorities;
- Undertake an annual review of the Council's MRP policy and its impact on the Council's revenue budget;
- Have a Treasury Management Strategy, that is in compliance with the revised Prudential Code and Treasury Management Code to achieve the optimum return on investments, with the security of the principal sum always being the primary consideration.

Treasury Management Assumptions:

- *Average investment return assumed at 0.3% for 2022/23.*

Financial Principle 5 – Capital Investment

- As set out in the Capital Investment Strategy;
- Review of capital financing decisions which will likely have a revenue budget impact due to lack of capital resources (E.g. through re-profiling of capital receipts and borrowing);

Capital Investment Assumptions:

- *The current capital programme is forecast to utilise all forecast capital receipts (including from Asset Disposal Programme) and includes a borrowing requirement to fund the planned programme.*

## 3.0 Links to other Strategies

### 3.1 **The Carlisle Plan**

- 3.1.1 The Carlisle Plan forms part of the Policy and Budgetary Framework for the Council. These frameworks work together to create the strategic framework.
- 3.1.2 A new plan is in the process of being considered by Executive and Scrutiny Panels and will be debated by a meeting of the Full Council in September prior to its adoption. The new plan will continue with a focus on Supporting the Economy and Health & Wellbeing.
- 3.1.3 The Medium-Term Financial Plan must both support and inform the Council's vision for the Carlisle area and the strategic direction set out in the Carlisle Plan. This is to enable resources to be matched against the agreed priorities and any other supporting needs.
- 3.1.4 The Medium-Term Financial Plan takes account of other Council Plans and Strategies of the Council, which have a potential impact on the use of resources by the Council. Particularly consideration is given to the following key strategies: -
- The Capital Investment Strategy, which provides information on the proposed level of investment in capital projects and the consequent impact on the revenue budget;
  - The Treasury Management Strategy Statement, Investment Strategy and Minimum Revenue Provision Strategy, which sets out the assumptions for financing requirements and interest rates and their effect on the revenue budget;
  - The Asset Management Plan, which provides forecasts of necessary investment in the Council's land and property portfolio;
  - The Procurement and Commissioning Strategy;
  - Local Plan/Local Development Framework;
  - The ICT Strategy;
  - The Organisational Development Plan, which highlights the need for a thorough review of the Council's staffing needs and skill levels to ensure that the Council improves its performance to deliver excellent services to the local community in the future;
  - There are also a number of strategies, which set out policy direction for key Council priority areas, and these include the Economic

Strategy, Local Environment (Climate Change) Strategy, Housing Strategy;

- Directorate Service Plans will be used to inform the budget setting process and identify key strategic and operational objectives and the resources required to deliver those.

## 4.0 Revenue Budget Forecasts

### 4.1 Current Budget Forecast

4.1.1 The Council has well established mechanisms in place for forecasting resources and expenditure over a five-year planning period. Projections will inevitably change over the period of the plan and these forecasts are updated as part of the detailed budget process.

4.1.2 The Council approved the current forecast for the period 2021/22 to 2025/26 in February 2021 and updated for the 2020/21 outturn position and details are shown below together with the base estimate figures for 2026/27.

Table 1b: Summary Budget Position (Funding)

4.1.3 The assumptions built into the MTFP that form part of the figures above are detailed at section 7.

#### 4.1.4 Known budgetary changes

Since the budget for 2021/22 was agreed in February there have been some decisions made that will impact on the budgetary projections in the MTFP.

The consequences of these will either be included in the budget process for 2022/23 or will see amendments to the 2021/22 budget.

#### ***Tullie House Levelling Up Fund Bid***

Council considered a report at its meeting on 15 June 2021 to support an application for the Levelling up Fund to deliver between £17m and £20m improvements to Tullie House. Council approved to add a contribution from the Council of up to £1.5million to the capital programme to be funded by an increase in the borrowing requirement. Any revenue costs arising from this borrowing requirement will be addressed as part of the budget process and will be included in the overall treasury management projections for 2022/23.

