

**Written response to question / issue
raised at People Panel (9 June 2022)**

Meeting Date: 9 June 2022

Public / Private*: Public

Minute Reference: PEP.14/22

Written response to: People Panel

Written response from: Head of Planning Policy

Resolution / Question:

2) That the Policy and Communications Manager circulate to the Panel further information regarding the progress of the Carlisle Southern Relief Road project.

Response:

*The County Council have now received confirmation that funding will continue in order to progress the CSLR until September. St Cuthbert's Garden Village Project has also received Capacity Funding to support the programme of work. There is capacity within the existing road network to deliver some 1,000 homes ahead of the CSLR, that would enable the early delivery of St Cuthbert's. The risks relating to the CSLR and St CGV are being managed by **Strategic Partnership Board** as live issues.*

Date: 13/7/22
