1. BACKGROUND

- 1.1. This is the third iteration of the Carlisle Plan (2013-16, 15-18, 21-23). The associated Carlisle Plan on a Page has been kept up to date throughout with an annual review of key actions, with updates reported through the Quarterly Performance Report.
- 1.2. The Corporate Peer Challenge, January 2020, identified the important role the Plan has through the following recommendation:
'Develop and agree a new Carlisle Plan to provide the Council's long term vision for the district and establish clear priorities to deliver this and give the framework for other strategic plans. Agreement on what is a priority or not a priority for the next three years and beyond will be important, underpinned by an aligned MTFP.'
- 1.3. The LGA Remote Peer Support, November 2020, recommends that:
'Continue to develop the new vision and accompanying priorities as planned, but crucially to use these to help shape the work of the Council' The Peers added that this work has a central role in achieving the type of improvement we are seeking to achieve.
- 1.4. This new version of the Carlisle Plan brings together an ambitious programme for Carlisle under two priorities and a new vision. The response to and recovery from the Covid-19 Pandemic remains the focus of the Council's efforts. Accelerating progress on the programme will mean that Carlisle and the local economy can bounce back from the impacts of this public health emergency.

2. PROPOSALS

- 2.1. The draft Carlisle Plan is attached as Appendix A. The Carlisle Plan is made up of a main document containing the detail behind the Plan and a summary 'Plan on a Page'. The Plan on a Page (Appendix B) is a single page listing the Council's vision, principles, priorities, and programmes/projects.
- 2.2. The vision has been updated to focus on prosperity as the primary purpose of the Plan, prosperity being the most important determinant of health and wellbeing.
- 2.3. There are two, related, priorities:
 - Economic growth
 - Health and wellbeing
- 2.4. There is an emphasis on maximising the co-benefits for cross-cutting issues such as Climate Change. The detail on these co-benefits will be highlighted within the reporting of the programme work.
- 2.5. The Plan presents the ambition for Carlisle as a place, it is not the organisational plan (Corporate Plan) which is the plan for all the Council's service delivery. The Corporate Plan will be developed in parallel to the Carlisle Plan programmes/projects over the next months, through Service and Directorate

Planning. The updated Corporate Plan will become the reverse side of the Carlisle Plan on a Page so that every officer can see the contribution they are making to fulfilling the priorities and service delivery.

- 2.6. Progress on the Carlisle Plan will be reported in the quarterly performance report, beginning in April 2021. Work is underway to review the current performance report through a Scrutiny Task & Finish Group.

3. RISKS

- 3.1. The risks associated with the delivery of the Carlisle Plan will be managed in accordance with the Risk Management Assurance Framework Policy.

4. CONSULTATION

- 4.1. Public consultation is not planned due to the Covid-19 Pandemic. Effective consultation and engagement around the priorities and programme can be evidenced over the last two years through the major projects and strategies.
- 4.2. Informal consultation on the plan will be undertaken with partners engaged in delivering the priorities. The Council will engage with community and voluntary groups on the plan to identify opportunities to continue to develop this sector and support existing initiatives.

5. CONCLUSION AND REASONS FOR RECOMMENDATIONS

- 5.1. The commitment of investment in Carlisle and development of clear programmes and strategies now means that it is an appropriate time to update the Carlisle Plan.
- 5.2. The recommendation is to consider and comment on the draft Carlisle Plan.

Introduction

The Carlisle Plan, the third of its kind, is an ambitious plan setting out the Council's vision, priorities, and key actions.

Carlisle is the capital of Cumbria with a population more than 108,000. The city is recognised as the economic capital of a region serving 1.1 million people who live in Cumbria, Northumberland, and Southern Scotland. The City of Carlisle is the largest settlement in the district with more than two thirds of the population. The remaining population is distinctly more rural and in places extremely sparse. The most significant rural populations are in smaller market towns and large villages spread across the district, including Brampton, Dalston, Longtown and Wetheral.

Across the district, there are a wealth of natural and cultural assets making Carlisle a great place to live, work and visit. Carlisle draws strength from its strategic location, with heritage and environmental sites of national and international importance (Solway Coast and North Pennines), and good connections to national infrastructure.

Now is a golden opportunity for growth and development, Carlisle can build on its established economic role whilst encouraging the development of new sectors and entrepreneurship.

Carlisle is set within some of the country's most spectacular natural scenery and the city is the final stop for three of the country's scenic railway lines (Settle to Carlisle, Cumbria Coast Line and Tyne Valley Line). Landmark buildings and heritage sites such as Carlisle Castle, Carlisle Cathedral, Lanercost Priory and Hadrian's Wall attract visitors from across the world.

The Covid-19 Pandemic has had a significant impact on our local economy. The impact has highlighted the importance of health and wellbeing across all communities reminding us that Carlisle is a place focused on tackling health inequalities and enabling communities to thrive and be healthy. This Plan will seek to assist Carlisle to bounce back from this public health emergency, with greater confidence and commitment to meet future challenges.

The Vision

To enable Carlisle to grow and prosper as the regional capital, benefiting the health and wellbeing of the people of Carlisle.

We will work in partnership so that all can enjoy the benefits of new opportunities and choices, whilst rising to the challenges of a changing climate.

