SECTION 106 AGREEMENTS / PLANNING OBLIGATIONS -
UPDATE
Director of Economic Development
ED 13/15

Purpose / Summary:

To brief Members of the Environment & Economy Overview & Scrutiny Panel on S106 Agreements and Planning Obligations.

Recommendations:

That the Report is noted.

Tracking

Overview and Scrutiny:	12 th March 2015

1. INTRODUCTION

1.1 The purpose of this paper is to brief Members on the current legislation relating to Section 106's Agreements and Community Infrastructure Levy (CIL), the Council's current approach and future options. In addition an update of S106 money the Council currently holds or expects to receive is set out in Appendix 1.

2. NATIONAL LEGISLATIVE AND POLICY CONTEXT

- 2.1 In accordance with Section 106 of the Town and Country Planning Act 1990 (as amended by Section 12(1) of the Planning Compensation Act 1991) planning obligations may:
 - (a) restrict the development or use of the land;

(b) require specified operations or activities to be carried out in, on, under or over the land;

(c) require the land to be used in any specified way; or

(d) require a sum or sums to be paid to the authority either in a single sum or periodically.

- 2.2 Planning obligations are usually entered into in the context of planning applications to ensure that developers address the additional community and infrastructure needs and mitigate the social, environmental and economic impacts of new development. Unless it is agreed otherwise, planning obligations run with the land in perpetuity and may be enforced against the original party and anyone else that acquires an interest in the land, until such time as they are discharged or otherwise modified.
- 2.3 Section 206 of the Planning Act 2008 (The Act) confers the power to charge Community Infrastructure Levy (CIL) on certain bodies known as charging authorities and came into force on 6 April 2010. From that date it has been <u>unlawful</u> for a planning obligation to be taken into account when determining a planning application for a development, or any part of a development, that is capable of being charged the levy, whether there is a local levy in operation or not, if the obligation does not meet all of the following tests¹:
 - Necessary to make the development acceptable in planning terms
 - Directly related to the development; and
 - Fairly and reasonably related in scale and kind to the development.
- 2.4 The Act also ensures that local use of CIL and S106s do not overlap and limits the ability to fund infrastructure by the pooling of S106 by limiting it to 5 individual

¹ These are also the policy tests in the NPPF (paragraph 204)

agreements. The Community Infrastructure Levy (Amendment) Regulations 2014 extended the pooling to include Section 278s (Highways Agreements) and the implementation date was postponed from 06 April 2014 to 6 April 2015. The base date of 06 April 2010 remained unchanged

2.5 The National Planning Policy Framework introduced in March 2012 changed the emphasis that planning obligations should only be sought where they meet all the tests above and where the same objectives can not be achieved through the use of planning conditions.

3. RECENT CHANGES TO THE USE OF PLANNING OBLIGATIONS

- 3.1 As part of a technical review of planning guidance the Government consulted nationally in 2014 on several changes to the planning system including proposed thresholds for affordable housing and tariff style planning obligations i.e. the introduction of national rather than locally determined thresholds. These changes came into effect on the 28th November 2014 via acting to update national planning practice guidance .
- 3.2 Whilst the City Council objected to the introduction of a higher threshold the Government has allowed those authorities which are designated as 'rural' to introduce lower thresholds (to a minimum of five) for those areas. In simple terms development proposals for ten or less dwellings (providing a maximum combined gross floorspace does not exceed 1000sqm) are now exempt from tariff-style planning obligations or from contributing to affordable housing. In designated rural areas however, which much of Carlisle District is regarded, this threshold is reduced to five. Where this lower threshold is applied, guidance requires that local planning authorities should only seek affordable housing contributions from developments of between 6 to 10-units as financial contributions and not affordable housing units on site. Any payments made (whether as an affordable housing contribution or contribution to a pooled funding pot for general infrastructure provision) should also be commuted until after completion of units within the development.
- 3.3 Other changes introduced at the same time has seen self build developments exempt from tariff-style planning obligations or from contributing to affordable housing, and a reduced means of calculating such obligations where proposals bring back into use empty buildings or for replacement buildings.
- 3.4 In February 2015 the Government has launched a further consultation relating to planning obligations seeking views on proposals relating to the following two areas:

- speeding up the negotiation and completion of Section 106 planning obligations; and
- whether the requirement to provide affordable housing contributions act as a barrier to development providing dedicated student accommodation.

