Title: ANNUAL EQUALITY REPORT 2019/20 AND EQUALITY ACTION PLAN 2020
Report of: Policy and Communications Manager
Report Number: PC 17/20

Purpose / Summary:

This report presents the Annual Equality Report for 2019/20 and the Equality Action Plan 2020.

Recommendations:

Scrutiny is asked to:

1. Consider and comment on the content of the Annual Equality Report and Equality Action Plan.

Tracking

Executive:	14 September 2020	
Scrutiny:	27 August 2020	Health and Wellbeing
	For information only	Business and Transformation
Council:		

1. BACKGROUND

- 1.1 The Equality Act (2010) replaced the previous anti-discrimination laws with a single Act. A key measure in the Act is the Public Sector Equality Duty which came into force in April 2011. This duty requires public bodies to tackle discrimination and provide equality of opportunity for all.
- 1.2 The Council's Equality Policy outlines how we meet the duties of the Equality Act. The Policy was approved by the Executive in May 2020, including the equality objectives for 2020-24.
- 1.3 The Council must provide information about how equality is considered in decision making, policy development and engagement. The Equality Policy states that this information will be published within an annual equality report and reported to the Senior Management Team, Executive and Overview and Scrutiny.

2. PROPOSALS

- 2.1 The Annual Equality Report 2019/20 (Appendix 1) provides an overview of equality work, including the workforce profile, employee support, customer satisfaction, complaints, consultation and engagement.
- 2.2 The Council has a positive approach to equality both in supporting staff and engaging with the community. This is demonstrated by the commitment to be open and transparent, acknowledging gaps in data and looking at how the Council can improve. The Equality Action Plan 2020 sets out actions on how the Council will work towards achieving the equality objectives and address the issues identified.
- 2.3 The Annual Equality Report presents equality information between April 2019 and March 2020; therefore, it does not include the developing response to the Covid-19 pandemic. The Health and Wellbeing Scrutiny Panel received the report, '*Responding to the Covid-19 Pandemic in Carlisle*', at the 16 July meeting, which detailed partnership work and community resilience activity. The Carlisle Community Resilience Group will explore how a sustainable local level community response can be structured to capitalise on the effective relationships, wider communities, and future challenges and opportunities as we move into the recovery phase.
- 2.4 In response to the Public Health England report, '*Beyond the data: Understanding the impact of COVID-19 on BAME groups*', an Equality Impact Assessment of the

Covid-19 Community Impact in Cumbria is being led by Cumbria County Council. This will identify implications for Cumbria and recommendations for action to address the findings.

- 2.5 The Council has maintained business continuity for its essential services, adjusting to continue services and meet the needs of the most vulnerable. It has required the Council to react very quickly to different challenges and provide effective support to staff and the organisation. The Council is keen to review the experience and identify how these can be developed in future. An example of learning following the implementation of dispersed working arrangements is to update policies on agile and flexible working, which will be key to recruiting and retaining staff in future.

3. RISKS

- 3.1 The Public Sector Equality Duty places specific duties on the Council, the Annual Equality Report provides evidence of compliance with these duties.

4. CONSULTATION

- 4.1 The Annual Equality Report has been reported to managers and the Senior Management Team.

5. CONCLUSION AND REASONS FOR RECOMMENDATIONS

- 5.1 This report presents the Annual Equality Report to enable the Council to fulfil the requirements of the Public Sector Equality Duty.

6. CONTRIBUTION TO THE CARLISLE PLAN PRIORITIES

- 6.1 The Annual Equality Report supports the Carlisle Plan's priorities by promoting equality of opportunity for all and seeking to improve the health and wellbeing of the people of Carlisle.

CORPORATE IMPLICATIONS:

LEGAL - The Equality Act 2010 replaced the previous discrimination legislation in Great Britain relating to sex, race, discrimination, sexual orientation, religion or belief and age. It affects the Council in a number of ways, particularly in respect of our role as an employer and a service provider. The Annual Equality Report and Equality Action Plan demonstrate how the Council is performing and how it will continue to seek to comply with its obligations in the future.