***Economic Development Project Management Office***

Executive considered a report at its meeting of 5 July, and Council, on 20 July, approved a supplementary estimate to establish a Project Management Office (PMO) for the delivery of the different projects and funding awarded in relation to the Future High Street Fund, Town Deal, Levelling Up Fund, Garden Village and Borderlands. The schemes will provide a contribution to the overall cost, however, there was a requirement for the Council to provide additional funding of up to £256,665 over the years 2021/22 to 2023/24 and this will be met from General Fund Reserves. This is now reflected in the Medium-Term Financial Plan.

**4.2 Funding Prospects**

4.2.1 The Council receives core funding from Government each year as part of the Settlement Funding Assessment which comprises of the Business Rates baseline funding level and information on tariffs and top ups. Although the Government set the Business Rates Baseline, the actual funding is received via the Non- Domestic Rates income the Council collects.

4.2.2 As well as the core funding as agreed in the Settlement Funding Assessment, the Council is also the recipient of other support from central government in the form of specific grants. These are included in the budget as income rather than funding and are linked to specific schemes or services. Further details of grants included in the MTFP are given at section 6.3.

**4.2.3 Spending Review**

A 1-year Spending Review was announced in November 2020 which enabled the government to remain focused on responding to the public health and economic emergency. Therefore, the anticipated longer-term announcements on overall funding available to Local Government for the next few years was deferred. There has also been a delay in the implementation of the Fair Funding Review and Business Rate Retention reset (outlined below). **This will increase uncertainties in the Medium-Term Financial Plan with a further delay to future funding and the implications it will have on the Council.**

**4.2.4 Fair Funding Review & Business Rate Retention**

The Government confirmed that the Review of Relative Needs and Resources ('Fair Funding Review') and 75% Business Rate Retention would no longer be implemented in 2021/22. Due to ongoing pressures and concerns around economic recovery, views throughout the sector are increasingly suggesting

that there will be a further delay of anything up to two years. Therefore, a further one-year settlement is looking likely for 2022/23 with a continuation of the current funding and business rates models.

**Therefore, it is very difficult to predict the future potential funding for the Council from Central Government beyond 2021/22.** The Fair Funding Review will also have an impact on and be impacted by revisions to the Business Rates Retention system and also specific grants awarded by central government e.g. New Homes Bonus and Housing Benefit Administration Grant.

#### 4.2.5 Business Rates Baseline

The Council budgets for income from Business Rates at the baseline level as set in the Settlement Funding Assessment. However, the income collected and paid over to the main preceptors (Central Government, Cumbria County Council and Carlisle City Council) is based on the projections in the NNDR1 return to Government. Any difference in these amounts is included in the MTFP as part of the Growth/Pooling amount anticipated of £900,000 for 2022/23 onwards due to the uncertainties around the potential changes to the Business Rates Retention Scheme. **However, as outlined above, further uncertainty about the future retained business rates scheme beyond 2021/22 means that there may be resets to the scheme that could erode any additional income above baseline levels that have been built up under the previous scheme. Until full details of a future scheme are known it is prudent not to over-estimate any future income from business rates and update the MTFP projections on a year by year basis.**

Due to the deferral of the 75% Business Rates Retention Scheme, the Council continued to participate in the Cumbria Business Rates Pool, during 2021/22, which enables the County and the Council to retain more of the growth it generates. Given that the Retention Scheme has been deferred again, the specific impact on Carlisle is yet to be understood, but any proposals will likely come with an understanding that local authorities will have to take on additional responsibilities (e.g. absorbing some current one-off grants such as Housing Benefit Administration Grant), which may mean additional cost pressures.

#### 4.2.6 The summary of funding included in the Medium-Term Financial Plan is as follows:

	Budget	Forecasts				
	2021/22 £000	2022/23 £000	2023/24 £000	2024/25 £000	2025/26 £000	2026/27 £000

Table 2: Business Rates Funding

#### 4.2.7 Council Tax

The MTFP includes Council Tax increases from 2022/23 onwards at £5 per Band D equivalent.

The MTFP assumes an increase in the taxbase of 1.00% per year and the City Council's share of the Collection Fund Surplus/Deficit is assumed to be a deficit of £41,000 2022/23 and 2023/24 (this includes the 3-year spread of deficits incurred in 2020/21 as a result of Covid-19), returning to a surplus of £50,000 beyond then. The Council received compensation for loss of Council Tax income in 2020/21 in the form of a Tax Income Guarantee Grant of £69,000. This is held in an earmarked reserve and will be released to partially offset the deficit positions.