4. CURRENT POSITION

- 4.1 An Annual Report is prepared detailing all S106 agreements entered into each year and how they are being delivered [from both the developer and Council perspective]. It also gives a breakdown of agreements that are still outstanding in whole or part from previous years.
- 4.2 Current agreements include:
 - Affordable Housing on site or payments in lieu of onsite provision
 - Occupancy Restrictions
 - Open Space contributions for both Capital and Maintenance
 - Highways and Transport contributions [includes pedestrian and cycleways plus public transport]
 - Education contributions for extra provision or transport costs
 - Travel Plans
 - Land Transfer
- 4.3 Given the difficult economic conditions prevailing from the recent recession as the economy continues to recover, developers are increasingly challenging requests for S106 Agreements on the grounds of viability. In addition to new agreements there have been requests from developers to re-negotiate previously entered into S106 Agreements on the basis that the obligations are too onerous and that consequently the development is not viable. A Viability Assessment procedure has been agreed with developers which calculates the developers profit and what money could be used to deliver the Council's priorities. In order to aid negotiations the Council's priorities based on planning legislation and the Local Plan have been drawn up (see Appendix 1).
- 4.4 A summary of the value of financial contributions currently secured through S106 Agreements is provided in Table 1 below, with further details provided in Appendix 2. The below analysis excludes any covenants made directly between the developer and Cumbria County Council.

For Quarterly Reports etc:	Balance of Contributions Received (01/04/15)	Actual Spend 14/15	Residual Balance	Outstanding Contributions
Children's Play Areas & Facilities.	£397,193.59	£125,313.00	£217,880.59	£417,896.00
Provision & Maintenance of public open spaces.	£204,132.83	£51,756.20	£152,376.63	£0.00
In respect of incomplete sites or yet to be developed.	£213,062.41	£10,002.05	£203,060.36	£237,669.00
Total of balances held/expected	£814,388.83	£187,071.25	£627,317.58	£655,565.00
Affordable Housing Contributions	£21,250.00	£0.00	£21,250.00	£254,373.00
Schools etc	£0.00	£0.00	£0.00	£3,500,000.00
Cycleway & Public Realm (held in interest bearing a/c)	£706,056.07	£5,307.00	£700,749.07	£0.00
Transport & Pedestrianisation (to CCC)	£426,255.00	£0.00	£426,255.00	£308,285.00
Highways etc. [funds to/from CCC]:	£48,500.00	£0.00	£48,500.00	£185,000.00
Habitat Schemes	£0.00	£0.00	£0.00	£100,000.00
Provision of Refuse & Recycling Bins	£5,280.00	£0.00	£5,280.00	£3,780.00
Sports provision	£0.00	£0.00	£0.00	£48,584.00
Total for reports	£2,021,729.90	£192,378.25	£1,829,351.65	£5,055,587.00
Monitoring Fees, Legal, Admin Costs etc.	£0.00	£0.00	£0.00	£0.00
Planning applications/agreements have expired	£0.00	£0.00	£0.00	£0.00
Totals	£2,021,729.90	£192,378.25	£1,829,351.65	£5,055,587.00

5. COMMUNITY INFRASTRUCTURE LEVY (CIL)

- 5.1 Section 206 of the Planning Act 2008 (The Act) confers the power to charge Community Infrastructure Levy (CIL) on certain bodies known as charging authorities and came into force on 6 April 2010 through the Community Infrastructure Levy Regulations 2010 (amended by the Community Infrastructure Levy (Amendment) Regulations 2011,2014 and 2015). This provides the enabling powers for Local Authorities to apply CIL to development proposals to support infrastructure delivery in an area. The levy is intended to provide infrastructure to support the development of an area rather than to make individual planning applications acceptable in planning terms.
- 5.2 In order for the Council to consider the implementation of a Community Infrastructure Levy there must be an up to date Development Plan. A pre-requisite of being able to apply CIL is therefore the adoption of the emerging Carlisle District Local Plan (2015 2030), which is anticipated to be adopted in early 2016. The Council are not therefore yet in a position to progress with adopting CIL.
- 5.3 Alongside the plan a Draft Infrastructure Delivery Plan has been produced which identifies the infrastructure requirements to support delivery of the Local Plan. The nature of infrastructure and circumstances within which it are required will be dictate whether CIL is needed or the best approach to funding new infrastructure.
- 5.4 Any draft charging schedule is subject to viability assessments, public consultation and an examination in public.

6. CONCLUSION AND REASONS FOR RECOMMENDATIONS

6.1 Members are asked to note the content of the report in order that they are aware of and understand, in overview terms, the current position with regards to the use of planning obligations and S106 agreements within the District.

7. CONTRIBUTION TO THE CARLISLE PLAN PRIORITIES

7.1 The use of planning obligations can be seen to relate to the majority of the Council's established priorities.

Contact Officer:Fiona KenmareExt:7569