FINANCE – None

EQUALITY – The Annual Equality Report enables the Council to meet its requirements under the Equality Act (2010).

INFORMATION GOVERNANCE – None

Introduction

Under the Equality Act (2010), we must provide information about how equality is considered in decision making, policy development and engagement. This report presents our equality information between 1 April 2019 and 31 March 2020.

We use this information to identify equality issues and develop areas for action or improvement. We aim to publish information in an accessible format and ensure it follows the principles of our Data Quality Policy, giving confidence to the users of the information. We give details about what we publish and why, explaining how the information is used. We also acknowledge gaps in our data and explain how we can improve this.

This document is reported to our Senior Management Team, Executive, Scrutiny Panels and published on our website.

Key data – workforce profile

The following key information about our workforce provides a quick reference and comparative data from previous years. The full workforce profile is provided in Appendix 1.

As at 31 March 2020

Number of employees¹

¹ Staff who have multiple posts are counted twice.

Workforce profile

We have a duty under the Equality Act (2010) to publish information about the protected characteristics of our employees. Staff provide this information voluntarily; we aim to create an environment where employees feel comfortable and confident to do this. It is of great benefit to be aware of the needs of our workforce, enabling us to adjust or provide for different needs. It also assists us with workforce planning and how we can support and develop staff. We use other mechanisms to supplement this information, such as surveys and occupational health figures.

The full workforce profile and the latest comparative data for Carlisle is shown in Appendix 1. Recent data is not available for some characteristics (eg ethnicity, religion, sexuality) making it difficult to compare our workforce with the local population in all areas.

Our Workforce Development Plan includes a number of actions to support the ongoing development of the workforce including improved apprenticeship provision, progression opportunities and wellbeing. The current apprenticeship offer has been extended to include more opportunities at advanced and higher levels. 18 employees are now on an advanced or higher apprenticeship with plans to increase further next year.

The Government's Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017 implemented a mandatory gender pay gap reporting requirement for public sector employers with more than 250 employees. Appendix 2 shows our gender pay data for 2018, 2019 and 2020, and the average local government figures for 2018/19. Our mean and median gender pay data compares favourably to the local government average. The pay quartile data shows that our two lower quartiles differ in gender balance to the average, particularly the lower quartile where we have a bigger proportion of male employees.

Employee support

The 2020 Employee Opinion Survey³ found that 90.7% of staff rate the Council as a very good or good employer compared to 86% in 2018. The report is positive for employee satisfaction and wellbeing, and highlights that staff continue to be aware of and understand their role in delivering the Council's priorities.

Following feedback from previous staff surveys, Staff Competency Standards have been developed, linking to a review of the existing Management Competency Standards. These provide clear guidance to staff on what is expected of them whilst contributing to the success of the organisation. All staff had the opportunity to feed into the development of these standards by way of focus groups, drop-in events and a survey. The competency standards were circulated with payslips in June 2019 and we are looking at how these can be developed to relate to colleagues in their roles. Standard questions will also be incorporated into interviews to help assess individual values and how they match to those of the organisation. We will also be incorporating more support into induction, and the Appraisal process has also been reviewed to align it with the Staff Competency Standards. The Managers Competency Standards development programme has been amended to include the new standards and includes a session focusing on wellbeing and environmental awareness.

We continue to support the Time to Change Employers Pledge and are committed to changing how we think and act about mental health. Our 'Time to Change' Champions support mental health initiatives, including promotion of Mental Health Awareness Week (May 2019), World Mental Health Day (October 2019) and a Time to Talk drop in session (February 2020). We have introduced a Wellbeing and Mental Health Statement and a Workplace Healthy Eating Statement to help embed this within the organisation.