Any increase in the tax base as a result of new housing developments and/or population increases will also mean a requirement to provide services to those households. Although there will be an increase in the amount of funding received through Council Tax, there will also be a cost of providing council services.

Further work on the net unit cost of providing services for new developments and population growth will be undertaken during this budget process, however, there are expectations that population growth will occur, specifically around the development of the Garden Village. There is uncertainty in estimating the future population of the development. The ONS 'Families and households in the UK: 2020' survey reports on the trends in living. This survey states that the average household size in the UK is 2.4. A simplistic

population estimate for a full completed project would therefore be 24,000. This growth would obviously be delivered over a number of years.

The recently released ONS population estimate has a Carlisle population of 108,524 as of mid-2020.

As of 20 July, the latest Valuation Office data indicates that there are 53,717 properties in the Carlisle area. The 2021/22 budget calculated there to be 34,666.41 Band D equivalent properties liable for Council Tax. The table below shows how the original budget is broken down per property, head of population and Band D equivalent.

The MTFP also assumes continuation of the statutory Council Tax Reduction Scheme (CTRS) as the Council's localised scheme. Any support provided through the Council Tax Reduction Scheme will be fully funded by all the main preceptors on the Collection Fund i.e. the Council, the County Council and the Police & Crime Commissioner. Consideration will need to be given as to whether this scheme is to be continued in the same format or incorporate changes to the level of support provided.

Table 4: Council Tax Funding

A significant risk relates to how the expected overall increase in CTRS claimants (as a result of COVID-19), and the associated cost of CTRS relief, will be funded and be provided to the Council. An increase in claimants directly impacts on the council tax base and ultimately the yield from council tax.

### 4.3 **Efficiency Strategy**

4.3.1 In order to ensure the Council maintains a minimum level of reserves to the end of the MTFP period, efficiencies are required throughout the period of the plan. The efficiency strategy will concentrate on the following areas:

- Asset Strategy – to focus on ensuring the council's asset portfolio maximises the benefit to the Council through income generation or by realising receipts of assets that do not generate a return that can then be utilised to ease pressures in capital and revenue budgets through the most appropriate means, e.g. re-investment in new assets and supporting the capital programme to reduce the CFR
- Service Reviews – A review of services to include their purpose and relevance in achieving the Carlisle Plan priorities, including a review of those services which do not fall within the Council's core priorities or which are not statutory will be undertaken to ensure that services and resources are properly aligned to what the Council wants to achieve.

- Core Budgets – a review of base budgets, including income generation to ensure compliance with best practice and outcome based budgeting and other appropriate budget disciplines.

The Peer Review undertaken in 2020 recommended 3 actions which Members may wish to consider as part of this Savings Strategy:

- Develop a commercial strategy which defines what commercialisation means in Carlisle, risk appetite and potential scope of commercial activity;
- Develop and implement a robust savings and additional income plan to close the anticipated £1million per annum funding gap (from 1<sup>st</sup> April 2021);
- Undertake and implement a base budget review.

These are all addressed through the Financial Principles and the Efficiency Strategy.

4.3.2 The savings currently included in the MTFP total £2.050million by 2023/24.

	<b>Cumulative savings required £</b>	<b>In year savings required £</b>
2021/22	500,000	500,000
2022/23	1,200,000	700,000
2023/24	2,050,000	850,000
2024/25	2,050,000	0
2025/26	2,050,000	0
2026/27	2,050,000	0

Table 5: Savings

4.3.3 Further savings will be dependent upon future funding settlements, local government reorganisation, Council Tax increases, changes to income and expenditure levels (pressures and savings) that are outwith the current Medium-Term Financial Plan. Savings will be profiled in the most effective way to ensure that they are achievable, timely and ensure reserves are not adversely affected.

4.3.4 As part of the 2020/21 outturn position, a provision of £1.6million was set aside in an Operational Risk earmarked reserve to offset the savings requirements for 2021/22 – 2023/24. Areas where savings can be made have

been identified and these can be actioned when necessary once the uncertainties highlighted above become clearer which will then also require revised savings requirements to be calculated.

