Dear Sir,

Planning application for housing to the rear of the Village Hall in Cumwhinton. Ref 19/0898

I acknowledge receipt of your letter dated the 10th of July 2020. I note the plan for the revised planning application submitted recently.

The revised proposal is clearly, merely an attempt by the developers to get a "foot in the door". The plan blatantly attempts to retain the option to venture further into the field at a later date.

The issues highlighted in my previous letter dated 13-12-2019 surrounding the impact on traffic, potential flooding, local amenities and the erosion of the character of the village remain.

I urge you to reject the revised proposal.

Yours Faithfully