We have achieved the Silver Better Health at Work Award and are now working towards the Gold Award. The award recognises our achievement in supporting employees to maintain their own wellbeing through raising awareness and providing access to wellbeing activities. Health advocates have a proactive role in promoting and encouraging health and wellbeing amongst colleagues. Examples of the events and initiatives they have set up include a staff football tournament (September 2019), a 10k in 10 days walking challenge (June 2019), and weekly lunchtime walks. As part of working towards the Gold Award we undertook a further survey to help define where we should focus wellbeing initiatives and awareness sessions. Staff have indicated that they would like more information regarding the menopause and digestive conditions. Our health advocates held a drop-in session in October 2019 to find out which digestive conditions staff would like to focus on and look at setting up an action group.

In January 2020, we were invited to present at the North West Employers Health and Wellbeing conference to share our experience of delivering wellbeing initiatives within the Council. Over 60 delegates from other local authorities across the north west attended.

Examples of other support and training offered to staff included:

- Health and wellbeing activities throughout the year: mental health awareness, yoga, physio Pilates, meditation, bio-resilience, mindful craft classes.
- Discounted gym membership.
- Promotion of the Council's Employee Assistance Programme (EAP), the EAP monthly newsletter and launch of the smartphone app.
- Referral to physiotherapy.
- Counselling support.
- Mental Health Awareness for managers.
- Promotion of Stress Awareness Month (April 2019).
- Healthy eating promotion activities including free fruit for all staff every month.
- Menopause support sessions (June 2019).
- Big Lunch (June 2019).
- Cholesterol checks (June 2019).
- Outdoor Gym fitness session (September 2019).
- Health and Wellbeing event (November 2019) providing health checks, cooking demonstrations, exercise sessions, Cardiopulmonary resuscitation (CPR) instruction, reiki sessions, information and advice on a range of health issues.

Training and development

We provide a range of training and development for staff through courses, e-learning, briefings, toolbox talks, information and employee development. Management training sessions for recruitment and selection, disciplinaries and grievances, and attendance management all include equality briefings and discussions on the impact of these on employees. The training aligned to the management competency standards also refers to equality duties and legislation as appropriate. Staff are encouraged to undertake self-development through advice and guidance available on our Intranet. This can be used to refresh or develop an individual's knowledge as required. Coaching and mentoring are also available for staff and managers. New starters receive a safeguarding leaflet with information about our safeguarding policies and responsibilities. There is also a regulatory eLearning programme and toolbox talks sessions to be completed by all staff.

We have an agreement in place with our supplier that all agency workers should have an induction before working for the authority. This includes briefings on our Code of Conduct, Dignity and Respect, and Safeguarding Policies to ensure that all staff are aware of their equality responsibilities.

We continuously develop our training programme, for example, following positive feedback from the Self-Empowerment programme, this course has continued this year. The Every Day Leaders course supports talent and progression planning within the Council. The current programme is made up of over 90% female delegates, which is a direct response to the self-empowerment programme and an action within the Workforce Development Plan; supporting female progression. It aims to help staff to get the most out of their job and develop new skills to aid progression and flexibility. The current Level 3 course ends in June 2020 and a new course will target two different levels. Level 3 will focus on developing the individual, broadening their capabilities, and Level 5 will support the development of management skills.

Details of equality related training and staff participation in 2019/20 are provided in the tables below. In total, 238 staff attended an equality training course and 436 equality e-learning modules were completed, with a number of staff completing more than one course. Some e-learning modules are mandatory and require completion every 3 years (eg Prevent), meaning they will not show in this year's figures.

Recruitment and selection

As part of our recruitment process, applicants can complete a diversity monitoring form when applying for a job. The tables below provide a summary of equality monitoring information for applicants for vacancies advertised between 31 March 2019 and 1 April 2020. This is the first year we have published this data. We intend to build on this information and undertake analysis as it develops each year.

Equality impact assessment, consultation and engagement

We undertake a wide range of consultation and impact assessment to inform decision making and service delivery. The nature of these varies, depending on the proposed change and the potential impact on equality. Examples of engagement undertaken include:

- **St Cuthbert's Garden Village (September - October 2019)**

Public consultation on the draft masterplan options, building on the past consultation work in developing the proposals. This included several drop in events held across Carlisle, online consultation and access to the proposals at the Council's Customer Contact Centre and Carlisle Library.