## 5.0 Provisions, Reserves & Balances

5.1 The Council holds balances in order to meet future commitments. The Council policy on the use of reserves is as follows:

- Reserves generally will not be used to fund recurring items of expenditure, but where it does steps will be taken to address the situation.
- Reserves will not become overcommitted.
- The Council benefits from its level of reserves as it is able to: -
  - Meet its capital programme obligations, with borrowing only undertaken where funded from existing revenue budgets;
  - Fund exceptional increases in its net budget requirement without affecting the Council Tax charged to its taxpayers;
  - Ensure that surplus resources are retained for the general benefit of the Council to protect against large increases in Council Tax;
  - Maximise income received from the investment of its reserves to contribute to the budget requirement of the Council, which is a key part of the Council's Treasury Management Strategy.

### 5.2 General Fund

5.2.1 Having undertaken a risk assessment considering the risks and working balances required, the balance on the General Fund reserve indicates that this should broadly equal £3.1m as a prudent level. The risk-based assessment of the appropriate level of this reserve is carried out as part of the budget process and the current assessment is shown at **Appendix A**, which will be updated during this budget process. The prudent level of reserves may need to be revised in the medium term to reflect the changes circumstances around funding changes retention of business rates.

5.2.2 If the balance in the short-term falls below minimum levels, the Council will top-up the balance to this level from the General Fund Income and Expenditure Account.

5.2.3 If the balance in the short-term exceeds minimum levels then the surplus will be transferred to the Council's Project Reserve.

### 5.3 **Earmarked Reserves**

5.3.1 Earmarked reserves will not be used for recurring items of expenditure, nor become over-committed.

5.3.2 For each earmarked reserve there will be a clear protocol in place setting out:

- The purpose of the reserve.
- How and when the reserve can be used.
- Procedures for the management and control of the reserve.
- Processes for the review of the use of the reserve to ensure that it continues to have an adequate level of funds and remains relevant to the business of the Council.

(Further details of this are shown at **Appendix B**)

5.3.3 The revenue reserves the Council currently holds are as follows:

	31/03/2021 £000	31/03/2022 £000	31/03/2023 £000	31/03/2024 £000	31/03/2025 £000	31/03/2026 £000

5.3.4 The MTFP does not assume any use of earmarked reserves beyond 2021/22 except for those amounts set aside as a result of Covid-19; Business Rates S.31 Grant, Council Tax Hardship Grant and Council Tax 'Tax Income Guarantee' Scheme grant all of which will be utilised in 2021/22.

5.3.5 As well as revenue earmarked reserves, the Council also holds a small number of earmarked reserves for capital purposes. These are as follows:

	31/03/2021 £000	31/03/2022 £000	31/03/2023 £000	31/03/2024 £000	31/03/2025 £000	31/03/2026 £000

#### 5.4 **Provisions**

5.4.1 The Council holds a number of provision balances for items where future commitments are likely and use of these are delegated to the relevant Corporate Director in consultation with the Corporate Director of Finance and Resources.

#### 5.5 **Charitable and Other Bequests**

The Council holds a number of bequests for use by the Council. These funds can only be released with the full approval of the Council under the terms set out when the bequest was given. In the first instance it will be the responsibility of the Executive to consider a report outlining proposals for the use of the bequest prior to submission of the request to Council.

#### 5.6 **The Responsibilities of the Corporate Director of Finance and Resources**

5.6.1 The Corporate Director of Finance and Resources will review each reserve and its protocol annually and produce a report for the Executive as part of the annual budget process detailing: -

- Compliance with the use of reserves and associated protocols,
- Movements in the level of reserves, including the purposes for which reserves were used during the previous financial year,
- The adequacy of the level of reserves and the effects on the Council's

budget requirement,

- Any reserves which are no longer required,
- Proposals to set up new reserves, including purposes, protocols, funding sources and potential impact on the Council's Medium-Term Financial Plan.

5.6.2 The Corporate Director of Finance and Resources will review this policy at least annually and will obtain the approval of the Council for any change required to either the policy or protocols associated with specific reserves.