The Council plays a key role in enabling growth and prosperity, building on Carlisle's reputation as a regional capital. Our focus is on raising prosperity levels across the district as the primary purpose of the Plan; prosperity being the most important determinant of health and wellbeing. Improving health and wellbeing and tackling Climate Change will run through all our plans and services.

There are challenges ahead that will impact especially on our rural areas due to their ageing population, accessibility and often higher living and infrastructure costs. Knowing these issues and adapting policies and practices to meet the needs of rural areas will be vital to fulfilling the Vision.

Many of our activities and assets have a significant impact on the wider social, economic, and environmental determinants of health and wellbeing. Our employees work to address health inequalities daily and have a positive impact on the lives of some of the most vulnerable residents in Carlisle. We will continue to support the work of the Carlisle Healthy City partnership and the aspirations outlined in the Phase VII World Health Organisation Healthy City Plan.

We will be the best possible partner to organisations, communities and individuals that share our commitment, clarity, and confidence in Carlisle. We will help shape the future of Carlisle, delivering the priorities in the Carlisle Plan whilst operating a highly effective organisation where employees are supported to be the best they can be. We will continue to adapt to meet the financial challenges of the future by carefully and confidently allocating our resources whilst seeking to develop new income streams that add value to the local economy.

Principles

The Seven Principles of Public Life

All officers and Carlisle City Councillors adhere to The Seven Principles of Public Life (also known as the Nolan Principles):

- Selflessness.
- Integrity.
- Objectivity.
- Accountability.
- Openness.
- Honesty.
- Leadership.

Clarity, confidence, and commitment

Three principles have been developed by our staff and Councillors to guide how we will deliver the vision for Carlisle:

- Clarity.
 - Confidence.
 - Commitment.
-
- We are a clear, committed, and confident Council.
 - By setting out our vision, we show that we understand the needs of Carlisle's residents, businesses, and visitors. Our plans to respond to these needs are clear and straightforward. We know what is expected of us and do our best to create clarity in how we work.
 - We are committed to achieving our vision for Carlisle. We will ensure that our day to day work and resources are consistent with the priorities.
 - We will continue to work effectively with partners to drive positive change for Carlisle and will celebrate our successes and achievements. As part of our ongoing work to develop all our communities we will engage young people and make sure the Carlisle Plan helps to deliver their aspirations for Carlisle.

Priorities

Economic growth

We will continue to prioritise the current response to and rapid recovery from the economic impacts of the Covid-19 Pandemic on the local economy.

We aim to deliver inclusive and sustainable economic growth, ensuring we provide opportunities for all our communities to prosper. We will boost the local economy, making Carlisle a more attractive place for investment, improving skills and drive key sector development. Committed to ensuring our growth agenda is as inclusive as possible, we will ensure that our activities benefit our rural communities.

We see improving connectivity is a key driver, both through the delivery of transport and digital connectivity, as well supporting the development of low carbon transport.

Carlisle's population will flourish through housing led growth and the delivery of St Cuthbert's Garden Village. This will add to the vibrancy and activity in Carlisle City Centre, creating a thriving community of students, residents, businesses, and workers using the centre for education, housing, work, and leisure activities, during the day and into the evening. We will also grow Carlisle's visitor economy, attracting additional footfall and spending to the city.

- Proactively position Carlisle for future investment: encourage private and public sector investment in Carlisle to improve productivity, help grow and boost the city; bringing in key employers and more high value jobs, while also ensuring we have investment in our infrastructure to help build Carlisle's future. Making it clear to government and the private sector alike that Carlisle is open for business.
- Grow our visitor economy: ensuring that Carlisle's strong potential as a tourist destination is realised, through providing an enhanced visitor experience with new attractions and increased vibrancy, whilst continuing work to promote the city through the Discover Carlisle brand.

Health and wellbeing

We will continue to prioritise the current response to and rapid recovery from the health and wellbeing impacts of Covid-19 Pandemic.

We will work with our partners in the public, health, private and voluntary sectors to deliver a broad programme that will support the good, lifelong health and wellbeing of our residents and visitors. This priority builds on the framework of the Cumbria Public Health Strategy and WHO Healthy City Programme with projects and programmes that will focus on the determinants of health; a sense of place and safety; the quality of the local environment and tackling Climate Change together.

Housing and a sense of home is fundamental to health and wellbeing. We will continue to tackle homelessness and rough sleeping with a strategic focus on early intervention and prevention rather than crisis management. We will also seek to improve the homes of residents in most need, ensuring that everyone has access to safe, warm, affordable housing.

As a Sustainable Food City, we will promote a vibrant and diverse food economy, with local communities having access to a range of healthy and affordable food options. We will continue to increase recycling and reduce waste and increase recycling and energy recovery, helping to reduce the Carbon footprint of our current lifestyles.

All communities will have good access to a wide range of recreational, leisure and exercise opportunities, that are both diverse and affordable. We will encourage opportunities to participate in and engage with the arts

and culture, the strategic focus will be on establishing Carlisle as a central hub for culture within the wider region. Accessible green spaces have a vital role in human health and wellbeing as well as providing opportunities to increase net biodiversity gains through improved wildlife habitats.