- **Borderlands development consultation - Carlisle Station Gateway (September - October 2019, January - February 2020)**

The Station Gateway project aims to improve the station and its facilities, encourage visitors, stimulate investment in Carlisle and improve access and connectivity. It is being developed jointly by Carlisle City Council and Cumbria County Council, working with key partners across the Borderlands region.

The first stage of consultation was undertaken in September 2019, to validate the project objectives and high-level proposals. Following feedback from this consultation, two design options were developed to form the second stage consultation in January 2020. This was undertaken online and through events hosted by the project team at the Railway Station and the Lanes Shopping Centre. A display was also in place throughout the consultation in Carlisle Railway Station, and students and staff from the University of Cumbria were consulted on campus in Carlisle.

- **Screening the 2020/21 Budget (December 2019 - January 2020)**

Consultation on the 2020/21 Budget was undertaken with the public, staff, business rate payers and trade unions. As part of the budget process, we carried out an equality impact assessment of the Budget Book. Our initial screening identified potential impacts on protected characteristics which were assessed and addressed by service managers. Following this mitigation work, there were no further changes required within the key documents listed in the Budget Book.

- **St James' Park (June 2019)**

Following the public consultation, improvements will include refurbishing the paths and street furniture. A new flight of steps will be built for access from St James' Road, new seats and litter bins will be installed across the park, including a new circular seat and a central tree in memory of a former councillor.

• Carloli Drive Play Area (September – October 2019)

We are planning to install new play and outdoor exercise equipment following successful consultation on the proposed refurbishment. Feedback from residents has informed our plans as follows:

- to provide a variety of robust items which are suitable for use by as wide a range of individuals as possible and children of all ages.
- to provide suitable seating as part of the scheme.
- to ensure that any new play equipment installed is as accessible as possible to children of any ability.
- to investigate the provision of fencing around the play equipment.

We conduct a range of surveys to gather feedback from our staff, members and customers. A sample of these undertaken in 2019/20 is shown in the table below.

We provide events to engage residents and visitors in a full range of cultural, sporting and historical activities. We aim to develop a local sense of place and pride in Carlisle, celebrating our communities. Events held in 2019/20 included Easter and Summer International Markets, Upperby Gala, International Markets, Carlisle Fringe, Fireshow and Christmas Lights Switch-on.

We also support local events that promote diversity and community spirit. Examples of this include sponsorship of the Diverse Cumbria Awards (May 2019) and celebration of Armed Forces Week with stalls, exhibitions, music and a parade in Carlisle city centre to celebrate Armed Forces Day (June 2019). We promoted volunteering through Give a Day to the City (July 2019) and supported Carlisle Unity Festival (July 2019), which was hosted by AWAZ Cumbria to celebrate diversity and community networks.

The theme of the Carlisle Puppet Pageant Parade (September 2019) was 'The Kaleidoscope of Carlisle Life' to celebrate the people and achievements of the city. The parade was organised by Prism Arts and the puppets were created in conjunction with local schools and groups in Carlisle. Cumbria Pride (September 2019) celebrated LGBT⁹ communities through music and performances. Other supported events included the Chinese New Year Festival (February 2020), the Cultural Bazaar (February 2020) and the first City of Lights (February 2020). This new event created displays and light installations across the city, in partnership with Cumbria County Council and a range of local organisations.

Service provision

We provide many different services to our customers and strive to improve access for all. Examples of our work to make services more accessible include:

- **Homeless Prevention and Accommodation Services (HPAS)**

The HPAS teams assisted 978 households with housing and homelessness advice. It also accommodated and supported 241 households in temporary accommodation; 70% of households were supported to move on positively within an average of nine weeks. The service delivered homeless awareness and prevention talks to 1275 young people in schools and community venues such as cadets. Ongoing term time projects were delivered with Carlisle College, including students producing fine art textile pieces as part of their course work to add warmth and character to our family accommodation services.