## 5.7 **Planned Use of Reserves**

5.7.1 When the budget was set in February 2021, it assumed that there would be contributions to and from General Fund Reserve over the life of the MTFP. With the outturn position for 2020/21 now confirmed, the General Fund Reserve and Projects Reserve has been updated as shown in Table 5 above. This shows that General Fund Reserve balances are expected to be significantly above minimum levels at £4.091million in 2021/22 and remain over minimum levels throughout the life of the MTFP. Although there is some use of reserves in the short-term the current MTFP assumes that this will reverse in the medium-term.

5.7.2 The reserves position is also subject to the savings required (as in Table 4) being met as scheduled. Any slippage on savings or any savings made in advance will impact on the contributions to and from reserves.

## 6.0 Income

### 6.1 **Fees & Charges**

- 6.1.1 Fees and Charges for individual services generate in the region of £5m p.a. for the City Council. **Appendix C** sets out the Council's approach to the reviewing and setting of fees and charges on an annual basis. The overall aim is to increase the proportion of income raised from users of discretionary services to ensure that they meet the full cost of these services, rather than the costs falling on Council Taxpayers in general.
- 6.1.2 In the past the income target has been set at 1% above the inflation rate. Each directorate must prepare a Charges Review Report as part of the budget process that must clearly set out the overall policy objective. In the past few years, increases in income from charges have not always resulted in the MTFP target being achieved.
- 6.1.3 There are certain functions the Council provides where it has little or no control over the charges to be set and where the service is statutorily bound to be self-financing, for example Building Control and licensing.
- 6.1.4 The main areas of fee generating income, subject to the Corporate Charging Policy are shown below. This shows that the income from bereavement services and car parking account for income that is 20% of the overall net budget requirement for 2021/22 and that income from charging is 39% of the overall net budget requirement for 2021/22.
- 6.1.5 Income from fees and charges are reviewed through the Charging Review Reports when setting the budget. Where necessary changes to budgets are made to reflect the accurate representation of anticipated income to be generated. However, as income is subject to demand and market conditions, the actual amount of income collected during the year can vary from this budget. In these circumstances, the monitoring of the overall budgetary position of the Council will identify whether the impact of income shortfalls will have on the overall financial position of the Council.

## 6.2 **Property Rentals**

6.2.1 Income received from property rentals is in the region of £4.3 million per annum.

6.2.2 The yield from property rentals included in the MTFP is shown in the following table: -

Table 9: Property Income

6.2.4 The MTFP makes no provision for additional rental income from assets via rent reviews.

## 6.3 **Income Levels and Financial Sustainability**

The Council is reliant on a significant amount of income generated from both its asset portfolio (£4.299million in 2021/22) and fees and charges income (£5.113million in 2021/22). Together these are the equivalent of **76%** of the funding received from Council Tax and Business Rates. Therefore, the Council is heavily reliant on these income streams.

The largest single area of income comes from Industrial estates. This income is largely based upon Ground Rents and long-term leases which are relatively secure. These leases are subject to rent reviews and as such can often yield one-off amounts of additional income in respect of any backdating applied.

Income from other property rentals is subject to variation, especially the Lanes income and this has seen increased volatility and downward pressure on the MTFP in the past few years and the budget has been regularly reviewed to ensure it is as accurate before each year begins.

The highest volatility in fees and charges income is experienced from parking income. Again, income pressures have been included in historical budgets to reflect the anticipated income to be generated from parking, however the

added pressures placed upon the budget due to the COVID-19 pandemic could see this downward pressure increase in the coming years. This added pressure may also be experienced in other income generating budgets.

The table below shows the different scenarios for changes in income levels from fees and charges and property income and the impact on both the minimum level of reserves and the current level of reserves. This shows that the Council could sustain a 10% reduction in the level of income before actual reserves would fall below minimum levels.

#### 6.4 **Grants & Contributions**

The Council receives grants from various sources as part of its overall funding. Some of these grants are given as part of the Settlement Funding Assessment by MHCLG and as such, these are budgeted only when notification is received.