- **Refuse and recycling collections**

In 2019/20, we responded to 523 requests for assisted collections. We also collected waste from additional containers for 867 households with large families or situations where more waste is produced because of disability or personal circumstance.

- **Riverside Housing services (from April 2019)**

Carlisle City Council is working in partnership with Riverside to provide accessible services from the Civic Centre. Customers are able to access face to face contact and be supported to access Riverside's services (including Freephone services and Cumbria Choice application forms). We also provide a self-service computer to access online content associated with a Riverside tenancy or any ongoing Cumbria Choice query.

Partnership working

Partnership working enables us to engage with different organisations and groups to build closer links with all communities. Examples of work undertaken are:

- **Rough Sleeping Project**

Carlisle City Council led Cumbria's successful partnership bid for this funding. Cumbrian local authorities are using the funding to increase housing options/pathways and deliver targeted support to those people identified as rough sleeping or at risk of rough sleeping, whom are not owed any statutory duty under the Homeless Reduction Act 2017. The funding will be used across Cumbria to fund:

- 9.5 full time equivalent members of staff. They will support 76 Supported Lettings placements and tenancies (in all districts except Barrow).
- One full time member of staff who will work in Barrow to support individuals with complex needs in 11 units.
- One full time member of staff who will support 16 tenancies via a local lettings agency (specifically across Eden and South Lakeland).
- Two full time members of staff. The Rough Sleeping Co-ordinators will work across Carlisle, Allerdale and Copeland.

In addition, Carlisle were successfully awarded £10,000 from the Ministry of Housing, Communities and Local Government through the Cold Weather Fund, to support the provision of a Winter Shelter for single people whom the Council owed no statutory duty. The Winter Shelter established 6 beds (with separate provision for men and women) from 1st December 2019 to 31st January 2020. It also accommodated and provided support to 12 individuals, all of whom have been supported to access alternative housing options.

- **Community Neighbours (launched February 2020)**

Carlisle City Council and Electricity North West are working in partnership to set up a Community Neighbours scheme to support isolated residents in the district. The funding refreshes a previously successful volunteer befriending project which creates one-to-one opportunities linking volunteers with elderly and/or disabled people experiencing loneliness and isolation. The scheme is further enhanced by helping both volunteers and people accessing the project for support to help reduce fuel poverty and encourage energy efficiency.

The project will link with the other services provided by the Council's Home Improvement Agency, Homelife Carlisle. Homelife Carlisle provide specialist support and advice to elderly and disabled people, as well as those on low incomes, for maintaining, adapting and improving their homes.

- **Carlisle and Eden Armed Forces Support Co-ordination Project (April 2019 onwards)**

This project aims to provide co-ordinated support for ex-armed forces veterans within Carlisle and Eden districts. The funding has been used to employ a co-ordinator to oversee the project and has focused on the following areas:

- Activities to support prevention of mental health and social isolation.
- Veteran friendly GP practices.
- Ex-Service Supporters network to feed into the Armed Forces Covenant.
- Improve access to information about services, support and events on Council websites. Link to the Forces Connect App and information about upcoming events.
- Promotion of the Defence Employers Recognition Scheme.

- **Improving The Private Rented Sector - Tackling Rogue Landlords (2017-19)**

Carlisle City Council made a successful bid to the Controlling Migration Fund in March 2017 to deliver outcomes around rogue landlords and food businesses in the Botchergate area of the city. The funding related to one additional post within Regulatory Services for two years. The project was able to continue until October 2019 and the final report was submitted to Councillor Nedved, portfolio holder for Economy Enterprise and Housing on the 10th July 2020 and a copy has been sent to the Ministry of Housing, Communities and Local Government who funded the project.

While the project met with a range of challenges it was able to develop a network of partners and use improved intelligence to target properties where fire safety, crime and migration issues were relevant. In particular, liaison with the Local Police Hub greatly assisted multi-agency working and community tasking approach.

This project has improved the condition of privately rented properties, ensured that landlords and owners do not take advantage of vulnerable tenants and helped counteract illegal immigration. A total of 48 properties were visited which provide homes to over 130 residents. The majority of those visits were with colleagues from other enforcement agencies including Cumbria Fire and Rescue Services, Cumbria Constabulary, Immigration Compliance and Enforcement team and in one case the Gangmaster and Labour Abuse Authority.

The use of proactive enforcement has had a disruptive influence on poor housing and criminal activity and helps to create a level playing field where good landlords and providers who provide decent and safe homes are not disadvantaged by people who flout the rules and have a negative impact on the market. This view is shared by the National Landlord Association who with Carlisle City Council support the Cumbria Landlord Accreditation Scheme.

The proactive engagement with food businesses to provide bespoke food hygiene training where language was a potential barrier has seen improved catering and hygiene standards, improved understanding of food law, develop better working relationship with council officers and develop the skills of those who work and live with Carlisle. This in-turn will improve the chances of integration within the community.

There has been a decrease in food establishments in the area of the project over the two years, with business failing and shops remaining empty. Businesses also change hands on a regular basis. It has been noted that there has been a significant increase in the number of Turkish barbers/hairdressers, nail bar business and small continental shops, run by foreign nationals. Some will have links to negative behaviour but largely it reflects the increasing diversity of the city and the healthy turnover of businesses observed in many cities.

The final report considers the impact of Covid 19 on this style of intervention and notes that a hidden consequence of the pandemic is that tenants of rogue landlords will face unsafe and poor conditions until safe working practices and procedures have been identified.

Customer satisfaction

We measure customer satisfaction with how well we are running things and report on this annually. We have deferred this measure until later in 2020 due to the ongoing response to the Covid-19 pandemic and it will be reported to Scrutiny and the Executive.

The Customer Service Charter sets out what customers can expect when contacting us and aims to increase customer satisfaction. Progress with Customer Services improvement was reported to the Business and Transformation Scrutiny Panel¹⁰ and aims are continuing to be measured where possible (reporting has been impacted by service changes during the Covid-19 response). We are also continuing to develop our systems, which will enable us to measure two of the aspirational aims when the appropriate arrangements are in place.

Complaints

Our Complaints and Feedback Policy contains details of how complaints are managed. Formal corporate complaints are received in writing and recorded through the Council's Customer Relationship Management system. The equality monitoring form attached to the complaints form is voluntary.

The figures for April 2019 to March 2020 are provided in the table below and relate to the number of equality monitoring forms received, not the number of complaints (34 complaints were received in 2019/20). We monitor the responses to screen for equality issues and any concerns are reported to relevant service managers. We are committed to ensuring that we use customer feedback to help improve services and to focus on the needs of our customers. In 2019/20, a full response to complaints was issued to 95% of customers within 15 days of receipt at each stage.¹¹

Equality objectives 2020-24

Our equality objectives were agreed by the Executive in May 2020. They are:

- a) Break the cycle of inequality and improve health, wellbeing and economic prosperity
- b) Support a diverse workforce by improving the equality data of the recruitment and retention processes
- c) Ensure all people have access to the services they need
- d) Celebrate the diversity of our communities and bring people together

The actions below have been identified to help deliver the equality objectives 2020-24 and respond to issues identified in this report. They are reviewed and developed annually.

Gender pay figures March 2018, 2019 and 2020

Women's mean hourly rate*

* The mean hourly rate is the average hourly wage across the entire organisation. The mean gender pay gap is a measure of the difference between women's mean hourly wage and men's mean hourly wage.

Women's median hourly rate**

****** The median hourly rate is calculated by ranking all employees from the highest paid to the lowest paid, and taking the hourly wage of the person in the middle. The median gender pay gap is the difference between women's median hourly wage (the middle paid woman) and men's median hourly wage (the middle paid man).