##### 6.4.1 **New Homes Bonus**

The Council receives central funding in relation to the New Homes Bonus Scheme. The Council used to receive an allocation of funding under the scheme each year and each allocation lasted for four years. However, as part of the Local Government Finance Settlement for 2021/22 indicative figures were provided for one year only (with no legacy payments being made in subsequent years) with any new funding beyond 2021/22 being subject to the future Spending Reviews with possible revisions to the scheme too. The MTFP does not therefore assume any new allocations of New Homes Bonus beyond 2021/22; however, it does include the continuation for 4 years of those allocations received in previous years. **Revisions to the New Homes**

**Bonus scheme are expected alongside the Fair Funding Review and changes to Business Rates Retention. It should be anticipated that there may be changes to the scheme that reduce the amount of grant that may be awarded in the future.**

Details of allocations included in the MTFP as shown in the table below:

#### 6.4.2 Housing Benefit Admin Grant

The Council receives grant funding towards Housing Benefit Administration. The Council currently has a recurring budget of £423,500 for this grant. Allocations are received on an annual basis. However, it is likely that this grant will eventually reduce with the onset of Universal Credit and the resultant downsizing of Housing Benefit Administration by the Council. This reduction in grant will need to be considered in line with any reductions in workload associated with any transition.

## 7.0 Assumptions

7.1 The MTFP includes assumptions regarding the main items of income and expenditure. Some of these assumptions have been previously explained, e.g. Government Funding and Council Tax. The following sections provide further details of the assumptions currently included in the MTFP. Any deviation from these assumptions will be included in the budget process for 2022/23 as pressures or savings.

### 7.2 Pay

- Annual increase in MTFP **2%**
- Salary Turnover Savings **£442,100**

- Key Considerations:
  - Use of and Contribution to Reserves will impact on average balances and subsequently investment return achieved;
  - Capital Investment decisions will affect the Capital Financing Requirement and average balances;
  - The investment returns used when the budget was set in February 2021 will need to be updated given current guidance on when interest rates are expected to change.

## 7.5 **Borrowing**

- Assumed Borrowing - 2021/22 **£29.5m**
- Assumed Borrowing Rate - 2021/22 **1.40% - 1.65%** (As currently included in the MTFP)

Assumed Borrowing Rate – 2021/22 **1.95% - 2.35%** (Forecast as of July 2021)

### **Borrowing assumptions are based on a Principal (capital) and Interest repayment loan**

- Assumed Capital Financing Requirement (CFR) & Minimum Revenue Provision (MRP):

- Key Considerations:
  - Borrowing assumed in MTFP to support the capital programme;
  - Any future Capital Programme decisions will likely require a borrowing requirement, either internal or external which will have an impact on the revenue budget;
  - Re-profiling of anticipated capital receipts will impact on CFR, and subsequently MRP charge.

### **Provisions**

Provision	Balance 31/3/21	Purpose	Future of the Provision
Business Rate Appeals	1,341	To provide an amount for settling outstanding appeals made against business rate liabilities by ratepayers. This amount represents the Council's 40% share of total appeals under business rate retention. This amount is charged against the Collection Fund when settled.	The provision is reviewed annually as part of the closure of accounts and adjusted according to the outstanding estimated appeals anticipated.
Insurance Provision	244	To provide an amount for settling outstanding insurance claims taking into account excesses to be paid by the Council and claims to be settled by insurers.	The provision is reviewed annually as part of the closure of accounts and adjusted according to the outstanding insurance claims at 31 March. Any reductions in to the provision are credited back to general fund and any increases required are charged to general fund as part of the outturn.
Rickergate Ringfenced Account	172	This provision was established to hold the net income received from properties acquired with NWDA funding in Rickergate. Funding was received to acquire the properties and the funding agreement obliged the Council to ring-fence the rental income achieved on the properties pending the final outcome for development of the area. There is therefore a potential obligation to repay these sums if no development occurs.	This provision is reviewed annually and the income generated in the year is added to the balance carried forward. Therefore, the provision is still required.
Land Charges Provision	34	This provision was established to provide a sum to settle claims against the Council for overpaid land charges. A national claim was brought forward that argued that Council's had overcharged for Land Charges in previous years.	This Provision is still required for land and property initiatives

Provision	Balance 31/3/21	Purpose	Future of the Provision
Cemeteries Perpetuity Fund	75	This provision was established to maintain and repair cemetery headstones where owners cannot be contacted.	This Provision is still required
Licencing Appeals	20	This provision was established to provide a sum for settling costs associated with appeals to licensing decisions.	This Provision is still required
Licensing Taxi Plates	7	This provision was established to hold sums paid for Taxi plate deposits	This Provision is still required
Standards Committee Complaints Provision	10	This provision was established to provide a sum for settling costs associated with complaints made from Standards Committee decisions.	This Provision is still required
Property Deposits	4	These provisions hold deposits made to the Council for property (e.g. grazing land), enterprise centre and market by tenants. If tenants vacate deposits are repaid.	This Provision is still required
Market Hall Deposits	8	These provisions hold deposits made to the Council for property (e.g. grazing land), enterprise centre and market by tenants. If tenants vacate deposits are repaid.	This Provision is still required
Enterprise Centre Deposits	7	These provisions hold deposits made to the Council for property (e.g. grazing land), enterprise centre and market by tenants. If tenants vacate deposits are repaid.	This Provision is still required
Civil Penalties	23	To establish a provision in relation to costs to be funded from Civil Penalties income in accordance with the Housing & Planning Act 2016.	This Provision is still required
S.106 & Other Bonds	1	A provision for a performance bond required in relation to Section 106 agreements.	New Provision
Bequests	19	These provisions hold balances in relation to bequests made to the Council. The Parker bequest was established in 1954 and was to benefit disabled children and other young residents of the City. The District Nursing Amenity Fund was established to provide amenities for nurses homes and retirement allowances to nurses.	These provisions are still required; however it is recommended that these provisions be reviewed to determine how best they can be utilised in line with their original purpose.

## Appendix C - Corporate Charging Policy

This appendix sets out the corporate approach to the setting of fees and charges.

The Corporate Charging Policy applies to those fees and charges that the Council has control over and can set independently of any statutory provision. Any services where charges are set by Government or where services have to be self-financing are excluded from the Corporate Charging Policy.

The Corporate Charging Policy sets an expectation that Income from fees included in the Charging Policy will increase by 1% above the inflation rate set for expenditure. For 2021/22 this equates to a 3% increase. The MTFP assumes that income will increase by 3%; although this does not necessarily mean that charges have to increase by 3% as increases in demand could account for achievement of additional income.

Each service is required to consider and demonstrate in the Corporate Charging Report how and to what extent each of the following applies to the fees and charges it proposes to set:

### 1. Objectives of Charge - Set out the principal objective(s) of setting the charge:

- Recover cost of service provision
- Generate Surplus Income (where permitted)
- Maintain existing service provision
- Fund service improvements or introduction of new service(s);
- Manage demand for service(s)
- Promote access to services for low-income households;
- Promote equity or fairness;
- Achieve wider strategic policy objectives (e.g. encouraging green policies);

### 2. Other factors influencing decisions on whether and how much to charge:

- The Council's historic approach to charging
- The views of local politicians, service users and taxpayers
- Other councils' and service providers approach to charging
- Levels of central government funding and policy objectives
- The Council's overall financial position
- Changes in demand for services
- Policy on Concessions
- Availability of powers to charge for discretionary services (e.g. pre-application planning advice)

- Central government policy objectives

### **3. Targeting Concessions - The following target groups should be considered:**

- Persons over the age of 65
- Unemployed
- Young persons under the age of 18
- Students in full time higher education
- Community Groups
- Armed Forces Veterans
- Those in receipt of supplementary benefits, tax credits, attendance allowance, disability living allowance and other appropriate groups

### **4. Trading**

The Council is empowered to sell goods or services to other public bodies or trade commercially through a company with non-public bodies. The objectives should be considered for relevant services (including Building Cleaning and Maintenance, Vehicle Maintenance, Grounds maintenance, Legal Services, Human Resources, IT, Payroll, Planning and Development Services) as follows to:

- Deliver services more strategically on an area-wide basis
- Achieving greater efficiency
- Capitalise on expertise within the council
- Utilise spare capacity
- Generate income
- Support service improvement

### **5. Value For Money**

- Has charging been used as a tool for achieving strategic policy objectives?
- Has the optimum use of the power to charge been used?
- Has the impact of charging on user groups been monitored?
- Has charging secured improvements in value for money?
- Has charging been used as a tool to reduce increases in Council Tax?
